

Ww2 Tail Gunner

Squadron Leader R. C. Rivaz

Backwards Into Battle Andy Doty,1995 Pure gold, enduring literature, spell binding, deeply moving, insightful, heartfelt, riveting, & one of the most interesting stories to come out of World War II are some of the reader responses to this poignant memoir. It traces the transformation of a typical small-town boy into a seasoned B-29 tail gunner flying 21 bombing missions over Japan -- one of which ended in the death of three crewmates. This book is more than a war story: it is rich in boyhood & wartime humor & nostalgia, recounts the amazing innocence, patriotism & values of the author's generation, & comments on revisionist historians & the need to use the atomic bomb. It asks -- & answers -- the question of why men risk their lives time & again in the face of great danger. Dedicated to the lost crewmen, this gem of a book is a timely, perceptive & inspirational account of a 19-year-old's experiences in the most costly & destructive war in history. To order contact: Tall Tree Press, 4072 Scripps Ave., Palo Alto, CA 94306 or phone (415) 494-3897.

Tales of a Tail Gunner Eddie Picardo,1996-06-01

Looking Back Dale Vanblair,2003 This story began in your home, my home, your friends home, your relatives home, my friends and relatives homes as well. It talks about the things all or most women have talked about at one time or another. All of the information gathered for this book comes from you as the reader but most importantly as an individual. The chapters in this book are not of advice, they are of knowledge passed on to me from all of the women I've met in my life. This book is my way of saying thanks to all of those who gave me the light at the end of the tunnel. Those individuals that I speak of are all of the women out there. If it wasn't for all of their words of wisdom I could not have made it through some of the things I have experienced in my own life. I hope you get as much from me as I have from all of you. My wish for this book is to let people know that they are never alone.

Dead Before Dawn Frank Broome,2008-09-22 Frank Broome was a 15 year old schoolboy when he experienced the three major blitzes in his home city of Coventry and at the age of 17 volunteered for the Royal Air Force Volunteer Reserve in 1942 for pilot training. This autobiography, based on his copious diary entries and log books traces his pilot training in the UK, Canada and the USA where he flew single and twin-engined aircraft. Despite his almost perfect training record he, like many of his fellow trainees at this time, was not to gain his R.A.F. wings. There was a shortage of air crew, other than pilots, and Frank eventually transferred to an air-gunnery course. On his return to the UK he undertook operational crew training on Wellington as a tail gunner and made operational training sorties over enemy territory shortly after the D-Day landings. His crew then converted to four-engined heavy bombers first the Halifax and then the Lancaster. He gives first-hand detailed accounts of the many missions during his tour with No. 626 Squadron during the height of Bomber Commands massed raids over Germany and occupied Europe. Excitement abounds with narrow squeaks from enemy night-fighters, radar directed anti-aircraft fire and other hazards of this most dangerous task. He eventually flew with two Wing Commanders and a Squadron Leader with crews who gained several gallantry awards. His book is written with a skill that portrays the dangers inherent in his task, the humor of service life and the sound reasons why his generation were proud to fly with Bomber Command.

Heavy Date Over Germany Jewellee Jordon Kuentler,2019-12-07 Ray Perry was a farm boy from rural West Texas when America entered World War II. He always had a fascination with planes, so he joined the U.S. Army Air Corps with the intention of becoming a pilot. The Army Air Corps needed tail gunners, however, so Ray served his country at the back end of a B-17, completing thirty-five combat missions before the war's end. This is the story of his World War II adventure, wrought with tragedy and excitement and every emotion in between. This is also the story of how a young man from a small West Texas town handled the upheaval that comes with war. Based off numerous primary source materials, Ray's story unfolds through his letters, photos, and mementos. The book's foreword is written by his son, and former Texas governor, Rick Perry. "I never was rattled . . . I could never remember really being scared. I know I was. Had to be. But I had control of it." "The pilot sent the radio operator back there to see if they got me . . . and he climbed, crawled, right there beside the side of that tail wheel, and he never did get back all the way where I was at, but he . . . saw me sitting up and he saw me move a little. So, he went back and told the pilot, 'I guess he's alright. I think he's still alive.'" —Ray Perry, from the book

Looking Back Dale Vanblair,2003 This story is about two congenial and affectionate sisters, with slightly different personalities and temperaments. Both are very intelligent and are able to excel in their chosen professions, until terrifying conditions affect their lives.

Tail Gunner R C Rivaz,2011-08-26 First published in 1943, this is the gripping story of one man's involvement in RAF Bomber Command's fledgling offensive between August 1940 and December 1941. Dick Rivaz was tail gunner to Leonard Cheshire, one of the most famous RAF pilots of the Second World War, flying in Whiteleys with 102 Squadron and latterly in Halifaxes with 35 Squadron. Unique among wartime memoirs, Tail Gunner was written within months of the events described, with all the immediacy of being at the very heart of the action. Rivaz graphically describes his experiences on night bombing attacks against heavily defended enemy targets like Duisberg, Dusseldorf and Essen, and relates a dramatic shoot-out with German fighters over La Rochelle in broad daylight during July 1941. Rivaz reveals the fine spirit of comradeship which developed in RAF bomber crews during the Second World War. Having survived the war, including two rescues from the North Sea, he was killed in October 1945, aged just thirty-seven.

Tail Gunner Chan Chandler,2002 By the close of World War II, Flight Lieutenant Chan Chandler had flown a remarkable 98 missions, 65 of them with No 49 Squadron and 28 with the famous Dambuster Squadron, No 617. In addition he flew five trips with No 1 Photo FU.

