The Elephants in My Backyard Rajiv Surendra,2016-11-08 Rajiv Surendra was filming Mean Girls, playing the beloved rapping mathlete Kevin Gnapoor, when a cameraman insisted he read Yann Martel's Life of Pi. So begins his lovely and human (Jenny Lawson, author of Furiously Happy) tale of obsessively pursuing a dream, overcoming failure, and finding meaning in life. "This was a once-in-a-lifetime chance. I found myself standing dangerously close to the edge of a cliff. Far below me was an incredible abyss with no end in sight. I could turn back and safely return to where I had come from, or I could throw caution to the wind, lift my arms up into the air . . . and jump." –From The Elephants in My Backyard What happens when you spend ten years obsessively pursuing a dream, and then, in the blink of an eye, you learn that you have failed, that the dream will not come true? In 2003, Rajiv Surendra was filming Mean Girls, playing the beloved rapping mathlete Kevin Gnapoor, when a cameraman insisted he read Yann Martel's Life of Pi. Mesmerized by all the similarities between Pi and himself—both are five-foot-five with coffee-colored complexions, both share a South Indian culture, both lived by a zoo—when Rajiv learns that Life of Pi will be made into a major motion picture he is convinced that playing the title role is his destiny. In a great leap of faith Rajiv embarks on a quest to embody the sixteen-year-old Tamil schoolboy. He quits university and buys a one-way ticket from Toronto to South India. He visits the sacred stone temples of Pondicherry, he travels to the frigid waters off the coast of rural Maine, and explores the cobbled streets of Munich. He befriends Yann Martel, a priest, a castaway, an eccentric old woman, and a pack of Tamil schoolboys. He learns how to swim, to spin wool, to keep bees, and to look a tiger in the eye. All the while he is really learning how to dream big, to fail, to survive, to love, and to become who he truly is. Rajiv Surendra captures the uncertainty, heartache, and joy of finding one's place in the world with sly humor and refreshing honesty. The Elephants in My Backyard is not a journey of goals and victories, but a story of process and determination. It is a spellbinding and profound book for anyone who has ever failed at something and had to find a new path through life.

The Book Block Rúben R Dias,Rui Oliveira,Fábio Duarte Martins,Ricardo Philippe Dantas,2019-12-01 The Book Block is a manual of industrial binding techniques, the first in the Making a Book collection, which focuses on manuals

In an international context, with customers, employees and producers sprinkled throughout the world, this book provides the perfect tool for an effective communication. Developed by experienced book designers and bookbinders – Itemzero and Maiadouro – this book is a summary of decades of know-how, now easily made available.

A Passage North Anuk Arudpragasam, 2021-07-13 SHORTLISTED FOR THE BOOKER PRIZE • A young man journeys into Sri Lanka's war-torn north in this searing novel of longing, loss, and the legacy of war from the author of *The Story of a Brief Marriage*. "A novel of tragic power and uncommon beauty."—Anthony Marra "One of the most individual minds of their generation."—Financial Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY TIME AND NPR *A Passage North* begins with a message from out of the blue: a telephone call informing Krishan that his grandmother's caretaker, Rani, has died under unexpected circumstances—found at the bottom of a well in her village in the north, her neck broken by the fall. The news arrives on the heels of an email from Anjum, an impassioned yet aloof activist Krishnan fell in love with years before while living in Delhi, stirring old memories and desires from a world he left behind. As Krishan makes the long journey by train from Colombo into the war-torn Northern Province for Rani's funeral, so begins an astonishing passage into the innermost reaches of a country. At once a powerful meditation on absence and longing, as well as an unsparing account of the legacy of Sri Lanka's thirty-year civil war, this procession to a pyre "at the end of the earth" lays bare the imprints of an island's past, the unattainable distances between who we are and what we seek. Written with precision and grace, Anuk Arudpragasam's masterful novel is an attempt to come to terms with life in the wake of devastation, and a poignant memorial for those lost and those still living.

Adventures in Bookbinding Jeannine Stein, 2011-06-01 Each project in this book combines bookbinding with a specific craft such as quilting, jewelry making, or polymer clay, and offer levels of expertise: basic, novice, and expert. Illustrated step-by-step instructions and photographs demonstrate how to construct the cover pages, and a unique binding technique, easy enough for a beginner to master. Each project also features two other versions with the same binding geared to those with more or less experience. The novice version is for those who have no knowledge of the craft and want shortcuts, but love the look. For the quilter's book, for example, vintage quilt pieces become the covers so all that's needing in the binding. Or if you're interested in wool felting use an old sweater. This offers great opportunities for upcycling. The expert version is for those who have a great

deal of knowledge and proficiency of a certain craft - the master art quilter, for example. For this version, an expert guest artist has created the cover and the author has created the binding. This offers yet another creative opportunity - the collaborative project. Since crafters often get involved with round-robins and other shared endeavors, this will show them yet another way to combine their skills. No other craft book offers the possibilities and challenges that Adventures in Bookbinding does. Readers will return to it again and again to find inspiration and ideas.
