*The Launch Pad* Randall Stross,2013-09-24 A behind-the-scenes look at how tomorrow's hottest startups are being primed for greatness Investment firm Y Combinator is the most sought-after home for startups in Silicon Valley. Twice a year, it funds dozens of just-founded startups and provides three months of guidance from Paul Graham, YC's impresario, and his partners. Receiving an offer from YC creates the opportunity of a lifetime. Acclaimed journalist Randall Stross was granted unprecedented access to Y Combinator, enabling a unique inside tour of the world of software startups. Over the course of a summer, we watch as a group of founders scramble to make something people want. This is the definitive story of a seismic shift in the business world, in which coding skill trumps experience, undergraduates confidently take on Goliaths, and investors fall in love.

*30 Days to a More Powerful Memory* Gini Graham Scott,2007 With phones ringing off the hook, constantly changing to-do lists, and increasingly complicated schedules, having a good memory has become more important than ever. Drawing on the latest research from cognitive experts and psychologists, *30 Days to a More Powerful Memory* provides hands-on, practical strategies and exercises that anyone, young or old, can use to sharpen their memory -- fast! The book introduces readers to memory-boosting techniques such as mnemonic devices, visualization, chunking and clustering, and mental triggers, and also shows how to: \* effectively decrease anxiety levels and combat the negative emotions that can affect recall \* create powerful backup systems to help trigger associations \* exercise both body and mind, and improve overall health to improve memory \* get the kind of restful sleep that will increase one's ability to retain information. The book discusses common myths about memory, clarifying what's true and what isn't. Packed with tips and memory-boosting activities, this guide provides readers with the simple but powerful methods they need to increase their mental agility.

*Show Me Microsoft Office Outlook 2003* Steve  
Johnson,2003 Microsoft Office Outlook 2003 provides

powerful new tools with which to get connected, manage information, and communicate with others. It is the most-changed application in this revision of the Office products, including an entirely new interface as well as improvements in junk mail blocking and security. Outlook 2003 takes advantage of the latest technologies such as XML and Microsoft SharePoint to extend desktop communication and meeting workspace collaboration over an intranet or the Internet. With these significant changes to both the look and functionality of the program, readers will benefit from the visual format of the Show Me series. All the most important tasks are covered, making this book ideal for new users as well as those upgrading from a previous version. Other features of the book include a Troubleshooting Guide to help solve common problems, a Project Guide with a listing of real-world projects by feature, and a MOS Exam Guide with a complete listing of MOS objectives and page numbers to locate tasks related to those objectives within the text. No other visual series includes this valuable feature.