I'm Off to War, Mother, But I'll Be Back Jerry W Whiting,2010-08-20 Several planes were smoking. I saw a plane from one of the groups take a direct hit, and go down. I saw no parachutes. I was trying to make myself as small as possible. My steel helmet was pulled down over most of my face. I couldn't see much, but I didn't have to worry about the Germans in all this flak. I had a flak vest under my seat and my legs were pulled up and tight under my body. This was not the way I intended to spend my birthday. -Wayne Whiting, Tail Gunner-

Tail Gunner Squadron Leader R. C. Rivaz,2017

Valor, Guts, and Luck William L. Smallwood,2014-06-01 During the Second World War, a B-17 tailgunner had a one-in-four chance of survival during his standard twenty-five-mission tour. Valor, Guts, and Luck is the story of Staff Sergeant Lowell Slat Slayton (1923-2013), who beat those odds. An underprivileged kid from Fargo, North Dakota, Slayton was a high school senior the day the Japanese bombed Pearl Harbor. Drawn to the glamour of the wild blue yonder made famous by newsreels, he joined the Army Air Force. Eventually he found himself on an unlucky thirteenth mission to the main FW-190 fighter aircraft plant in Oschersleben, Germany. After being hit by a rocket, his plane left the protection of the formation and was immediately attacked by a swarm of fighter aircraft, resulting in damage that forced a crash landing in Germany. Slayton, though wounded, survived the crash landing, spending time in three hospitals and two POW camps before enduring a three hundred-plus mile trek from Poland to western Germany during one of the coldest winters on record. Through Slayton's recollections, William L. Smallwood conveys the riveting tales of life in the Air Corps, aerial combat, and the horrific experiences of a prisoner of war. Through it all, Slayton's valor, guts, and luck made it possible for him to enjoy a homecoming after the war.

They Hosed Them Out John Bede Cusack,2012

Stuka Pilot Hans Ulrich Rudel,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Rear Gunner Pathfinders Smith Ron Smith,2022-01-04 A Bomber Command book with a difference. Rear Gunner Pathfinders is the story of the air war over Germany as seen from the small Perspex bubble of a 'Tail-End Charlie' rear gunner in a Lancaster. Flying firstly with 626 squadron, and later 156 Pathfinder squadron, Ron Smith flew 65 operations and recorded them with the intensity brought on by the isolation of being cocooned in his lonely gun turret.

Tail Gunner R. C. Rivaz,2018-05-03 'One of the outstanding books of the war.' Sunday Express This gripping story of one man's involvement in RAF Bomber Command's fledgling offensive was first published in 1943. Written only months after the events described, R. C. Rivaz provides a uniquely fresh and immediate perspective on some of the most harrowing episodes of the war. He was tail gunner to Leonard Cheshire, one of the most famous RAF pilots of the Second World War and flew in Whitleys with 102 Squadron and Halifaxes with 35 Squadron. Rivaz describes his experiences of night bombing attacks against heavily defended enemy targets like Duisburg, Dusseldorf and Essen, recording in captivating detail the sights and sounds of these dangerous night time raids. But he describes equally well the colour pallet of the setting sun from fifteen thousand feet, and his turbulent mind set as he prepares for each death defying mission. He relates a dramatic shoot-out with German fighters over La Rochelle in broad daylight and describes his near-death encounters with cool but honest detail. Rivaz also describes two agonizing crashes over the sea, one occasion of which he waits near frozen for seven hours, buffeted by stormy weather in a rubber dinghy. 'Tailgunner' is not only unrivalled in its immediacy and insight, but gripping and eminently readable. Richard Rivaz was born in Assam on 15th March 1908, son of a colonial official in the Indian Civil Service. He later returned to England and studied painting at the Royal College of Art. He became an accomplished artist in the 1930s, before training as a teacher and taking up an appointment at Collyer's School in Sussex, where he taught art. Rivaz volunteered for pilot training in 1940 but was bitterly disappointed to learn that, at the age of thirty-two, he was too old to become a pilot. He commenced training as an air-gunner and saw first service with No. 102 Squadron. He survived many dangerous raids and crashes but was unfortunately killed at the end of the war, when his transport aircraft caught fire on take off from Brussels airport on 13 October 1945.

Tailspin John Armbruster,2022-04-30 A rookie social studies teacher overhears a conversation about a World War II tail gunner who survived a four-mile fall from the sky. When the elderly Gene Moran finally shares his saga, John has no idea of the wounds he's reopening.

Air Force Combat Units of World War II Maurer Maurer,1961

Tail Gunner Charles M. Province,2010-07-01 A short history of Leonard Thompson's service as a B-17 Tail Gunner with the 401st Bombardment Group in Europe during World War II.

Wing Ding Gene T. Carson,2001-04-01 This is no run-of-the-mill WWII book. It is the exciting story of a cook in the Army Air Corps. It tells of his unauthorized move from the kitchen to life as an aerial gunner on a B-17 Flying Fortress in the unfriendly skies of Europe in 1943 to 1945. You will laugh cry and share in his life as he fights for his country while snatching moments of relief and love between missions. For those who were there it will bring back memories. For others, it will tell what it was like for grandfathers, fathers and uncles.

Fire of a Thousand Suns George Robert Caron,Charlotte E. Meares,1995

Ww2 Tail Gunner Introduction

In todays digital age, the availability of Ww2 Tail Gunner books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few

clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Ww2 Tail Gunner books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Ww2 Tail Gunner books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Ww2 Tail Gunner versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Ww2 Tail Gunner books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Ww2 Tail Gunner books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Ww2 Tail Gunner books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Ww2 Tail Gunner books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Ww2 Tail Gunner books and manuals for download and embark on your journey of knowledge?

FAQs About Ww2 Tail Gunner Books

1. Where can I buy Ww2 Tail Gunner books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-

books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.

3. How do I choose a Ww2 Tail Gunner book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Ww2 Tail Gunner books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
