The Thing Around Your Neck Chimamanda Ngozi Adichie,2010-06-01 These twelve dazzling stories from Chimamanda Ngozi Adichie – the Orange Broadband Prize-winning author of *Half of a Yellow Sun* – are her most intimate works to date. In these stories Adichie turns her penetrating eye to the ties that bind men and women, parents and children, Nigeria and the United States. In “A Private Experience,” a medical student hides from a violent riot with a poor Muslim woman, and the young mother at the centre of “Imitation” finds her comfortable life in Philadelphia threatened when she learns that her husband has moved his mistress into their Lagos home. Searing and profound, suffused with beauty, sorrow and longing, this collection is a resounding confirmation of Adichie’s prodigious literary powers.

A Time to Keep Silence Patrick Leigh Fermor,2011-12-08 From the French Abbey of St Wandrille to the abandoned and awesome Rock Monasteries of Cappadocia in Turkey, the celebrated travel writer Patrick Leigh Fermor studies the rigorous contemplative lives of the monks and the timeless beauty of their monastic surroundings. In his occasional retreats, the peaceful solitude and the calm enchantment of the

monasteries was passed on as a kind of 'supernatural windfall' which A Time to Keep Silence so effortlessly records.

Bring Up the Bodies Hilary Mantel, 2012-05-08 Winner of the 2012 Man Booker Prize Winner of the 2012 Costa Book of the Year Award The sequel to Hilary Mantel's 2009 Man Booker Prize winner and New York Times bestseller, *Wolf Hall* delves into the heart of Tudor history with the downfall of Anne Boleyn Though he battled for seven years to marry her, Henry is disenchanted with Anne Boleyn.

She has failed to give him a son and her sharp intelligence and audacious will alienate his old friends and the noble families of England. When the discarded Katherine dies in exile from the court, Anne stands starkly exposed, the focus of gossip and malice. At a word from Henry, Thomas Cromwell is ready to bring her down. Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. To defeat the Boleyns, Cromwell must ally with his natural enemies, the papist aristocracy. What price will he pay for Anne's head? *Bring Up the Bodies* is one of *The New York Times*' 10 Best Books of 2012, one of *Publishers Weekly*'s Top 10 Best Books of 2012 and one of *The Washington Post*'s 10 Best Books of 2012

The Cure for Sleep Tanya Shadrack, 2022-01-20
'Moving and inspiring, courageous and true: real art. Just reading her is pleasure' Amy Liptrot, author of *The Outrun* Just days into motherhood, a woman begins dying. Fast and without warning. On return from near-death, Tanya Shadrack vows to stop sleepwalking through life. To take more risks, like the characters in the fairy tales she loved as a small girl, before loss and fear had her retreat into routine and daydreams. Around the care of young children, she starts to play with the shape and scale of her days: to stray from the path, get lost in the woods, make bargains with

strangers. As she moves beyond her respectable roles as worker, wife and mother in a small town, Tanya learns what it takes - and costs - to break the spell of longing for love, approval, safety, rescue.

RAF Wings over Florida Will Largent, 2020-08-01
From 1941 through 1945, British cadets in the Royal Air Force trained in the United States through the Lend-Lease Act, President Roosevelt's ingenious plan to help beleaguered Great Britain while maintaining the semblance of neutrality. This book tells the saga of two Florida training fields during this turbulent time. In their own words, British pilots tell of their Florida experiences. Many of them still in their late teens, away from home for the first time, pale and thin from years of rationing, these young men encountered immense challenges and overwhelming generosity during their training in Florida. Now retired, these former pilots still smell the scent of orange blossoms when they glance through the log books they kept while flying their Stearmans and Harvards over Florida citrus groves. They fondly remember the times when they buzzed over the homes of their Florida "families" to let them know to expect them for Sunday dinner. More than fifty years later, their stories still resonate with universal emotions: fear of failure, love of country, camaraderie, romantic love, and the pain of tragic deaths. Their stories also remind the American reader of a unique time in our history, when, poised on the brink of war, the United

States reached out to help a country in distress.

This Is Pleasure Mary Gaitskill,2019-11-05

Starting with *Bad Behavior* in the 1980s, Mary Gaitskill has been writing about gender relations with searing, even prophetic honesty. In *This Is Pleasure*, she considers our present moment through the lens of a particular #MeToo incident. The effervescent, well-dressed Quin, a successful book editor and fixture on the New York arts scene, has been accused of repeated unforgivable transgressions toward women in his orbit. But are they unforgivable? And who has the right to forgive him? To Quin's friend Margot, the wrongdoing is less clear. Alternating Quin's and Margot's voices and perspectives, Gaitskill creates a nuanced tragicomedy, one that reveals her characters as whole persons—hurtful and hurting, infuriating and touching, and always deeply recognizable. Gaitskill has said that fiction is the only way that she could approach this subject because it is too emotionally faceted to treat in the more rational essay form. Her compliment to her characters—and to her readers—is that they are unvarnished and real. Her belief in

our ability to understand them, even when we don't always admire them, is a gesture of humanity from one of our greatest contemporary writers.
