Buying and Selling Multimedia Services Gerry Souter,2017-09-29 This book is a comprehensive guide to buying and developing multimedia in the most cost-effective manner. Focusing on the human factors in producing multimedia, rather than just the software, Buying and Selling Multimedia Services is aimed at both buyers and sellers of multimedia services and draws on real-world anecdotes|war stories|from project diaries and first-hand experience, to provide examples of the key ideas delineated within the book. These are true stories culled from 25 years of working on both sides of the desk as a purchaser of creative services for a Fortune 500 company and as a producer and seller for one of the largest multimedia production shops in the country. This book helps the multimedia producer and buyer to recognize flaws in past performances and to anticipate situations in future projects in order to save money and eliminate boardroom confrontations. Accusations, altercations, and recriminations can be avoided and the bottom line enhanced with the production of an effective product targeted to a receptive audience. Souter examines the skills necessary to both the producer and the purchaser of multimedia, allowing each to see the others' problems and viewpoints. Viewing the multimedia project from both sides, as both buyer and seller, Souter highlights the issues which will allow for effective communication between parties, resulting in a better product and a more creative relationship among all involved. In the second part of the book, Souter provides a comprehensive guide to all the digital formats available, to help the buyer and the developer select the most appropriate for a given project.

Restoring the Shattered Nancy E. Head,2018-10-02 Written in an easy-to-understand, conversational style, *Restoring the Shattered* is an account of Nancy E. Head's journey through single-motherhood and poverty. The permanent divide between her and her husband led to a shattering of their family as the children settled into separate camps. The story begins when Nancy and her children have little to eat. Through a miraculous intervention, God provides—and leads them along their way. Other interventions and more guidance came from people of different denominations, illustrating Christ's love through the larger Church. When one of Nancy's grown children became Catholic, she became more aware of the ways her own evangelical tradition often dismisses Catholic believers and misinterprets many of their doctrines. While doctrines may differ, so many essential beliefs are the same. *Restoring the Shattered* looks at the causes of the Reformation and other schisms, and how the original schism in Christianity happened because of a mistranslation. Misunderstanding others' faith languages feeds so much separation today. Nancy encourages pursuing accord among evangelical, Catholic, and Christian Orthodox communities in order to lead the Church to the kind of ministry that helped Nancy's family so much and rebuild the ruins of society through obedience to Christ's call for Christian accord.

The Story of the Selma Voting Rights Marches in Photographs David Aretha,2014-01-01 The Civil Rights Act of 1964 was a momentous victory for civil rights activists, but one major obstacle remained in the path toward equal rights for African Americans: the right to vote. In the South, segregationists prevented African Americans from voting. Civil rights leaders believed it was time for strong action and chose Selma, Alabama, as the rallying point. There, the marches and protests captured the nation's attention. Through gripping primary source photographs, author David Aretha explores this important time in American history.

Blood Rite E J Stevens,2019-08-23 Ivy Granger takes on a simple grave robbing case, but in Harborsmouth nothing is ever simple when dealing with the dead. Grave robbing is Harborsmouth's second best-kept secret. The first is the existence of supernatural creatures that live alongside the city's humans. In fact, the dirtiest little secret of all might be the truth behind most of those empty graves. Most supernaturals eke out a pretty mundane existence. Nobody wants a return to the Burning Times. Well, nobody sane.The creature that was stealing the more odoriferous of Harborsmouth's citizens from their graves had to be crazy. Sir Gaius, ruler of the local vamps, owned the harvesting rights to every corpse buried within the city limits. No one touched the vampire master of the city's property without permission and lived to scream about it-until now. Warning: This book features necromancy, grave robbing, an abandoned amusement park, and zombie clowns. Blood Rite is the sixth novel in the award-winning Ivy Granger urban fantasy series by E.J. Stevens. The world of Ivy Granger, including the Ivy Granger, Psychic Detective series and the Hunters' Guild series, is filled with bloodsucking vampires, psychotic faeries, and snarky, kick-butt heroines.
