**Walking Palestine** Stefan Szepesi,2012 With the images of the Israeli- Palestinian conflict so dominant in our minds, walking for leisure is the one activity probably least associated with the West Bank region. But Stefan Szepesi's book wanders well off the beaten track of Palestine as only a synonym for occupation and strife, exploring its inspiring natural and cultural landscape, its intriguing past and present, and the hospitality of its people. The book takes first-time walkers and experienced hikers, as well as armchair explorers, through Palestine's steep desert gorges, along its tiny herders trails and over its quiet dirt roads running past silver green olive groves. With side stories and anecdotes on heritage, history, culture and daily life in the West Bank, the book ventures into the traits and character of Palestine today. Beyond the 250 km of walking trails described and mapped in detail throughout the book, Walking Palestine offers a wealth of practical walking tips, including references to local guides, the West Bank's best leisure spots and countryside restaurants, and the most charming places to spend the night.

**Birds of British Columbia, Volume 4** Wayne Campbell,Neil K. Dawe,Ian McTaggart-Cowan,John M. Cooper,Gary W. Kaiser,Michael C.E. McNall,2001-02-23 This much-awaited final volume of The Birds of British Columbia completes what some have called one of the most important regional ornithological works in North America. It is the culmination of more than 25 years of effort by the authors who, with the assistance of thousands of dedicated volunteers throughout the province, have created the basic reference work on the avifauna of British Columbia. Volume 4 covers the last half of the passerines and describes 102 species, including the warblers, sparrows, grosbeaks, blackbirds, and finches. The text builds upon the authoritative format of the previous volumes and is supported by hundreds of full-colour illustrations, including detailed distribution maps, unique habitat shots, and beautiful photographs of the birds, their nests, eggs, and young. In addition, a species update lists and describes 27 species of birds new to the province since the first three volumes were published. The book concludes with Synopsis: The Birds of British Columbia into the 21st Century, which synthesizes data and information from all four volumes and looks at the conservation challenges facing birds in the new millennium. The four volumes in The Birds of British Columbia provide unprecedented coverage of the region's birds, presenting a wealth of information on the ornithological history, regional environment, habitat, breeding habits, migratory movements, seasonality and distribution patterns of 472 species of birds. It is the complete reference work for birdwatchers, ornithologists and naturalists.

*The Commercial Grower* ,1947

*Yearbook of International Humanitarian Law, Volume 22 (2019)* Terry D. Gill, Robin Geiß, Heike Krieger, Christophe Paulussen, 2020-10-28 The main theme of this volume of the Yearbook of International Humanitarian Law is the 70th anniversary of the Geneva Conventions. The evolution of these crucial treaties and international humanitarian law more generally comes back in six chapters addressing topics such as sieges, compliance, indiscriminate attacks and non-state armed groups. The second part of the book contains a chapter on the acquittal on appeal of Jean-Pierre Bemba Gombo by the International Criminal Court on the basis of command responsibility for war crimes, as well as an extensive Year in Review describing the most important events and legal developments in the area of international humanitarian law that took place in 2019. The Yearbook of International Humanitarian Law is the world's only annual publication devoted to the study of the laws governing armed conflict. It provides a truly international forum for high-quality, peer-reviewed academic articles focusing on this crucial branch of international law. Distinguished by contemporary relevance, the Yearbook of International Humanitarian Law bridges the gap between theory and practice and serves as a useful reference tool for scholars, practitioners, military personnel, civil servants, diplomats, human rights workers and students.
