**Prewriting Your Screenplay** Michael Tabb, 2018-07-16 Prewriting Your Screenplay cements all the bricks of a story's foundations together and forms a single, organic story-growing technique, starting with a blank slate. It shows writers how to design each element so that they perfectly interlock together like pieces of a puzzle, creating a stronger story foundation that does not leave gaps and holes for readers to find. This construction process is performed one piece at a time, one character at a time, building and incorporating each element into the whole. The book provides a clear-cut set of lessons that teaches how to construct that story base around concepts as individual as the writer's personal opinions, helping to foster an individual writer's voice. It also features end-of-chapter exercises that offer step-by-step guidance in applying each lesson, providing screenwriters with a concrete approach to building a strong foundation for a screenplay. This is the quintessential book for all writers taking their first steps towards developing a screenplay from nothing, getting them over that first monumental hump, resulting in a well-formulated story concept that is cohesive and professional.

These interviews are presented as Screenwriter Spotlights throughout the book and are supported by insight from top-selling agents and managers (including those who have sold scripts and pilots, had their writers named to prestigious lists such as The Black List and The Hit List) as well as working industry executives. Together, these anecdotes, learnings and perceptions, tied in with the author's extensive experience in and knowledge of the industry, will inform the reader about how the industry REALLY works, what it expects from both working and emerging writers, as well as what next steps the writer should engage in, in order to move their screenwriting career forward.

**Writing & Selling Drama Screenplays** Lucy V. dramas? - Exploring the ways in which drama and authenticity work, it will empower screenwriters to make their own story and character choices, so they can write and also help to package, finance and even make their own drama features. Writing and Selling Drama Screenplays includes detailed case studies of produced dramas made on both shoestring and bigger budgets, and industry insights from their writers, directors and producers. It looks in-depth at Scottish BAFTA-winning Night People, the iconic coming out movie Beautiful Thing, the touching New Orleans drama Hours, starring the late Paul Walker, and the ambitious true story of Saving Mr Banks, based on the battle of wills between Mary Poppins author PL Travers and Walt Disney himself. It also discusses films such as Brokeback Mountain, American Beauty, The King's Speech, Juno, Erin Brockovich, Changeling and Girl, Interrupted.
