**Dungeon Crawler Carl** Matt Dinniman,2020-09-21 The apocalypse will be televised! A man. His ex-girlfriend's cat. A sadistic game show unlike anything in the universe: a dungeon crawl where survival depends on killing your prey in the most entertaining way possible. In a flash, every human-erected construction on Earth--from Buckingham Palace to the tiniest of sheds--collapses in a heap, sinking into the ground. The buildings and all the people inside have all been atomized and transformed into the dungeon: an 18-level labyrinth filled with traps, monsters, and loot. A dungeon so enormous, it circles the entire globe. Only a few dare venture inside. But once you're in, you can't get out. And what's worse, each level has a time limit. You have but days to find a staircase to the next level down, or it's game over. In this game, it's not about your strength or your dexterity. It's about your followers, your views. Your clout. It's about building an audience and killing those goblins with style. You can't just survive here. You gotta survive big. You gotta fight with vigor, with excitement. You gotta make them stand up and cheer. And if you do have that it factor, you may just find yourself with a following. That's the only way to truly survive in this game--with the help of the loot boxes dropped upon you by the generous benefactors watching from across the galaxy. They call it Dungeon Crawler World. But for Carl, it's anything but a game.

**Feminist Moments** Susan Bruce,Katherine Smits,2015-12-17 This book is available as open access through the Bloomsbury Open Access programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com). The challenges presented by feminism to traditional understandings of representation, normative values, power relations and the political are not simply the product of late-20th century thinking. Feminist Moments, in examining some of the pivotal texts in the history of feminist thought, demonstrates that these challenges emerge from a long and varied history of feminist writing. The volume brings together texts from literary and analytical works written by women and men, and from inside and outside the Western tradition, including Mary Wortley Montagu, Anna Wheeler and William Thompson, Nazira Zeineddine, Betty Friedan, Andrea Dworkin and Luisa Valenzuela. The volume is unique in offering close readings of key passages from the selected texts, making it ideal for classroom use; its original essays, all authored by specialists, will also be of interest to more advanced scholars. In juxtaposing and analysing a wide range of texts which despite their significance are rarely discussed together, Feminist Moments provides a fascinating historical narrative of feminist thought which will be highly valuable to students and scholars of the history of political thought, political philosophy and gender and literary studies.

**Fragments of an Analytic Pub Crawl** Hugh M Vaughan,2021-08-24 Fragments of an Analytic Pub Crawl traces the journey of my life, its memories, the events and the places where I have been and what I have read. The book title is not to be confused with the traditional drinking pub crawl, it is a way of describing the psychogeographical nature of this book. Patrick French, the writer, described psychogeography as “an analytic pub crawl”, a lived experience – one drifts from one place to the next; observing, noting, reacting. We may drift through a city, or a life and absorb. This is the “dérive”. Charles Baudelaire named this person, the flâneur. Just as the past left traces in today's built environment, so have we, and so have I. This book traces those memories, it's part memoir, part history, and part essay, The subjects reflect a variety of interests: growing up in Northern Ireland, the Troubles, my life in IT education, Irish humour, life-skills, reading, writing, music, emigration, family, urban liveability, the pandemic and much much more.

**The Ann Curry Murders** The Ann Curry Murders,2014-02 In Okinawa, Japan, two policemen are frustrated as the ritualistic murders of three Japanese prostitutes remain unsolved. With only one witness who thinks the killer may have been an American serviceman who has already returned home, the police are eventually forced to close the dormant files all while hoping they have not unleashed a psychopath on American society. Unfortunately they have no idea that a time bomb is already ticking. Years later, police detective Kelly Kraft is ready to get back to work after being sidelined because a boy died during one of his drug raids. While progressing through therapy with police psychiatrist Dr. Angela Moore, commissioned to help him root out his deep-seated anger, Kraft soon learns a brutal murder spree is underway. As Kraft, a super cop and remorseless killer in his own right, seeks to sort out the connection among the murders in Okinawa and the current series of murders, a surprise player is unveiled, forcing Kraft to rely on the reluctant Dr. Moore to help him unravel the case. In this psychological thriller, a serial killer motivated by a chance viewing of a beautiful television newswoman unleashes his fury on innocent victims. Now only time will tell if a police detective and his psychiatrist can stop him before more die.

