Translation Practices, 2009-01-01 This cutting-edge collection, born of a belief in the value of approaching 'translation' in a wide range of ways, contains essays of interest to students and scholars of translation, literary and textual studies. It provides insights into the relations between translation and comparative literature, contrastive linguistics, cultural studies, painting and other media. Subjects and authors discussed include: the translator as 'go-between'; the textual editor as translator; Ghirri's photography and Celati's fiction; the European lending library; La Bible d'Amiens; the coining of Italian phraseological units; Michèle Roberts's Impossible Saints; the impact of modern translations for stage on perceptions of ancient Greek drama; and the translation of slang, intensifiers, characterisation, desire, the self, and America in 1990s Italian fiction. The collection closes with David Platzer's discussion of translating Dacia Maraini's poetry into English and with his new translations of 'Ho Sognato una Stazione' ('I Dreamed of a Station') and 'Le Tue Bugie' ('Your Lies').

The Buy Nothing, Get Everything Plan Liesl Clark, Rebecca Rockefeller, 2021-01-12 In the spirit of The Gentle Art of Swedish Death Cleaning and The Joy of Less, experience the benefits of buying less and sharing more with this accessible 7-step guide to decluttering, saving money, and creating community from the creators of the Buy Nothing Project. In their island community, friends Liesl Clark and Rebecca Rockefeller discovered that the beaches of Puget Sound were spoiled by a daily influx of plastic items and trash washing on shore. From pens and toothbrushes to toys and straws, they wondered, where did it all come from? Of course, it comes from us—our homes, our backyards, our cars, and our workplaces. And so, a rallying cry against excess stuff was born. In 2013, they launched the first Facebook Buy Nothing Project group in their small town off the coast of Seattle, and they never expected it to become a viral sensation. Today there are thousands of Buy Nothing groups all over the world, boasting more than a million members, and 5,000 highly active volunteers. Inspired by the ancient practice of gift economies, where neighbors share and pool resources, The Buy Nothing, Get Everything Plan introduces an environmentally conscious 7-step guide that teaches us how to buy less, give more, and live generously. At once an actionable plan and a thought-provoking exploration of our addiction to stuff, this powerful program will help you declutter your home without filling landfills, shop more thoughtfully and discerningly, and let go of the need to buy new things. Filled with helpful lists and practical suggestions including 50 items you never need to buy (Ziploc bags and paper towels) and 50 things to make instead (gift cards and salad dressing), The Buy Nothing, Get Everything Plan encourages you to rethink why you shop and embrace a space-saving, money-saving, and earth-saving mindset of buying less and sharing more.

Sustainable Minimalism Stephanie Marie Seferian, 2021-01-19 The Aspiring Minimalist's Guide to Living Consciously and Contributing to a "Greener" Tomorrow "This is the perfect book for people that want to find a realistic roadmap to sustainable living." ?The Holistic Millennial Eco-minimalism is a hot-button issue right now, and for good reason. Living a life with less can be the key to saving our precious planet. Break the consumption cycle. There's so much to do, and way too much to buy. Whether it's through late night TV ads, social media, or other sources of influence, we are addicted to buying and then storing things. Sometimes we consume with no regret and other times we realize that we're doing more harm than good to our wallets and our homes. It's a constant cycle?one that many are longing to break. Who wants their hard-earned money to go toward something that soon ends up in a landfill? A guide to eco-minimalism with a plan that is realistic. Manufacturing stuff exploits Earth's precious (and finite) resources. And then there's the harsh reality of where it all goes. Our discarded possessions ultimately head to landfills and contribute to environmental pollution, releasing greenhouse gases during breakdown and decomposition. Sustainable Minimalism is the solution. Empower yourself to incrementally incorporate the tenets of sustainable minimalism into your home and life. Learn to master the easiest tasks first and build upon your successes?a practical and stress-free process. Now that's sustainable! A blueprint for sustainability and stress management: How to gain greater mental clarity and increase your free time with fewer possessions Environmentally friendly ways of decluttering and organizing Ways to improve your financial stability, while going green at the same time How to get organized and operate a zero-waste home If you enjoyed books like Zero Waste Home, The Minimalist Home, or The Life-Changing Magic of Tidying Up, you'll love Sustainable Minimalism.

Declutter Like a Mother Allie Casazza, 2021-09-07 WALLSTREET JOURNAL BESTSELLER Live lighter. Live freer. Live a bigger life with less. In Declutter Like a Mother, Allie Casazza comes alongside you to explore: Why decluttering calms anxiety in your heart and lessens tension in your relationships. How to ensure your house is working for you, not against you. Why kids thrive when they're not overwhelmed with options. How to make time, when you feel you don't have time, to declutter. Allie Casazza was tired of feeling it was her against the laundry in her home. She wondered if somewhere beneath her frantic days and the mountains of toys in the playroom she would ever find joy and peace in motherhood. Then she discovered the abundance . . . of less. As she purged her home of excess stuff, Allie discovered a lifestyle that strengthened her marriage, saved her motherhood, and helped her develop her gifts in a way that no amount of new kitchen appliances or new organizing system ever could. Research studies show a direct link between stress levels and the amount of physical possessions people have in their homes, and Allie has seen that truth play out in her own life and in the lives of hundreds of thousands of other moms she has mentored through her business and online courses. She proclaims: You don't need a home that's perfect. You need a home that's lighter. Discover less stress, more space. Less chaos, more peace. Less of what doesn't matter, so you have room for what matters most of all.
