*Wigs on the Green* Nancy Mitford,2010-08-10 Nancy Mitford's most controversial novel, unavailable for decades, is a hilarious satirical send-up of the fascist political enthusiasms of her sisters Unity and Diana, and of her notorious brother-in-law, Sir Oswald Mosley. Written in 1934, early in Hitler's rise, *Wigs on the Green* lightheartedly skewers the devoted followers of British fascism. The sheltered and unworldly Eugenia Malmain is one of the richest girls in England and an ardent supporter of General Jack and his Union Jackshirts. World-weary Noel Foster and his scheming friend Jasper Aspect are in search of wealthy heiresses to marry; Lady Marjorie, disguised as a commoner, is on the run from the Duke she has just jilted at the altar; and her friend Poppy is considering whether to divorce her rich husband. When these characters converge with the colorful locals at a grandly misconceived costume pageant that turns into a brawl between Pacifists and Jackshirts, madcap farce ensues. Long suppressed by the author out of sensitivity to family feelings, *Wigs on the Green* can now be enjoyed by fans of Mitford's superbly comic novels.

**Feminist Interrogations of Women's Head Hair** Sigal Barak-Brandes, Amit Kama, 2018-06-13 Feminist scholarship has looked extensively at the perception of the body as a flexible construction of cultural and social dictates, but head hair has been often overlooked. *Feminist Interrogations of Women's Head Hair* brings new focus to this underrepresented topic through its intersections with contemporary socio-cultural contexts. Scholars from a wide range of disciplines investigate private and public meanings associated with female head hair, problematising our assumptions about its role and implications in the 21st Century. Readers are invited to reflect on the use of hair in popular culture, such as children's television and pop album artwork, as well as in work by women artists. Studies examine the lived experiences of women from a range of backgrounds and histories, including curly-haired women in Israel, African American women, and lesbians in France. Other essays interrogate the connotations of women's head hair in relation to body image, religion, and aging. *Feminist Interrogations of Women's Head Hair* brings together cultural discourses and the lived experiences of women, across time and place, to reveal the complex and ever-evolving significance of hair. It is an important contribution to the critical feminist thought in cultural studies, fashion studies, media studies, African American studies, queer theory, gerontology, psychology, and sociology.
