*Kids of Appetite* David Arnold, 2017-09-05 Funny, sweet, utterly heart-wrenching. —Entertainment Weekly The New York Times bestseller from the critically acclaimed author of *Mosquitoland* Victor Benucci and Madeline Falco have a story to tell. It begins with the death of Vic's father. It ends with the murder of Mad's uncle. The Hackensack Police Department would very much like to hear it. But in order to tell their story, Vic and Mad must focus on all the chapters in between. This is a story about: 1. A coded mission to scatter ashes across New Jersey. 2. The momentous nature of the Palisades in winter. 3. One dormant submarine. 4. Two songs about flowers. 5. Being cool in the traditional sense. 6. Sunsets & ice cream & orchards & graveyards. 7. Simultaneous extreme opposites. 8. A narrow escape from a war-torn country. 9. A story collector. 10. How to listen to someone who does not talk. 11. Falling in love with a painting. 12. Falling in love with a song. 13. Falling in love.

**Shadow of the Firefly** M S Khokhar, 2016-11-28 Shadow of the Firefly is an abstract depiction of M S Khokhar's challenges as a young brain haemorrhage survivor, and the ensuing journey that comes to define his life. Finding himself lost, alone and disoriented, he has to rapidly learn how to manage his newly acquired disability and reinterpret everything that he previously took for granted to make sense of what has happened. The journey takes him to foreign lands and seemingly primitive places where he encounters a host of fellow travellers. With the help and camaraderie of his new companions, a sense of confidence starts to develop, generating a new sense of purpose: to help and assist his new friends in their cause. A cause which instinctively becomes his own. The path gradually congeals before him, leading towards the ultimate goal and into the midst of a seemingly blissful state. But before he can react, his new utopia inexplicably begins to fall apart. One safe haven remains, an unexpected bastion of calm and balance that leads him into a familiar space and the light of the fireflies. But with the world disintegrating outside, confusion abounds once more. Except for one thing. Another presence. Something that was lost to him. Something that meant the world to him. And now it has returned to remind him of the significance of his fantastic journey, allowing him to emerge from its shadow and accept his new reality. For anyone who feels lost, that the world is against them and whatever they do, nothing quite seems to go according to plan, Shadow of the Firefly is an example of how, by adopting a different perspective and daring to venture beyond the self-imposed boundaries of the modern world, it can all be seen to have a deeper, more satisfying purpose.

**Hang the Moon** Alexandria Bellefleur,2021-05-25 In a delightful follow-up to Written in the Stars, Alexandria Bellefleur delivers another queer rom-com about a hopeless romantic who vows to show his childhood crush that romance isn’t dead by recreating iconic dates from his favorite films... Brendon Lowell loves love. It’s why he created a dating app to help people find their one true pairing and why he’s convinced “the one” is out there, even if he hasn’t met her yet. Or... has he? When his sister's best friend turns up in Seattle unexpectedly, Brendon jumps at the chance to hang out with her. He’s crushed on Annie since they were kids, and the stars have finally aligned, putting them in the same city at the same time. Annie booked a spur-of-the-moment trip to Seattle to spend time with friends before moving across the globe. She’s not looking for love, especially with her best friend’s brother. Annie remembers Brendon as a sweet, dorky kid. Except, the 6-foot-4 man who shows up at her door is a certified Hot Nerd and Annie... wants him? Oh yes. Getting involved would be a terrible idea—her stay is temporary and he wants forever—but when Brendon learns Annie has given up on dating, he’s determined to prove that romance is real. Taking cues from his favorite rom-coms, Brendon plans to woo her with elaborate dates straight out of Nora Ephron’s playbook. The clock is ticking on Annie’s time in Seattle, and Brendon’s starting to realize romance isn’t just flowers and chocolate. But maybe real love doesn’t need to be as perfect as the movies... as long as you think your partner hung the moon.

**They’re Not Listening** Ryan James Girdusky,Harlan Hill,2020-06-16 The election of Donald Trump in America and the referendum on European Union membership in the United Kingdom, otherwise known as Brexit, sent shockwaves throughout the world. Cosmopolitan elites across the globe never saw this populist uprising coming and still do not understand it. People across the globe have been increasingly voting for national-populist politicians over the last twenty years. The current nationalist-populist revolt started long before Donald Trump came down his golden escalator, and even before Prime Minister David Cameron agreed to hold a referendum vote on the EU. It wasn’t isolated to rundown towns in Northern England or the Midwest, and it wasn’t solely because of demographic changes, ignorance, intolerance, or a “whitelash.” It was occurring because the elites chose to ignore voters’ concerns when it came to globalism and neoliberalism. Issues like mass immigration, war, economic inequality, and national sovereignty were sacrosanct to neoliberals, and ultimately, their unwillingness to concede on these issues built discontent among millions of people.
