**My Kundalini Website on E-reader** Premyogi vajra,2020-12-27 This book is a brainchild of the explorers while making the website "demystifyingkundalini.com" The website creator began to suspect that if the website went bad due to any reason unfortunately, then all the hard work would be spoiled, and all the text written would be gone. In addition, the website creator also desired that the website should be available on any e-reader, so that the readers are comfortable in reading, and the eyes are not affected. Both these objectives could be fulfilled only by creating an e-book of the website. Hence fixed web pages and some web posts which were not included in the another e-book were included in this e-book. In another e-book, all the web posts related to Kundalini were inserted, which contained all the remaining material. The name of that other book is Kundalini science- A Spiritual Psychology. The first two home pages of this website have been included in still another book, "kundalini demystified- what Premyogi vajra says". The description of Tantra and Kundalini is clear, simple, true, natural, practical and scientific as described by Premayogi Vajra. Such description is not visible anywhere else. Hope that dear reader will take full advantage of the book presented.
