**Writing & Selling Thriller Screenplays** Lucy V. Hay,2014-04-01 The lowdown on not only getting a thriller feature script on the page, but also getting it in front of producers and investors From premise to resolution, this book guides writers through the craft of thriller writing, citing classic thrillers such as Psycho, The Shining, The Sixth Sense, and Fatal Attraction, and lesser-known gems like Red Eye, Desperate Measures, Impostor, and Drive. The book also considers how the screenplay might be sold to investors, looking at high concept ideas, pitching, packaging, and the realities of film finance. It answers such common questions as What is flight vs. fight? What is the difference between horror and thriller? What are the different sub genres of thriller? What part do actors play in film finance? How can limited locations create new opportunities in storytelling and financing? Why is the lone protagonist so in demand? and Why are female characters so popular in thriller?

**Writing & Selling Drama Screenplays** Lucy V. Hay,2014-10-30 It may be drama features that win the most awards and kudos from critics, but in the current marketplace you're unlikely to sell a drama screenplay in the way you would a genre script. Breaking down the nuts and bolts of what differentiates drama from genre, Writing and Selling Drama Screenplays considers questions such as: - What is 'emotional truth'? - What separates stereotypical and authentic characters? - What are the different types of drama feature screenplay? - How do we make these films, when there's 'no money'? - What are the distribution opportunities for dramas? - Exploring the ways in which drama and authenticity work, it will empower screenwriters to make their own story and character choices, so they can write and also help to package, finance and even make their own drama features. Writing and Selling Drama Screenplays includes detailed case studies of produced dramas made on both shoestring and bigger budgets, and industry insights from their writers, directors and producers. It looks in-depth at Scottish BAFTA-winning Night People, the iconic coming out movie Beautiful Thing, the touching New Orleans drama Hours, starring the late Paul Walker, and the ambitious true story of Saving Mr Banks, based on the battle of wills between Mary Poppins author PL Travers and Walt Disney himself. It also discusses films such as Brokeback Mountain, American Beauty, The King's Speech, Juno, Erin Brockovich, Changeling and Girl, Interrupted. 'A top-notch, cutting-edge guide to writing and selling, not just practical but inspirational. Lucy's distinctive voice infuses the entire journey. Quite brilliant. Here's the woman who'll help you make things happen' - Barbara Machin, award-winning writer & creator of Waking the Dead 'Delivers the stirring call to arms that writers must not only write, but take their work to the next level themselves, making sacrifices and taking risks if they want to see their stories on screen' - Chris Jones, Filmmaker, Screenwriter & Creative Director at the London Screenwriters Festival Check out Lucy V. Prewriting Your Screenplay Michael Tabb, 2018-07-16 Prewriting Your Screenplay cements all the bricks of a story's foundations together and forms a single, organic story-growing technique, starting with a blank slate. It shows writers how to design each element so that they perfectly interlock together like pieces of a puzzle, creating a stronger story foundation that does not leave gaps and holes for readers to find. This construction process is performed one piece at a time, one character at a time, building and incorporating each element into the whole. The book provides a clear-cut set of lessons that teaches how to construct that story base around concepts as individual as the writer's personal opinions, helping to foster an individual writer's voice. It also features end-of-chapter exercises that offer step-by-step guidance in applying each lesson, providing screenwriters with a concrete approach to building a strong foundation for a screenplay. This is the quintessential book for all writers taking their first steps towards developing a screenplay from nothing, getting them over that first monumental hump, resulting in a well-formulated story concept that is cohesive and professional.
