How to Teach American Literature Elizabeth McCallum Marlow,2017-09 How does one keep classic books alive for young people today and teach them that literature is instructional and delightful? How does the teacher foster a classroom environment that encourages student participation and promotes enjoyment so that teenagers learn to appreciate literary study? More specifically, how can teachers cover centuries of American literature with students who don't appreciate why they should read material written centuries ago about people and issues that appear to be irrelevant to life today in a language that seems esoteric? The author of this series of high school teaching guides addresses these issues. *How to Teach American Literature: A Practical Teaching Guide* provides a detailed resource for teachers or anyone interested in an in-depth study of the subject. This second book in the series covers American literature from the Puritan era to contemporary works. Included are suggestions for cultivating a love for literature, teaching techniques, detailed analyses of each work, questions for review and test questions with suggested responses, essay topics, audiovisual aids, classroom handouts, and recommended books that enhance teaching. The author emphasizes two basic reasons for teaching literature: it is instructional and delightful. This book provides a comprehensive methodology for teaching the subject that a teacher could apply to one year's lesson plans without further investment in time. Elizabeth McCallum Marlow has developed quality comprehensive guides for the teaching community based on her thirty-five years of experience and her passion for literature. Teaching professionals will find her tried and true practices to be invaluable. --Johnathan Arnold, MBA, M.Ed, D.Ed.Min Headmaster Covenant Christian Academy, Cumming, GA

Tools for Ideas Christian Gänshirt,2020-10-26 This reference work on the core competence of architects and designers provides a thorough and considered overview of the tools and theories, means and methods and practices and possibilities of creative design. In this substantially expanded edition, a review of recent developments since the first edition has been added, the chapters on digital tools have been updated, and a new, extensive practice section describes the foundations of digital, research-based processes and social agendas in design. The author demonstrates compellingly that design is a synthesis of creative, technical and architectural skills coupled with academic research and reflection. Enlightening! (Christian Thomas on the first edition). Insight into the craft of design. Light in the darkness of how ideas take shape. (Jesko Fezer).

The Vedas and Upanishads for Children Roopa Pai,2023-05-25 Three thousand years ago, deep inside the forests of India, a great 'thought revolution' was brewing. In those forest labs, the brightest thinker-philosophers contemplated the universe, reflected on ancient texts called the Vedas and came up with startling insights into questions we still don't have final answers to, like: • What is the universe made of? • How do I know I'm looking at a tree when I see one? • Who am I? And where did they put those explosive findings? In a sprawling body of goosebumpy and fascinating oral literature called the Upanishads! Intimidated? Don't be! For this joyful, fun guide to some of India's longest-lasting secular wisdoms, reinterpreted for first-time explorers by Roopa Pai, is guaranteed to keep you turning the pages.

Saint Young Men 5 Hikaru Nakamura,2020-07-07 The divine live among us...in a flat in western Tokyo! After centuries of hard work, Jesus and Buddha take a break from their heavenly duties to relax among the people of Japan, and their adventures in this lighthearted buddy comedy are sure to bring mirth and merriment to all! Buddha the Enlightened One and Jesus, Son of God have successfully brought the 20th century to a close, and after a few millennia of guiding humanity to salvation, these two sacred ones are in need of some rest and relaxation. They decide to share an apartment on Earth in Tokyo, but living among mortals in the 21st century is no cakewalk for the saintly duo... They may find it difficult to navigate modern Japanese living, but Jesus' carefree attitude along with Buddha's domestic qualities and maybe a few divine interventions will surely allow them to enjoy their new lives with peace and love.

The Vampire Ate My Homework Andres Miedoso,2021-03-23 Kersville Elementary School has a problem: there's a very hungry vampire on the loose! But this creature doesn't thirst for blood. Instead, he's been eating the students' homework! Can Desmond Cole stop the monster from turning everyone's work into food for thought?--Publisher's description.
