A musician used it as her artist name, and as a pseudonym it is also used more and more often on the Internet. It is even used in recipes, as a type of beer, and as the name of a well-known tourist destination. The underlying customs and folk knowledge, including many folk tales from past centuries about the fog creatures from mainly the German-Dutch border area is presented here. In the book the dialect term *Witte Wieven* in this or similar spellings is often used for these supernatural mist women, who often have their dwellings in small hills or waters. By means of background information, collected customs and folk knowledge, more than 80 folk tales, some fictional but exciting stories and many decorative illustrations in color these fog creatures are presented here, but in a chapter of its own it also gives due attention to similar beings from other parts of the world.
