The Unforgettable Photograph George Lange,2013-09-10 Renowned photographer George Lange's work is guided by one simple truth: An unforgettable photograph is not about what the subject looks like, but what it feels like. In this entirely new kind of photography guide, written by Mr. Lange and Scott Mowbray, magazine editor and longtime amateur photographer, the rest of us will learn how to take photographs that don't just document life but celebrate it. No fancy equipment required. Just hundreds of simple, inspiring ideas and lessons—each one illustrated with a photograph—organized around the six essential principles of seeing like a photographer. (Here's one: Shoot the Moment, Not the Subject.) Here's why to shoot in natural light—always. The fun of putting babies in surprising places. How to get intimate with food. Using a dramatic sky as your backdrop. The benefit of learning to know the light in every room of your house. Shooting hands or feet instead of faces. How to move past the “I was here” postcard effect. How to catch the in-between moments. Because in the end, it's about living the moment, shooting the moment—and being in the moment forever.

Gone are the days of flat black backgrounds dotted with blocky green text; now, users expect a massive range of colors, layouts, and fonts to be used to entertain and assist them in their daily lives. GUI Design assembles the best of recent graphic user interface for a collection that provides practical encouragement for those new to the world as well as inspiration for experienced designers. The book gathers Twitters Vine video creation app for Windows phones, the vulgar-yetamusing Authentic Weather app, an application designed to help tourists follow the physical and ideological path of the Iron Curtain, and more to showcase programs that balance information flow with user experiences and highlight the creativity, inspiration, and expressive techniques used in their design. The projects within demonstrate the increasingly significant role of user interfaces in both design and our everyday lives in the modern world.
