Perfect for anyone who loves the natural world—or wonders about the origins of their holiday tree. As Zee outgrows all her clothes, her tree grows taller, too. When Zee gets a whole new look for kindergarten, her tree gets a spiffy transformation as well. And as the years go on, Zee takes loving care of her tree, watering it through heat waves and protecting it from winter winds. Combining interesting details about how trees are grown and cared for on a farm with the sweet story of a friendship between a girl and her special tree, *Zee Grows a Tree* offers a blend of fiction and nonfiction that will draw the interest of young nature lovers everywhere. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. Very little technical help is available to small agencies that are responsible for managing these roads. Gravel road maintenance has traditionally been more of an art than a science and very few formal standards exist. This manual contains guidelines to help answer the questions that arise concerning gravel road maintenance such as: What is enough surface crown? What is too much? What causes corrugation? The information is as nontechnical as possible without sacrificing clear guidelines and instructions on how to do the job right.
