The Lantern's Ember Colleen Houck, 2019-09-10 A bold and ghostly stand-alone from New York Times bestselling author Colleen Houck, with all the moodiness of *Sleepy Hollow* and all the romance her fans love. Welcome to a world where nightmarish creatures reign supreme. Five hundred years ago, Jack made a deal with the devil. It's difficult for him to remember much about his mortal days. So he focuses on fulfilling his sentence as a Lantern--one of the watchmen who guard the portals to the Otherworld, a realm crawling with every nightmarish creature imaginable. Jack has spent centuries jumping from town to town, ensuring that nary a mortal--or not-so-mortal--soul slips past him. That is, until he meets beautiful Ember O'Dare. Seventeen, stubborn, and a natural-born witch, Ember feels a strong pull to the Otherworld. Undeterred by Jack's warnings, she crosses into the forbidden plane with the help of a mysterious and debonair vampire--and the chase through a dazzling, dangerous world is on. Jack must do everything in his power to get Ember back where she belongs before both the earthly and unearthly worlds descend into chaos. Colleen Houck, the New York Times bestselling author of the *Tiger's Curse* series and the *Reawakened* series, breathes new life into classic folklore in this wild, twisting adventure propelled by the spirit of Halloween. [Houck] offers a fresh spin on *The Legend of Sleepy Hollow*. --Kirkus Reviews A wild and seductive adventure. . . . A must-have for YA collections. --SLJ *The Lantern's Ember* has something for everyone. From an old-timey village to ghost stories to pirates to steampunk influences, nobody is left unsatisfied. --TeenReads.com

Adobe Flash Catalyst CS5 Classroom in a Book Adobe Creative Team, 2010-05-13 This official training guide from Adobe will teach readers all they need to know to create rich interactive experiences with Flash Catalyst CS5, Adobe's exciting new interaction design tool. Flash Catalyst CS5 lets designers create real Adobe Flash and Adobe AIR applications without having to learn ActionScript. Using step-by-step instructions in projects that progressively build skills, readers of this Classroom in a Book will learn how to prepare and import artwork from applications such as Adobe Photoshop and Fireworks into Catalyst, and then add interactive functionality in a familiar interface and with tools that are intuitive to use. Readers will learn how libraries let them organize and reuse assets, how to use layers to view and control objects, how to work with pages and states to create interactive components, how to add transitions and action sequences, and how to work with video and sound. Readers will also learn to incorporate Flash files from other applications and use Flash Builder to extend their projects' functionality. The companion CD provides users with all the sample files they need to complete all the projects. "The Classroom in a Book series is by far the best training material on the market. Everything you need to master the software is included: clear explanations of each lesson, step-by-step instructions, and the project files for the students." —Barbara Binder, Adobe Certified Instructor, Rocky Mountain Training Classroom in a Book®, the best-selling series of hands-on software training workbooks, helps you learn the features of Adobe software quickly and easily. Classroom in a Book offers what no other book or training program does—an official training series from Adobe Systems Incorporated, developed with the support of Adobe product experts. Note from the publisher: FREE Adobe Flash Catalyst CS5.5 updates are available for this title. Simply register your product at www.peachpit.com/register and you will receive the updates when they become available.

Handbook of Science Communication Anthony Wilson, 1998-01-01 Addressing the lack of a specific book on core communication/presentation skills, the Handbook of Science Communication is written as a guide for students to speak and write effectively and as a reference for scientists who need to communicate their work effectively to each other and to the wider public. The book considers how the public understanding of science has changed with time and clearly explains how important the art of communication is for the effective communication of ideas. It continues with guidance on literature searches and the use of information sources, from the library to the live interviewee. The book also deals with how to write and speak effectively, working in a group, and working with the media.

Numbers for Successful Business Grigori Grabovoi, 2022-04-12 NUMBERS FOR SUCCESSFUL BUSINESS This book is a total compilation of numerical sequences for commercial use, and one tax numbers section, . Numerical series implement the solution of the problem of the best, optimal, more

efficient use of limited, often rare, resources of economic activity and the management of this process to achieve the goal of maximum satisfaction of the growing and unlimited needs of man and society with eternal development. The numbers for successful business given in this book can be applied to control the economy. The economy is considered as all kinds of activities of people, human society as a whole, which allow people and society to supply themselves with material resources for life. At the same time, the economy of eternal development is aimed primarily at the reproduction of resources that are not renewable by natural means and are necessary for eternal development. Then the economy of eternal development determines the need to obtain funds for the sphere of life restored and created by natural, social, technologic methods. Man is the basis for the implementation of such an economy. Since the ideas and practical actions of people aimed at eternal development create the economic structure of a society of eternal development.
