**FoxTales** Kerry Nietz,2003 Much has been written about the battles that go on between software companies over market share. FoxTales is the story about one such battle, told from the perspective of a foot soldier--my perspective. When I started working for Fox Software as a young college grad, it was a company of barely over thirty people. The next four years brought many surprises, though. In that time, Fox would release a line of award winning database products, be sued by a larger rival company, grow to over 250 employees, and eventually outlive the rival to merge with Microsoft, moving all of us thousands of miles west. And to think, I could've been a farmer.
