The Making of Feudal Agricultures? Miquel Barceló,François Sigaut,2004-02-01 The Register of Laws of the Arabian Gulf offers a single, comprehensive source of key information in the field. No similar work exists in the English language. Drawing on original Arabic sources - invariably very difficult to find either individually or in series - this major loose-leaf work provides a complete database of all laws and regulations originating in each country of the Arabian Gulf.

History of Technology Volume 10 Norman Smith,2016-09-30 The technical problems confronting different societies and periods, and the measures taken to solve them form the concern of this annual collection of essays. Volumes contain technical articles ranging widely in subject, time and region, as well as general papers on the history of technology. In addition to dealing with the history of technical discovery and change, History of Technology also explores the relations of technology to other aspects of life -- social, cultural and economic -- and shows how technological development has shaped, and been shaped by, the society in which it occurred.