**The Yellow Wallpaper** Charlotte Perkins Gilman,2009-08-01 Charlotte Perkins Gilman's 1892 short story, The Yellow Wallpaper is a valuable piece of American feminist literature that reveals attitudes toward the psychological health of women in the nineteenth century. Diagnosed with temporary nervous depression - a slight hysterical tendency by her physician husband, a woman is confined to an upstairs bedroom. Descending into psychosis at the complete lack of stimulation, she starts obsessing over the room's yellow wallpaper: It is the strangest yellow, that wall-paper! It makes me think of all the yellow things I ever saw - not beautiful ones like buttercups, but old foul, bad yellow things. But there is something else about that paper - the smell! ... The only thing I can think of that it is like is the color of the paper! A yellow smell.

**The Yellow Wallpaper (Illustrated)** Charlotte Perkins Gilman,2022-03-25 The Yellow Wallpaper (original title: The

Yellow Wall-paper. A Story) is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine. It is regarded as an important early work of American feminist literature for its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the husband forbids the unnamed woman from working or writing and encourages her to eat well and get plenty of air so that she can recuperate from what he calls a temporary nervous depression a slight hysterical tendency, a diagnosis common to women during that period.

**Wild Unrest** Helen Lefkowitz Horowitz, 2010-11-05 In Wild Unrest, Helen Lefkowitz Horowitz offers a vivid portrait of Charlotte Perkins Gilman in the 1880s, drawing new connections between the author's life and work and illuminating the predicament of women then and now. The Yellow Wall-Paper captured a woman's harrowing descent into madness and drew on the author's intimate knowledge of mental illness. Like the narrator of her story, Gilman was a victim of what was termed neurasthenia or hysteria--a bad case of the nerves. She had faced depressive episodes since adolescence, and with the arrival of marriage and motherhood, they deepened. In 1887 she suffered a severe breakdown and sought the rest cure of famed neurologist S. Weir Mitchell. Her marriage was a troubled one, and in the years that followed she separated from and ultimately divorced her husband. It was at this point, however, that Gilman embarked on what would become an influential career as an author, lecturer, and advocate for women's rights. Horowitz draws on a treasure trove of primary sources to illuminate the making of The Yellow Wall-Paper: Gilman's journals and letters, which closely track her daily life and the reading that most influenced her; the voluminous diaries of her husband, Walter Stetson, which contain verbatim transcriptions of conversations with and letters from Charlotte; and the published work of S. Weir Mitchell, whose rest cure dominated the treatment of female hysteria in late 19th century America. Horowitz argues that these sources ultimately reveal that Gilman's great story emerged more from emotions rooted in the confinement and tensions of her unhappy marriage than from distress following Mitchell's rest cure. Wild Unrest adds immeasurably to our understanding of Charlotte Perkins Gilman, uncovering both the literary and personal sources behind The Yellow Wall-Paper.

**Creating Your Own Space** María Davis, 2021-03-15 The relationship between women and houses has always been complex. Many influential writers have used the space of the house to portray women's conflicts with the society of their time. On the one hand, houses can represent a place of physical, psychological and moral restrictions, and on the other, they often serve as a metaphor for economic freedom and social acceptance. This usage is particularly pronounced in works written in the nineteenth and twentieth century, when restrictions on women's roles were changing: anxieties about space sometimes seem to dominate the literature of both nineteenth-century women and their twentieth-century descendants. The Metaphor of the House in Feminist Literature uses a feminist literary criticism approach in order to examine the use of the house as metaphor in nineteenth and twentieth century literature.

**Mathematics in Early Childhood** Oliver Thiel, Elena Severina, Bob Perry, 2020-11-05 Structured around Bishop's six fundamental mathematical activities, this book brings together examples of mathematics education from a range of countries to help readers broaden their view on maths and its interrelationship to other aspects of life. Considering different educational traditions and diverse contexts, and illustrating theory through the use of real-life vignettes throughout, this book encourages readers to review, reflect on, and critique their own practice when conducting activities on explaining, counting, measuring, locating, designing, and playing. Aimed at early childhood educators and practitioners looking to improve the mathematics learning experience for all their students, this practical and accessible guide provides the knowledge and tools to help every child.

**Crawl** John McCormick, 2021-11-21 Set in Belfast at the end of the 1980s, Crawl follows the lives and loves of a group of friends during the course of a traditional Christmas Eve pub-crawl. As the day progresses, events unfold that force the friends to examine their beliefs and to ask the question; Can love conquer god?

**Realism and Naturalism** Richard Daniel Lehan, 2005 In this intellectual and literary history of American, British, and Continental novels of realism and naturalism from 1850 to 1950, Richard Lehan argues that literary naturalism is a narrative mode that creates its own reality. Employing this strategy allows and encourages intertextuality - one novel talking or responding to another.

**My House Is Killing Me!** Jeffrey C. May, Connie L. May, 2020-12-01 This book is a must for all home occupants as well as perfect for those contemplating moving to or purchasing a property.
