Criminal Copyright Eldar Haber,2018-07-31 Since the birth of criminal copyright in the nineteenth century, the copyright system has blurred the distinction between civil and criminal infringements. Today, in many jurisdictions, infringement of copyrighted materials can result in punitive fines and even incarceration. In this illuminating book, Eldar Haber analyzes the circumstances, justifications, and ramifications of the criminalization process and tells the story of how a legal right in the private enforcement realm has become over-criminalized. He traces the origins of criminal copyright legislation and follows the movement of copyright criminalization and enforcement on local and global scales. This important work should be read by anyone concerned with the future of copyright and intellectual property in the digital era.

Walter Besant Kevin A. Morrison,2019 In the 1880s and 1890s, Walter Besant was one of Britain's most lionized living novelists. Today he is comparatively unknown. Bringing together literary critics and book historians, as well as social and cultural historians, this volume provides a major reassessment of Besant.

Words, Books, Images, and the Long Eighteenth Century Antoinina Bevan Zlatar, Mark Ittensohn, Enit Karafili Steiner, Olga Timofeeva, 2021-12-15 The essays collected in this volume engage in a conversation among lexicography, the culture of the book, and the canonization and commemoration of English literary figures and their works in the long eighteenth century. The source of inspiration for each piece is Allen Reddick's scholarship on Samuel Johnson (1709-1784), the great English lexicographer whose Dictionary (1755) included thousands upon thousands of illustrative quotations from the "best" authors, and, more recently, on Thomas Hollis (1720-1774), the much less well-known bibliophile who sent gifts of books by a pantheon of Whig authors to individuals and libraries in Britain, Protestant bastions in continental Europe, and America. Between the covers of Words, Books, Images readers will encounter canonical English authors of prose and poetry—Bacon, Milton, Defoe, Dryden, Pope, Richardson, Swift, Byron, Mary Shelley, and Edward Lear. But they will also become acquainted with the agents of their canonization and commemoration—the printers and publishers of Grub Street, the biographer John Aubrey, the lexicographer and biographer Johnson, the bibliophile Hollis, and the portrait painter Reynolds. No less crucially, they will meet fellow readers of then and now—women and men who peruse, poach, snip, and savour a book's every word and image.
