The World's Oldest Literature William W. Hallo,2010 Literature begins at Sumer, we may say. Given that this ancient crossroads of tin and copper produced not only bronze and the entire Bronze Age, but also by necessity, the first system of record-keeping and the technique of writing. Scribal schools served to propagate the new technique and their curriculum grew to create, preserve and transmit all manner of creative poetry. In a lifetime of research, the author has studied multiple aspects of this most ancient literary oeuvre, including such questions as chronology and bilingualism, as well as contributing fundamental insights into specific genres such as proverbs, letter-prayers and lamentations. In addition, he has drawn conclusions for the comparative or contextual approach to biblical literature. His studies, widely scattered in diverse publications for nearly fifty years, are here assembled in convenient one-volume format, made more user-friendly by extensive cross-references and indices.

Gothic Revival Worldwide Timothy Brittain-Catlin, Jan De Maeyer, Martin Bressani , 2017-01-18 Pugin's global influence on church architecture and material reform The year 2012 marked the bicentenary of the gothic revival architect A.W.N. Pugin. His influence as a designer not only spread fast globally, but also played a leading part in the transformation of material culture from the mid-nineteenth century onwards. Pugin's work has been comprehensively reevaluated over the last decade. In this volume sixteen leading scholars from across the globe discuss Pugin's direct influence on church architecture and furnishing. Beautifully illustrated with a large selection of new photography, Gothic Revival Worldwide, the successor to the volume Gothic Revival published in 2000, reveals how Pugin's ideas played a profound role in the changing face of material reform in church architecture as an expression of the evolving identity of the churches across the world from North America to Mongolia and the South Pacific. Bremner (University of Edinburgh), Martin Bressani (McGill University, Montréal), Karen Burns (University of Melbourne), Timothy Brittain-Catlin (University of Kent), Peter Coffman (Carleton University, Ottawa), Thomas Coomans (KU Leuven), Jan De Maeyer (KU Leuven / KADOC), Candace Iron (York University, Toronto), Stephen Kite (Cardiff University, Wales), Alex Lawrey (independent scholar), Peter N. The Holiest of the Holies (THOTH), the Last Testament Maitreya (Joseph Emmanuel), 2013-06-20 For thousands of years humanity has longed for a truth, revelation, or knowledge that explains the unity of God behind all mystical experiences, previous revelations, and religions of the world, and the truth behind the universe (science). There have been mystical explanations of God from those claiming they have experienced the truth by direct contact with Spirit. There are also those who have founded great religions of the world. However, a great confusion still reigns among spiritualists, religions of the world, and the many different branches within each religion. If you study this Book carefully, with a sincere mind and an Open Heart, it will be revealed to you that the major religions on earth are not contradictory and separated at all. In fact they are complementary and were sent to earth systematically by One God. When this is understood, the Path to Salvation (Eternal Divine Path) is known! This book is the main writing of Maitreya of the Mission of Maitreya: www.maitreya.org
