Twisted Road Home Donald L. Ball,2009-12 Seasoned detective, Jason Carmichael, is assigned the task of determining the controversial death of a fellow deputy in the mountains east of Sonora, California. Assertions of suicide, a possible accident, or a drug-related hit plague Jason since there is no conclusive evidence to prove either. Sheriff Owen Wheeler assigns a gutsy, self-confident woman as an aide to Jason. Attractive and married, the woman demands the deceased deputy be, at least, afforded the dignity of an official burial. An act she feels will finally bring him home. Having this woman at his side was not Jason's choice, but soon finds out what his life would be without her. A tiny circle is Jason's only compelling evidence to solving the case until their paths cross with that of a rogue cop who makes an unsolicited remark while being questioned as part of another wider investigation. Will Jason condemn this rogue or thank him?

I Am Not a Buddhist Charity Seraphina Fields,2012 Albert Einstein once said that Buddhism has all the markings of a cosmic religion. This engaging little book paints Buddhism as the way of the world to come but yet explains patiently why it is all right to fail at trying to become a Buddhist. With lucid style and characteristic wit, Ms Fields deftly interweaves the past, the present and the future, science and spirituality, the East and the West, earth and space, and prose and poetry to produce a rich

tapestry studded not only with gems of stupefying similes and mesmerising metaphors, but also drenched with the distilled wisdom of the ages infused with original inspirational insight. Buddhism is a religion for wealthy intellectuals, according to Fields. But read this beautifully crafted book to find out just who might be one.

Just Cool It! David Suzuki,Ian Hanington,2017-04-22 Climate change is the most important crisis humanity has faced, but we still confront huge barriers to resolving it. So, what do we do, and is there hope for humanity? The problem itself is complex, and there's no single solution. But by understanding the barriers to resolving global warming and by employing a wide range of solutions—from shifting to clean energy to planting trees to reforming agricultural practices—we can get the world back on track. Just Cool It is David Suzuki at his most passionate. In this book, he offers a comprehensive look at the current state of climate science and knowledge and the many ways to resolve the climate crisis, imploring us to do what's necessary to live in a better, cleaner future. When enough people demand action, change starts happening—and this time, it could be monumental.

The Bride Wendy Clarke, 2020-05-20 The moment Joanna told me she was engaged, I had this awful feeling that something was wrong. We used to speak on the phone every day. Growing up I spent more time at her house than I did at my own. I'd always imagined what it would be like to see her get married, and now I didn't even know her fiancé's name. She asked me to come and meet Mark and I intended to tell her to slow down. You can't know someone for a month and be sure that you want to spend the rest of your lives together. When I got to Joanna's front door, only Mark was there. He was charming and gorgeous and nothing but nice to me, and I started to understand. And then he told me that Joanna was missing. The Bride is a twisty, unputdownable psychological thriller that will have you reading until late at night. Perfect for fans of The Girl on the Train, Gone Girl and anything by Lisa Jewell. What readers are saying about The Bride: 'Wow oh wow!! I didn't expect to finish this book in just one sitting. I completely and utterly flew through it. This is definitely one of those books which you can't put down because you just have to know what was going to happen next.' Little Miss Book Lover 87, 5 stars 'I was not expecting it to pull me in the way it did. It absorbed me that much, I devoured it in two hours!... You are hit with twists after twist!' Goodreads reviewer, 5 stars 'OMG what did I just read! I never even thought it to be like this. This book keeps me pulled in. The first chapter is curious enough to keep you reading. The twist always go higher and higher until it blasts! Definitely unexpected... The twist is definitely commendable, and noteworthy! I never even thought! Though there are things which I made a correct guess but I still didn't expect the happenings. It's a shock! A bomb!' Goodreads reviewer, 5 stars 'WOW! I hope I can give this 10 out of 5! This book was amazing. I did not want to put

