Urana'S Seven Daughters Michael Brown,2017-12-28 Up for an atomic saga? But first, if little atoms could only talk, just think of the stories they could tell us about our planet and universe. This is a voyage of discovery on a celestial and planetary scale. Seven lovely little atoms are born in the Oort Cloud. They are thrown into a beautiful blue-water planet and are split up. They soon find that this water planet is the best atomic amusement park ever. They will meet and be hosted by many simple and complex life forms. They will suffer through earthquakes, asteroid strikes, thunderstorms, hurricanes, and volcanic eruptions. They will see the best and worst of an emerging mankind. None of them will suffer, and all will have the fun of many lifetimes.

Spook Street Mick Herron,2017-02-21 What happens when an old spook loses his mind? Does the Service have a retirement home for those who know too many secrets but don't remember they're secret? Or does someone take care of the senile spy for good? These are the paranoid concerns of David Cartwright, a Cold War-era operative and one-time head of MI5 who is sliding into dementia, and questions his grandson, River, must figure out answers to now that the spy who raised him has started to forget to wear pants. But River, himself an agent at Slough House, MI5's outpost for disgraced spies, has other things to worry about. A bomb has detonated in the middle of a busy shopping center and killed forty innocent civilians. The "slow horses" of Slough House

must figure out who is behind this act of terror before the situation escalates.

The Dragon Prince (Ghostspeaker Chronicles Book 5) Patty Jansen, The tyrant Alexandre is gone from Saardam, but a new menace has come: the eastern traders in a ship of metal that is said to have been forged with dragon magic. They bring a chest of gold to buy an office in the city. The people don't want them in their town. The Church of the Triune, which forbids magic, has

increased its hold on the population, despite the Red Baron's efforts to stamp it out. Newly-crowned queen Johanna is staring into the empty coffers after the extravagant spending by her husband's father before his death. King Roald is off in the garden to catch frogs, and she faces condemnation by the church in the knowledge that Saarland will need both money and magic to defeat the Red Baron's army. Dark epic fantasy. For readers who enjoy writers such as Robin Hobb, Karen Miller, Trudi Canavan, Morgan Rice, Lindsay Buroker and Glenda Larke.

High-Risk Homosexual Edgar Gomez, 2022-01-11 *Winner of the Lambda Literary Award for Gay Memoir/Biography* An Honor Book for the 2023 Stonewall Book Award—Israel Fishman Non-Fiction Book Award This witty memoir traces a touching and often hilarious spiralic path to embracing a gay, Latinx identity against a culture of machismo—from a cockfighting ring in Nicaragua to cities across the U.S.—and the bath houses, night clubs, and drag queens who help redefine pride I've always found the definition of machismo to be ironic, considering that pride is a word almost unanimously associated with queer people, the enemy of machistas . . . In a world desperate to erase us, queer Latinx men must find ways to hold on to pride for survival, but excessive male pride is often what we are battling, both in ourselves and in others. A debut memoir about coming of age as a gay, Latinx man, High-Risk Homosexual opens in the ultimate anti-gay space: Edgar Gomez's uncle's cockfighting ring in Nicaragua, where he was sent at thirteen years old to become a man. Readers follow Gomez through the queer spaces where he learned to love being gay and Latinx, including Pulse nightclub in Orlando, a drag queen convention in Los Angeles, and the doctor's office where he was diagnosed a "high-risk homosexual." With vulnerability, humor, and quick-witted insights into racial, sexual, familial, and professional power dynamics, Gomez shares a hard-won path to taking pride in the parts of himself he was taught to keep hidden. His story is a scintillating, beautiful reminder of the importance of

leaving space for joy.

The Price You Pay Aidan Truhen, 2019-06-11 In this audacious, lightning-paced thriller, a smart-mouthed, white-collar drug dealer--a hilariously irreverent antihero--seeks revenge when an unknown enemy takes out a contract on him. Jack Price is having a bad day. What he absolutely did not need was for someone to execute his grouchy old neighbor as if she was a drug mule. Questions will be asked, and Jack is a small businessman in a competitive sector hobbled by red tape and, you know: laws. Just because the product Jack trades in is cocaine, people assume it's all guns and murders, but that is the old cocaine business and Jack is all about the new one: high-tech, high-end and on-demand. But when Jack begins making some inquiries with a view to calming the whole thing down, someone hires the Seven Demons to kill him. You bring those people in to kill generals and presidents and take down countries, not to mess with a guy who's just trying to get along. The thing is that the Seven Demons and their client have misunderstood the situation. Jack is not upset. In fact, he's grateful for the clarification. Jack is the kind of guy who adapts well to new business models. He has a unique approach to executive problem solving. In fact, Jack is batshit crazy. And when you mess with Jack, there is a Price to be paid.

Flywater Grant McClintock, 2010-09-21 The magic and majesty of America's greatest western fly-fishing rivers. Flywater brings us to the iconic creeks, springs, freestone rivers, and tailwaters that make the American West the world's premier destination for fly fishing. Grant McClintock's first book struck a chord with fishermen, and fifteen years later he takes the reader back to these fabulous places—from the storied Henry's Fork to the Yellowstone to the Thompson River in British Columbia. With extraordinary new photography and wisdom, McClintock revisits these home waters and discovers countless others as well. Flywater is a gallery of moments and places. From Idaho and Montana to Oregon, Washington, and British Columbia,

McClintock's rich photography of trout and steelhead waters surrounded by beautiful Western landscapes creates a compelling journey that the reader, whether fisherman or non-fisherman, will thoroughly enjoy. For the serious fly fisherman, this is an album of shared experiences. For the uninitiated, it is an artfully crafted guidebook to an exotic new world that really does exist on the streams and rivers of the American West.
