The Vertical Plane Ken Webster, 2022-02 The Vertical Plane: The Mystery of the Dodleston Messages: A unique supernatural detective story.

Paranormal Nonsense Steve Higgs, 2023-11-27 The paranormal? It's all nonsense but proving it might just get them all killed. When a master vampire starts killing people in his hometown, paranormal investigator, Tempest Michaels, takes it personally and soon a race against time turns into a battle for his life. He doesn't believe in the paranormal but has a steady stream of clients with cases too weird for the police to bother with. Mostly it's all nonsense, but when a third victim turns up with bite marks in her lifeless throat, can he really dismiss the possibility that this time the monster is real? Joined by an ex-army buddy, a disillusioned cop, his friends from the pub, his dogs, and his mother (why are there no grandchildren, Tempest), our paranormal investigator is going to stop the murders if it kills him but when his probing draws the creature's attention, his family and friends become the hunted. 'Steve Higgs can be counted on to keep you amused, with vivid imagination, characters you can sink your teeth into, plenty of action, and delicious snark.' If you are a fan of fast-paced paranormal thrillers, then this urban fantasy series is sure to please.

Giving Up the Ghost Eric Nuzum, 2012-08-07 At once hilarious and incredibly moving, Giving Up the Ghost is a memoir of lost love and second chances, and a ghost story like no other. Eric Nuzum is afraid of the supernatural, and for good

reason: As a high school oddball in Canton, Ohio, during the early 1980s, he became convinced that he was being haunted by the ghost of a little girl in a blue dress who lived in his parents' attic. It began as a weird premonition during his dreams, something that his quickly diminishing circle of friends chalked up as a way to get attention. It ended with Eric in a mental ward, having apparently destroyed his life before it truly began. The only thing that kept him from the brink: his friendship with a girl named Laura, a classmate who was equal parts devoted friend and enigmatic crush. With the kind of strange connection you can only forge when you're young, Laura walked Eric back to "normal"—only to become a ghost herself in a tragic twist of fate. Years later, a fully functioning member of society with a great job and family, Eric still can't stand to have any shut doors in his house for fear of what's on the other side. In order to finally confront his phobia, he enlists some friends on a journey to America's most haunted places. But deep down he knows it's only when he digs up the ghosts of his past, especially Laura, that he'll find the peace he's looking for.

The Haunting of Vancouver Island Shanon

Sinn, 2017-10-10 A compelling investigation into supernatural events and local lore on Vancouver Island. Vancouver Island is known worldwide for its arresting natural beauty, but those who live here know that it is also imbued with a palpable supernatural energy. Researcher Shanon Sinn found his curiosity piqued by stories of mysterious sightings on the island—ghosts, sasquatches, sea

serpents—but he was disappointed in the sensational and sometimes disrespectful way they were being retold or revised. Acting on his desire to transform these stories from unsubstantiated gossip to thoroughly researched accounts, Sinn uncovered fascinating details, identified historical inconsistencies, and now retells these encounters as accurately as possible.

Investigating 25 spellbinding tales that wind their way from the south end of the island to the north, Sinn explored hauntings in cities, in the forest, and on isolated logging roads. In addition to visiting castles, inns, and cemeteries, he followed the trail of spirits glimpsed on mountaintops, beaches, and water, and visited Heriot Bay Inn on Quadra Island and the Schooner Restaurant in Tofino to personally scrutinize reports of hauntings. Featuring First Nations stories from each of the three Indigenous groups who call Vancouver Island home—the Coast Salish, the Nuu-chah-nulth, and the Kwakwaka'wakw—the book includes an interview with Hereditary Chief James Swan of Ahousaht.

Beyond Here Lies Nothing Gary McMahon, 2012-08-28
Chilling Contemporary Horror set in the English suburbs. Ben arrives in the Concrete Grove to research a book about the Northumbrian Poltergeist, an infamous paranormal incident from the early 1970s. A set of twins were haunted by a spirit they nicknamed Captain Clickety, and the media of the time were split between derision and hysteria. As Ben teases out the suppressed details of the story, he finds himself drawn to an emotionally damaged woman whose young daughter

went missing years ago during a period of similar child abductions. Then the scarecrows appear, their heads plastered with photographs of the missing and the dead. House pets are found slaughtered, their bodies built into bloody totems. Hummingbirds flock to certain areas of the estate, as if awaiting the arrival of something... A door has been opened and a presence is about to step through. The Hummingbird Twins, beset by strange visions, might know the secret, but they aren't talking. It is up to Ben to put the ghosts to rest and unravel fact from fiction. He is about to discover that the story he seeks is in fact his own story, and only he can plot the ending.

Hell House Richard Matheson, 2004 Horror.

The Little Stranger Sarah Waters, 2009-05-05 From the multi-award-winning and bestselling author of *The Night Watch* and *Fingersmith* comes an astonishing novel about love, loss, and the sometimes unbearable weight of the past. In a dusty post-war summer in rural Warwickshire, a doctor is called to see a patient at lonely Hundreds Hall. Home to the Ayres family for over two centuries, the once grand house is now in decline, its masonry crumbling, its garden choked with weeds. All around, the world is changing, and the family is struggling to adjust to a society with new values and rules. Roddie Ayres, who returned from World War II physically and emotionally wounded, is desperate to keep the house and what remains of the estate together for the sake of his mother and his sister, Caroline. Mrs. Ayres is doing her best to hold on to the gracious habits of a gentler era and Caroline

seems cheerfully prepared to continue doing the work a team of servants once handled, even if it means having little chance for a life of her own beyond Hundreds. But as Dr. Faraday becomes increasingly entwined in the Ayreses' lives, signs of a more disturbing nature start to emerge, both within the family and in Hundreds Hall itself. And Faraday begins to wonder if they are all threatened by something more sinister than a dying way of life, something that could subsume them completely. Both a nuanced evocation of 1940s England and the most chill-inducing novel of psychological suspense in years, *The Little Stranger* confirms Sarah Waters as one of the finest and most exciting novelists writing today.

