Walters, Kelley, 2023-09-28 Online learning has gained popularity as a preferred option for higher education institutions globally, particularly due to the COVID-19 pandemic. The book is relevant to both novice and experienced educators and practitioners who are involved in designing, developing, and delivering online courses in higher education. It provides a comprehensive understanding of the strategies and techniques required to design and deliver effective online courses, while examining the challenges and opportunities presented by online learning in higher education. Pick a Pumpkin Patricia Toht, 2019-07-09
The creators of *Pick a Pine Tree* are back with a joyful, energetic celebration of a Halloween tradition. Pick a pumpkin from the patch. Tall and lean or short and fat. Vivid orange, ghostly white, or speckled green, might be just right. Pairing a wonderfully rhythmic read-aloud text with expressive retro illustrations, author Patricia Toht and illustrator Jarvis capture all the excitement and familial feeling of a favorite holiday tradition. Readers will be happy to follow along with each step, from picking out the perfect specimen at the pumpkin patch (be sure to stop for cider and toffee apples) to carting it home, scooping out the insides, carving a scary face, and finally lighting a candle inside — savoring the familiar ritual of transforming an ordinary pumpkin into a one-of-a-kind glowing jack-o'-lantern.

A Plague of Flies Laurel Anne Hill, 2021-09
In 1846 Alta California, Catalina Delgado daydreams about her future: roping cattle, marrying Angelo Ortega and raising children. But now, invaders from the United States—the Bear Flaggers—have declared war against Mexico, her country. Bear Flaggers have imprisoned one close friend of her family and murdered others. What fate might befall her parents, grandfather and younger brothers? And what about her best friend, a Costanoan servant girl? How can Catalina, only sixteen, help protect all those she loves? An

old vaquero once predicted a mysterious Spirit Man would someday ride off with Catalina. This has clouded her reputation as a chaste young woman, one reason why Angelo's father doesn't want her for a future daughter-in-law. Now Catalina learns another reason. Her mamá is not her natural mother. Catalina is a mestiza, the daughter of her papi and a former servant woman. Catalina prays for guidance, then dares to leave her bedroom at night to seek a spiritual vision. She ends up riding into the sky with Spirit Man. They remove gold nuggets from a river to prevent Bear Flaggers or anyone else from discovering the treasure. Will this be Catalina's duty for the rest of her life? And is Spirit Man good or evil? For the sake of all she holds dear, Catalina risks what is left of her reputation, her future with Angelo, her life and her very soul. When hopes and dreams clash with cold reality, Catalina finds the fortitude to accomplish what only she can do. For the sake of all she holds dear, Catalina risks what is left of her reputation, her future with Angelo, her life and her very soul. When hopes and dreams clash with cold reality, Catalina finds the fortitude to accomplish what only she can do.

Ditch That Textbook Matt Miller, 2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

The Contradictions of "Real Socialism" Michael A. Lebowitz, 2012-08 What was "real socialism"—the term which originated in twentieth-century socialist societies for the purpose of distinguishing them from abstract, theoretical socialism? In this volume, Michael A. Lebowitz considers the nature, tendencies, and contradictions of those societies. Beginning with the constant presence of shortages within "real socialism," Lebowitz searches for the inner relations which generate these patterns. He finds these, in particular, in what he calls "vanguard relations of production," a relation which takes the apparent form of a social contract where workers obtain benefits not available

to their counterparts in capitalism but lack the power to decide within the workplace and society. While these societies were able to claim major achievements in areas from health care to education to popular culture, the separation of thinking and doing prevented workers from developing their capacities as fully developed human beings. The relationship within “real socialism” between the vanguard as conductor and a conducted working class, however, did not only lead to the deformation of workers and those elements necessary for the building of socialism; it also created the conditions in which enterprise managers emerged as an incipient capitalist class, which was an immediate source of the crises of “real socialism.” As he argued in *The Socialist Alternative: Real Human Development*, Lebowitz stresses the necessity to go beyond the hierarchy inherent in the relation of conductor and conducted (and beyond the “vanguard Marxism” which supports this) to create the conditions in which people can transform themselves through their conscious cooperation and practice—i.e., a society of free and associated producers.
