Understanding the City Through Its Margins Taylor & Francis Group,2019-07-10 Cities the world over and in particular developing countries suffer from uneven development and inequality. This is often coupled with the view that these inequalities constitute unfortunate anomalies. In contrast, this edited volume draws out the ways in which the city has not been able to exist without its margins, both materially, ideationally, and socially. In this book the margins are, first, the mirrors of the city and, second, a fundamental route through which various centers can legitimate and sustain their power. Contemporary case studies are compared to a number of those from history with the accent on Asia, Africa and the Middle East, and engage with the underlying theoretical questions of what is the urban margin and what is marginality in urban society and spaces?

St. James Encyclopedia of Popular Culture Thomas Riggs,2013 The St. James Encyclopedia Of Popular Culture, 2nd ed., updates and augments the over ten-year-old first edition. It includes 3,036 signed essays (300 of them new), alphabetically arranged, and written or reviewed by subject experts and edited to form a consistent, readable, and straightforward reference. The entries cover topics and persons in major areas of popular culture: film; music; print culture; social life; sports; television and radio; and art and performance (which include theater, dance, stand-up comedy, and other live performance). The entries analyze each topic or person's significance in and relevance to American popular culture; in addition to basic factual information, readers will gain perspective on the cultural context in which the topic or person has importance.

Shakespeare the Dramatist, and Other Papers Una Ellis-Fermor,2005 On her death, Professor Ellis-Fermor left behind some uncollected essays and part of a book on Shakespeare the Dramatist. This volume includes the chapters of the unfinished work and three further articles on Shakespeare.

I Have a Dog Charlotte Lance,2014-05-01 I have a dog. An inconvenient dog. When I wake up, my dog is inconvenient. When I'm getting dressed, my dog is inconvenient. And when I'm making tunnels, my dog is SUPER inconvenient. But sometimes, an inconvenient dog can be big and warm and cuddly. Sometimes, an inconvenient dog can be the most comforting friend in the whole wide world.

Best of Enemies Rainier George Weiner,2015-05-07 Suppose fate placed you on an inflatable life-raft in the middle of the freezing Atlantic Ocean along with your most bitter enemy contrivable? Would the emotions of hatred, revenge and love of country trump the desire to survive, if killing that enemy ensured your own demise? Captain Mat Richardson, USN, and Emil Gluckler, a German submarine commander, experience that option during the 2nd World War. Mat, captain of a small destroyer, and Emil, commander of an attacking submarine, become stranded on a life-raft after each of the combatant crafts sink each other during a fierce naval engagement. They subsequently experience 38 harrowing days striving for survival. If nothing else, this required the ultimate in mutual cooperation. If the two survived, would the events have a lasting effect on their relationship? Or, if one had the opportunity to kill the other at a later date in a new war-time circumstance, would he do so, or not?

Stepbrother Broken Colleen Masters,2015-08-29 Only Lukas Hawthorne could simultaneously break my spirit, crush my dreams...and make me dripping wet.He's a legend on campus-a star athlete with records that'll never be broken. I always see him on campus walking around with some new hot piece of ass, and I dream about what it would be like to be the one on his arm...It's totally unfair to have such an effortlessly handsome grad student as my TA. Who knew economic theory could be so sexy? Problem is, I've been so distracted by him all semester that now I'm failing his course, and I need pass if I hope to graduate on time. He wants to meet with me after class, to discuss how I can make up my grade this summer...extra assignments, private lessons...whatever it takes. But when a disgusting realization is made-our student-teacher sex sessions are permanently interrupted.Our parents are engaged. They're madly in love and can't wait to make me, Lukas, and all of our siblings one big happy family. To make matters worse, we have to endure a family vacation at his father's lake house. Together. A million miles away from everything.Thing is, the more inappropriate my desire is for him, the more intensely it burns...and he isn't shy about meeting me halfway.According to him, we're going to defile every room and every surface of his father's house before we go back to school.Challenge accepted.

