Sarah J. Maas

A Court of Wings and Ruin Sarah J. Maas, 2017-05-02 The epic third novel in the #1 New York Times bestselling Court of Thorns and Roses series by Sarah J. Maas. Feyre has returned to the Spring Court, determined to gather information on Tamlin's actions and learn what she can about the invading king threatening to bring her land to its knees. But to do so she must play a deadly game of deceit. One slip could bring doom not only for Feyre, but for everything-and everyone-she holds dear. As war bears down upon them all, Feyre endeavors to take her place amongst the High Fae of the land, balancing her struggle to master her powers-both magical and political-and her love for her court and family. Amidst these struggles, Feyre and Rhysand must decide whom to trust amongst the cunning and lethal High Lords, and hunt for allies in unexpected places. In this thrilling third book in the #1 New York Times bestselling series from Sarah J. Maas, the fate of Feyre's world is at stake as armies grapple for power over the one thing that could destroy it.

The Video Games Guide Matt Fox, 2012-12-01 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design—from the very earliest (1962's Spacewar) through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and

hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

Merchant of Alyss (Legends of the Realm Book #2)

Thomas Locke, 2015-12-29 Life for Hyam is bittersweet. Admired by the citizens of Falmouth for his heroic rescue mission, he cherishes these peaceful days with Joelle by his side. Yet grief over the loss of his magical skills during the great Battle of Emporis threatens to engulf him. Sometimes he even wishes he had never known magic at all. When Hyam comes into possession of an ancient Milantian scroll, he is thrilled to feel the surge of power that courses through him whenever he touches it. But what he discerns in the text could mean war. He embarks upon another journey to determine its true meaning and forestall any attack. But as Hyam is seeking answers, he is unaware that the merchant of Alyss is seeking him . . .

Sutherland, 2016-06-28 The first-ever special edition of the New York Times bestselling Wings of Fire series soars back in time to the origin of Pyrrhia's most dangerous dragon: Darkstalker. Three dragons. One unavoidable, unpredictable destiny. This is the beginning... of the end. In the SeaWing kingdom, a young prince learns he is an animus -- capable of wonderful magic that comes with a terrible price. In the mind of a NightWing dragonet, a thousand futures unfold -- and almost all of them, she knows, lead to disaster and destruction. And under three full moons and the watchful eyes of his NightWing mother and IceWing father, the most powerful dragon Pyrrhia will ever know is clawing his way out of his egg.
