The Wheel of Life [microform] Ellen Glasgow,1906

In the Wheel of Life Wanda Pratkanica,2015-09-01 In Volume I of this book, I would like to present to you, dear reader, Life from a broader perspective and guide you step by step through all its stages. I discuss your soul, illuminate Who You Are in Essence, and explain what caused you to come to Earth. Consequently, you will come to understand the goal of your own and other people's lives. By learning about your energetic bodies, you will come to understand how significant they are not only in this life, but also after the death of the physical body. Then you will come to understand your role here on Earth and you will find it easier to take responsibility for your life. I explain specific chakras in detail and outline their functions in our daily lives. By learning about each individual chakra, you will realize that each one presents a given situation from a completely different angle. Fur-thermore, you will find out how the distant past influences your current life, which will help you look at your life from a new, fearless perspective and free yourself from the illusions that you have accepted as the truth until now. You will also stop postponing your growth for later because you will understand that avoiding taking responsibility for your life will disturb your energy. Consequently, this will manifest in your life as troubles, difficulties, and even tragedies with serious illnesses included. Thanks to the knowledge contained in here, you will recognize what functions in your life incorrectly and why you have certain expe-riences. As a result you will be able to exchange them for more satisfying ones. You already know every-thing I present here in the deepest levels of Your Being. Hence, my role is to only remind you of what you already know.

Life to the Max L. Maxine McQueen,2021-05-13 This book is documentation that you can live life and come out laughing through most of it. From clowns and chickens to the death of a child, this book will take you through the ups and downs of struggling with and accepting what time hands you as you survive this great world of ours. The book is a compilation of stories about events that life handed her, which she has published in newspapers. Her viewpoint is humor, and faith is the means allowing us to tolerate the worst and respond to the best. Max takes you through her experiences of twenty-five years of being in business with her husband. The ups and downs of being a mom-and-pop operation are not to be missed. While running the business, she entered the sandwich generation and helped her parents and in-laws go through the ordeal of aging. At the same time, her sons were growing up and leading her through their adventures of leaving the nest. She has gone into competitive shooting and is an assistant NRA teacher and a range safety officer. Her five grandchildren and two great-grandchildren add adequate column fodder when her husband, sons, and daughters-in-law fail to do so. Memories of being raised in the '50s and '60s add to Max's humorous accounts of being a farm girl in Central Illinois. Presently, she has fabulous friends to give her constant opportunity to keep writing about the laughter all around us. Never intending to hurt, but always ready to see the funny side of life, her tales will keep you laughing and have you looking for the humor in everyday living.