this down, high praise to Wendy Clarke for *The Bride*. This book has so many twists and turns it is great. Fantastic read. Recommended.' Goodreads reviewer, 5 stars 'One of the best psychological thrillers I have read in a long time, I read this book from cover to cover in less than 24 hours, unable to put it down, sucked in right from the outset with the prologue which caught my attention and encouraged me to read on... It's been a long time since I have read a book that captivated me quite so much.' Real Mum Review 'The suspense literally had me missing a heartbeat because I just couldn't work out where this story was leading me. It made me doubt myself and had me hooked, line and sinker till the very end. The ending really made this book and my eyes were on stalks reading the last couple of pages. Wow.' Goodreads reviewer, 5 stars 'Unbelievable! Loved this book. This one blew all the others like it away! Had me flying through the pages to find out what happened.' Goodreads reviewer, 5 stars 'This thriller had it all... Everything I thought I knew, I didn't, and what I read I couldn't believe. Forced to put the book down, I was truly excited to pick back up the next night and read her whirlwind finish.' Goodreads reviewer, 5 stars 'What can I say but wow. Such a brilliant book full of suspense twists and turns on every page. Kept you doubting yourself. So good I read it in one day.' Goodreads reviewer, 5 stars 'My goodness... I was gripped from the first page... My eyes are still wide with surprise and shock and I think I just love it!... Definite five stars from me!' Goodreads reviewer, 5 stars 'Ah, what an amazing thriller! I couldn't put this one down! I was up reading waaaay too late on work nights to find out what happened... Tons of twists and turns (just how I like it), and the ending? AHH!' Goodreads reviewer, 5 stars

Never Heard: A compelling cold case thriller TL

Dyer, 2020-01-27 How do you get the truth heard... When those who'd rather keep it silent fear nothing? There was one twist in particular that took me completely by surprise. Detective Lawrence Hoskins hasn't been back to work yet; not since the

incident that almost cost him his career, his pride, his dignity and his life. He tells everyone he's doing fine. Sometimes he believes it. But when a former work acquaintance opens up about her missing twin he welcomes the chance to busy his mind with something else. In more ways than one. Attractive medical examiner's assistant Catherine Marshall describes her brother Simon as a good man with a kind heart who simply vanished without trace in the summer of 2014. But it's not long before Hoskins learns not everyone remembers the nightclub DJ in the same way. The more questions he asks, the more the picture distorts. With no other means of getting to the truth, Hoskins retraces Simon's steps to the exclusive nightclubs of the east coast where - five years on - danger still lurks beneath the bright lights and under-the-table exchanges. And when he's singled out as an unwelcome tourist the walls close in around him fast. His every instinct screams at him to run. But finding Simon is about more than impressing Catherine, it's a test of nerve... One he's not at all sure he can pass any more. *Never Heard* is a compelling cold case and missing person thriller, and the second book in the Hoskins & Fletcher crime series. Real page-turner. Couldn't put it down.

Hoskins & Fletcher Crime Series, Books 1-3 TL

Dyer, 2020-08-02 The twists and turns kept me reading for hours. The first three books in the addictive Hoskins & Fletcher crime series are now available as a 3-Book Collection, starting with the gripping serial killer thriller, *Never Seen: A man isn't born a killer. Something happens to make him become one...* The victims are young men. Their killer drugs them and slashes their wrists. Then he cleans their bodies, combs their hair, and wraps them in protective sheeting before leaving them where they'll be easily found. Is it a compulsion? A game? Or a brutally delivered message? These are the questions Homicide Detective Lawrence Hoskins must answer as he takes on the lead role in his first serial murder investigation. But as the bodies keep coming, he feels like

he's the one holding the blade, the one standing between life and death. Under mounting pressure he turns to former colleague Cass Fletcher for help. She knows how a serial killer thinks and why they can't stop. If she can tell him why, perhaps it will lead him to who. Except Hoskins has already made one mistake he's not aware of. Involving Fletcher is another. And as the killer continues to elude him the case takes its toll in ways he never expects. More so when the signs start pointing in a new direction... "Five beautiful boys lined up in a row, No longer unnoticed but seen by all The officers who killed them soon everyone will know Because the tougher they act, the harder they fall." If you are looking for a series to keep you totally absorbed and wanting more, this is it. Loved the seriousness, the humor, the sadness.

Cyber Sprite J. S. Frankel, 2019-05-17 Jake Cullen, a disabled teen novelist, is contacted from the great cyber beyond by a person who calls herself Miranda. It turns out that Miranda isn't a hacker, but an AI program, a free-roaming, independent program that can go anywhere and do anything it likes within the confines of cyberspace. Jake finds her creator, Doctor Helena Schreiber, and receives the greatest gift—a way to link up to her creation, Miranda. Jake enters the internet and finds a cyber world that's much like our own, but more so. He and Miranda go exploring together, and also find out they're more into each other than they thought possible. While all is fun and games at first, trouble looms in the form of Marvin Throckmorton, Schreiber's former employer. He's aware that Doctor Schreiber has created a sentient program, and he wants it. To that end, he sends his enforcers to coerce the information out of Jake, and they attack him and threaten his life and the life of his mother. What he does not know is Doctor Schreiber's ultimate goal—to make her creation more human. Jake also has a goal—to survive. With Miranda's help, he finds a way to fight back and discovers just where he truly belongs.