John Dies at the End David Wong, Jason Pargin, 2009-09-29 *Jon Dies at the End* is a genre-bending, humorous account of two college drop-outs inadvertently charged with saving their small town--and the world--from a host of supernatural and paranormal invasions. Now a Major Motion Picture. [Pargin] is like a mash-up of Douglass Adams and Stephen King... 'page-turner' is an understatement. —Don Coscarelli, director, *Phantasm I-V*, *Bubba Ho-tep* STOP. You should not have touched this flyer with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is

knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this: The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: None of this was my fault.

Let's Pretend This Never Happened Jenny Lawson, 2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

Blindsight Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Psychic Self-Defense Dion Fortune, 2021-12-12
Psychic Self-Defense Dion Fortune - Psychic Self-

Defense is one of the best guides to detection and defence against psychic attack from one of the leading occult writers of the 20th century. After finding herself the subject of a powerful psychic attack in the 1930's, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defence guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defence. Everything you need to know about the methods, motives, and physical aspects of a psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognise them.

Greywalker Kat Richardson, 2009-06-02 Harper Blaine was your average small-time P.I. until a two-bit perp's savage assault left her dead for two minutes. When she comes to in the hospital, she sees things that can only be described as weird-shapes emerging from a foggy grey mist, snarling teeth, creatures roaring. But Harper's not crazy. Her death has made her a Greywalker-able to move between the human world and the mysterious cross-over zone where things that go bump in the night exist. And her new gift is about to drag her into that strange new realm-whether she likes it or not.

The Bothell Hell House Keith Linder, 2018-02-08 Based on a True Story. In 2012, Keith Linder and his girlfriend took up residency in a Seattle suburban home. Within days of moving in, they became victim to some of the most hellish treatments attributed to malevolent activity.

Prepare yourself, because this tale is like no other. A well written Forward lets you know what's about to come. Hell is coming. Pure hell. Keith Linder has not only decided to share his horrible experience. But he's also decided to include video and audio evidence (in the order of which they occurred). Video reenactments of what scared him the most. Aftermath pictures of what attacked them combined with the audio and video evidence are what set this book apart from other haunted tales. Finally, the truth comes out about what happened in that house. What Keith and his girlfriend lived through and equally important what others before him lived through is spread throughout the book in a chilling way. Yes, this house was featured on Travel Channels Ghost Adventures episode titled Demons in Seattle. The episode where Zak Bagans and crew left empty-handed. Keith Linder explains why they left handed. The reader is not going to have that problem. The horror we witnessed will be explained in black and white. Some even in color. I wish I could say the same for what created it. Get ready. The Bothell Hell House: Poltergeist of Washington State is finally here ladies and gentlemen. The truth.

Red Fox Karen Wallace,1996-01 Presents facts in the form of hand-lettered notes about the behavior and biology of foxes.

White Terror Russell Meeuf,2022-04-05 What kinds of terror lurk beneath the surface of White respectability? Many of the top-grossing US horror films between 2008 and 2016 relied heavily on themes of White, patriarchal fear and fragility: outsiders disrupting the sanctity of the almost

always White family, evil forces or transgressive ideas transforming loved ones, and children dying when White women eschew traditional maternal roles. Horror film has a long history of radical, political commentary, and Russell Meeuf reveals how racial resentments represented specifically in horror films produced during the Obama era gave rise to the Trump presidency and the Make America Great Again movement. Featuring films such as *The Conjuring* and *Don't Breathe*, *White Terror* explores how motifs of home invasion, exorcism, possession, and hauntings mirror cultural debates around White masculinity, class, religion, socioeconomics, and more. In the vein of Jordan Peele, *White Terror* exposes how White mainstream fear affects the horror film industry, which in turn cashes in on that fear and draws voters to candidates like Trump.

The Poltergeist Prince of London James Clark, Shirley Hinchings, 2013-10-01 It began with a key. One afternoon in 1956, in the home of the Hinchings family in Battersea, south London, a small silver key appeared on Shirley Hinchings' bed. This seemingly insignificant event heralded the beginning of one of the most terrifying, incredible and mysterious hauntings in British history. The spirit, who quickly became known as 'Donald', began to communicate, initially via tapping sounds, but over time - and with the encouragement of psychical researcher Harold Chibbett, whose case-files appear here - by learning to write. Soon, the spirit had begun to make simply incredible claims about his identity, insisting that he was one of the most famous

figures in world history – but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all – Shirley herself.

Buried for Pleasure Edmund Crispin, 2023-05-16 A sleuthing Oxford professor hunts a village blackmailer, in a novel by an author who “combines a flawless plot, witty dialogue, and a touch of hilarity” (The New York Times). In the sleepy English village of Sanford Angelorum, Oxford professor and amateur detective Gervase Fen is taking a break from his books to run for Parliament. At first glance, the village he's come to canvass appears perfectly peaceful, but Fen soon discovers that appearances can be deceiving: someone in the village has discovered a dark secret and is using it for blackmail. Anyone who comes close to uncovering the blackmailer's identity is swiftly dispatched. As the joys of politics wear off, Fen sets his mind to the mystery—but finds himself caught up in a tangled tale of eccentric psychiatrists, escaped lunatics, beautiful women, and lost heirs . . . “His books are full of high spirits and excellent jokes, with constant literary allusions . . . But at times the mood turns darker, and Crispin is capable of passages of both genuine suspense and ingenious deduction.” –The Daily Telegraph “One of the most literate mystery writers of the twentieth century.” –Boston Globe
