Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer

the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Tomorrow Code Brian Falkner, 2009-07-28 "The end of the world started quietly enough for Tane Williams and Rebecca Richards. . . ." Tane and Rebecca aren't sure what to make of it—a sequence of 1s and 0s, the message looks like nothing more than a random collection of alternating digits. Working to decode it, however, they discover that the message contains lottery numbers . . . lottery numbers that win the next random draw! More messages follow, and slowly it becomes clear—the messages are being sent from Tane and Rebecca's future. Something there has gone horribly wrong, and it's up to them to prevent it from happening. The very survival of the human race may be at stake! "[A] terrifying SF page-turner!"—Booklist "A tautly constructed plot. Fast-paced and all-too-

realistic. This technothriller offers gearhead ecowarriors everything, including a hugely satisfying ending.”—Kirkus Reviews A Top 10 Kid’s Indie Next Winter Pick A Junior Library Guild Selection

Celebrating Parenting Shabanam Gupta, 2021-01-19 “As a young mother; I was always overwhelmed. And fearful. I had so many questions; and no answers. Of course; Dr. Benjamin Spock; Adele Faber and their ilk held my hand for a while; but could not assuage my fears. Not totally. I read the best books on parenting; written by trained child psychologists; Ph.Ds and M.Ds; but they were speaking to the western world. I needed to hear from someone who knew my world; my challenges; my insecurities and my social milieu. I missed having a book by my bedside; which I could leaf through and find answers. This is how this book came about. Hope you find some of your answers here.” —Shabnam Gupta
