Original. (Intermediate).

CAPTAIN BILLY'S WHIZ BANG W. H. FAWCETT,2021-01-01 CAPTAIN BILLY'S WHIZ BANG You may have heard of Captain Billy's Whiz Bang from the musical lyrics of "The Music Man", now find out why the kids of River City told jokes from this hilarious slice of Americana! Written by Captain Billy Fawcett, a veteran of the Spanish-American War and World War I, this complete facsimile edition of the November 1921 issue of Captain Billy's Whiz Bang featuring a collection of humorous prose, poetry, and essays on the carefree life was the racy magazine for libertines in its day. With jokes littered with the situations, slang, and bigotries of the day, this book serves as a fascinating time capsule of what great great grandpa's world was like. Entertaining and educational, Captain Billy's Whiz Bang is a lively piece of pop culture history, living up to both its masthead description as "America's Magazine of Wit, Humor, and Philosophy" and its cover motto, "Explosion of Pedigreed Bunk." CAPTAIN BILLY'S WHIZ BANG

Sys Admin ,1996

What Stays in Vegas Adam Tanner,2014-09-02 The greatest threat to privacy today is not the NSA, but good-old American companies. Internet giants, leading retailers, and other firms are voraciously gathering data with little oversight from anyone. In Las Vegas, no company knows the value of data better than Caesars Entertainment. Many thousands of enthusiastic clients pour through the ever-open doors of their casinos. The secret to the company's success lies in their one unrivaled asset: they know their clients intimately by tracking the activities of the overwhelming majority of gamblers. They know exactly what games they like to play, what foods they enjoy for breakfast, when they prefer to visit, who their favorite hostess might be, and exactly how to keep them coming back for more. Caesars' dogged data-gathering methods have been so successful that they have grown to become the world's largest casino operator, and have inspired companies of all kinds to ramp up their own data mining in the hopes of boosting their targeted marketing efforts. Some do this themselves. Some rely on data brokers. Others clearly enter a moral gray zone that should make American consumers deeply uncomfortable. We live in an age when our personal information is harvested and aggregated whether we like it or not. And it is growing ever more difficult for those businesses that choose not to engage in more intrusive data gathering to compete with those that do. Tanner's timely warning resounds: Yes, there are many benefits to the free flow of all this data, but there is a dark, unregulated, and destructive netherworld as well.

Coral and Brass Holland M. Smith,Percy Finch,2017-06-29 Coral and Brass is the biography of General Holland McTyeire Howlin' Mad Smith, known as the father of modern U.S. amphibious warfare. His book is a riveting first-hand account of key battles fought in the Pacific between the U.S. Army and Canadian troops against the Japanese, including assaults on the Gilbert Islands, the Marshall Islands, the island of Saipan, Tinian in the Marianas and Iwo Jimo.

Redecorating the Nation Caitlin Anne Patterson,1997

Public Procurement and Innovation Max Rolfstam,2013-07-01 Max Rolfstam examines the increasing emphasis on public procurement as a means to stimulate innovation and the theoretical implications of this policy development. While regular public procurement may be regarded as the outcome of anonymous market processes, public procurement of innovation must be understood as a special case of innovation, where social processes, and consequently the institutions governing these social processes, need to be considered. This book contributes to our understanding with a detailed institutional analysis of the public procurement of innovation. The author draws on an institutional framework that underscores the importance of conducting a multilevel institutional analysis. Unlike earlier studies that reduced public procurement challenges to a legal issue, this book offers insights of more holistic nature. Academics, students and researchers with an interest in innovation policy will find this book to be an informative and fascinating read. It will also provide an invaluable reference tool on how public procurement can be used as an innovation policy tool for policymakers at both national and EU levels.

eBay Business All-in-One For Dummies Marsha Collier,2009-02-18 Want to become an eBay entrepreneur? Mac Kung Fu Keir Thomas,2012 Squeeze every drop of juice from OS X with over 400 quick and easy tips, tricks, hints and hacks in Mac Kung Fu: Second Edition . Exploit secret settings and hidden apps, push built-in tools to the limit, radically personalize your Mac experience, and make it just works even better. In addition to core OS X technologies, this significantly revised and expanded update to the best-selling first edition dissects new OS X Mountain Lion tools such as iCloud, Notifications, Reminders, and Calendar. Mac Kung Fu: Second Edition will blow your mind with secret hacks never before made public and little-known tricks that will change the way you work forever. From big tasks through everyday jobs, this book will improve your productivity and refine your workflow. You'll customize and manage the OS X interface, boost the power of built-in apps, efficiently handle the filesystem, implement important security tricks, and much more. Working with files in iCloud? We have tips to help. Managing program windows on your desktop? Hacks will make life easier. Creating reminders or notes? Use our tricks to make the process more productive. Emailing, tweeting, browsing, printing, word processing, testing and exploiting hardware, working with photos, movies, and documents... There's no area Mac Kung Fu: Second Edition doesn't touch upon, making it a unique and utterly necessary addition for any Mac lover's bookshelf. Each tip is deliberately short and readable, often detailing things even Mac Geniuses don't know, and you can dip in and out whenever you want. Most tips take less than a minute to complete, yet the results last for a lifetime of better computing. What You Need: A Mac running OS X Mountain Lion and above.

Security and Software for Cybercafes Adomi, Esharenana E.,2008-04-30 Cybercafes, which are places where Internet access is provided for free, provide the opportunity for people without access to the Internet, or who are traveling, to access Web mail and instant messages, read newspapers, and explore other resources of the Internet. Due to the important role Internet cafes play in facilitating access to information, there is a need for their systems to have well-installed software in order to ensure smooth service delivery. Security and Software for Cybercafes provides relevant theoretical frameworks and current empirical research findings on the security measures and software necessary for cybercafes, offering information technology professionals, scholars, researchers, and educators detailed knowledge and understanding of this innovative and leading-edge issue, both in industrialized and developing countries.
