**ZDNet Software Library 10,000** Preston Gralla,1997 The ZDNet Software archive is one of the premier storage lots of quality shareware on the Internet today. Contained in the archive are over 10,000 pieces of software, and unlike competing directories, these items are reviewed by the editors of ZDNet. The two CD-ROMS have a custom interface designed by ZDNet, featuring live links to the Internet.

The Windows Serial Port Programming Handbook Ying Bai,2004-11-19 The popularity of serial communications demands that additional serial port interfaces be developed to meet the expanding requirements of users. The Windows Serial Port Programming Handbook illustrates the principles and methods of developing various serial port interfaces using multiple languages. This comprehensive, hands-on, and practical guide to serial interface programming enables you to develop sophisticated interfaces and apply them in real-world applications. Each chapter addresses a language and how it can be applied in the development of serial port interfaces. The seven languages discussed are: ANSI C Visual C++ Visual Basic LabVIEW MATLAB Smalltalk Java Step by step and line by line, the Handbook clearly explains the interfacing techniques used for each different language in the serial port communication. Examples from actual systems have been compiled and debugged, with detailed source code for each included on an accompanying CD-ROM.

*Windows CE 3.0* Nick Grattan,Marshall Brain,2001 In 2010, the Newseum in Washington D.C. finally obtained the suit O. J. Simpson wore in court the day he was acquitted, and it now stands as both an artifact in their STrial of the Century exhibit and a symbol of the American media s endless hunger for the criminal and the celebrity. This event serves as a launching point for Ishmael Reed s Juice!, a novelistic commentary on the post-Simpson American media frenzy from one of the most controversial figures in American literature today. Through Paul Blessings "a censored cartoonist suffering from diabetes "and his cohorts "serving as stand-ins for the various mediums of art "Ishmael Reed argues that since 1994, SO. J. has become a metaphor for things wrong with culture and politics. A lament for the death of print media, the growth of the corporation, and the process of growing old, Juice! serves as a comi-tragedy, chronicling the increased anxieties of Spost-race America.
