MS-13 Steven Dudley,2020-09-08 "One of the year's most important books, a gripping meticulously reported account of the rise of one of the world's most notorious street gangs." —Mitch Weiss, Pulitzer Prize winner Winner of the Lukas Prize An NPR Best Book of the Year The MS-13 was born from war. In the 1980s, Alex and his brother fled El Salvador for the US and formed the Mara Salvatrucha Stoners. Initially bound by a love of heavy metal music, the group soon took on a harder edge, selling drugs, stealing cars and killing rivals. Gang members like Alex were incarcerated and deported. But in the prison system, the group only grew stronger. Today, MS-13 is one of the most infamous street gangs on earth—and also largely misunderstood. Longtime organized crime investigator Steven Dudley brings readers inside the nefarious group to tell a broader story of flawed

US and Central American policies and the exploitative, unequal systems that shape them. “A remarkable feat of reporting; the ways in which the United States is complicit in the creation and preservation of MS-13 might well keep you awake deep into the night, as it did me.” —Rachel Louise Snyder, author of *No Visible Bruises* “By detailing the experiences of gang members and victims alike, he anatomizes the complex, fluid dynamics of this elusive transnational network. A startling book.” —Patrick Radden Keefe, *New York Times*—bestselling author of *Rogues: True Stories of Grifters, Killers, Rebels and Crooks* “The definitive account of MS-13 . . . An outstanding book for true crime readers.” —Library Journal (starred review)

INTERNATIONAL BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. *12 Rules for Life* shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers.

NIVAC Bundle 6: Gospels, Acts Michael J. Wilkins, David E. Garland, Darrell L. Bock, Gary M. Burge, Ajith Fernando, 2015-11-03 The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context. To bring the ancient messages of the Bible into today's world, each passage is treated in three sections: Original Meaning. Concise exegesis to help readers understand the original meaning of the biblical text in its historical, literary, and cultural context. Bridging Contexts. A bridge between the world of the Bible and the world of today, built by discerning what is timeless in the timely pages of the Bible. Contemporary Significance. This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages. The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved. This unique, award-winning commentary is the ideal resource for today's preachers, teachers, and serious students of the Bible, giving them the tools, ideas, and insights they need to communicate God's Word with the same powerful impact it had when it was first written.