You Should Let Me Love You Chenell Parker,2017-03-28 Past heartbreaks and failed love has hardened Candace's fearful heart. David, her current love interest, wants all of her including her broken heart. David won't settle for anything less. Being with one woman is new for him, but he feels that Candace is worth it. Dwight has a few skeletons in his closet, but he's unsure of how he should come clean about them. Co-Co is unpredictable and there's no telling how he'll react to his news. Co-Co must decide if the risk of pushing away his only living parent is worth losing his one true love. To complicate matters, Dwight's cousin Yasmine not only moves in with him, but she also moves in on everyone's turf, especially the Roberts brothers. With drama, deceit and desperation all around, will Candace and David's love survive the many obstacles that are thrown their way or will one or both of them succumb to temptation? Find out as we catch up with the gang from the bestselling You're My Little Secret series.

Work Without Boundaries Michael Allvin,Gunnar Aronsson,Tom Hagström,Gunn Johansson,Ulf Lundberg,2011-03-21 Drawing on more than a decade of inter-disciplinary research, this book provides a comprehensive overview of the available theories, concepts, data and research on new work organizations and the concept of ‘work without boundaries’. Explores a concept of work that is not restricted by traditional organizational rules like regular office hours, a single workplace, fixed procedures and limited responsibility Provides a comprehensive overview of the available theories, concepts, data and research on new work organizations Examines the shift of power away from organizations to make individuals accountable for their own employability and work Draws on over a decade of original research into ‘work without boundaries’ in which the authors are key authorities Brings together organization theory and work psychology with scholarship from related fields including sociology, social psychology, cognition and psychobiology

Architecture of Systems Problem Solving George J. Klir,Doug Elias,2012-12-06 One criterion for classifying books is whether they are written for a single pur pose or for multiple purposes. This book belongs to the category of multipurpose books, but one of its roles is predominant-it is primarily a textbook. As such, it can be used for a variety of ofcourses at the first-year graduate or upper-division undergraduate level. A common characteristic of these courses is that they cover fundamental systems concepts, major categories of systems problems, and some selected methods for dealing with these problems at a rather general level. A unique feature of the book is that the concepts, problems,

and methods are introduced in the context of an architectural formulation of an expert system referred to as the general systems problem solver or aSPS-whose aim is to provide users of all kinds with computer-based systems knowledge and methodology. The ASPS architecture, which is developed throughout the book, facilitates a framework that is conducive to a coherent, comprehensive, and pragmatic coverage of systems fundamentals-concepts, problems, and methods. A course that covers systems fundamentals is now offered not only in systems science, information science, or systems engineering programs, but in many programs in other disciplines as well. Although the level of coverage for systems science or engineering students is surely different from that used for students in other disciplines, this book is designed to serve both of these needs.

Current Progress in Obstetrics and Gynecology John Studd, 2012-10-01 CPOG includes up to date articles on current developments written by international contributors of repute. CPOG is intended for Obstetricians and Gynecologists both in practice and training. It would be highly useful book for those taking their board exams and also for MRCOG candidates.

English as a Medium of Instruction in Postcolonial Contexts Lizzi O. Milligan, Leon Tikly, 2018-10-16 Almost all low- and middle-income postcolonial countries now use English or another dominant language as the medium of instruction for some, if not all, of the basic education cycle. Much of the literature about language-in-education in such countries has focused on the instrumentalist value of English, on one side, and the rights of learners to high quality mother tongue-based education, on the other. The polarised nature of the debate has tended to leave issues related to the processes of learning in English as a Medium Instruction (EMI) classrooms under-researched. This book aims to provide a greater understanding of the existing challenges for learners and educators and potential strategies that can support more effective teaching and learning in EMI classrooms. Contributions illustrate the impact that learning in English has on learners in a range of regional, national and local contexts and put forward theoretical and empirical analyses to support more relevant and inclusive educational policies. This volume was originally published as a special issue of Comparative Education.

The Dare Harley Laroux, 2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? The Dare is an 18+ erotic romance novella and a prequel to the Losers Duet. Reader discretion is strongly advised. This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.

Deadline! Gail Gibbons, 1987-04-17 'Beginning at 6:45 a.m., the book details the workings of a small afternoon daily newspaper. Thorough research is evident in both text and illustration, presenting just the right details to illuminate the subject for younger readers.' —H.
