Discover Your Inner Economist Tyler Cowen, 2008-05-27 One of America's most respected economists presents a quirky, incisive romp through everyday life that reveals how you can turn economic reasoning to your advantage—often when you least expect it to be relevant. Like no other economist, Tyler Cowen shows how economic notions—such as incentives, signals, and markets—apply far more widely than merely to the decisions of social planners, governments, and big business. What does economic theory say about ordering from a menu? Or attracting the right mate? Or controlling people who talk too much in meetings? Or dealing with your dentist? With a wryly amusing voice, in chapters such as “How to Control the World, The Basics” and “How to Control the World, Knowing When to Stop” Cowen reveals the hidden economic patterns behind everyday situations so you can get more of what you really want. Readers will also gain less selfish insights into how to be a good partner, neighbor and even citizen of the world. For instance, what is the best way to give to charity? The chapter title “How to Save the World—More Christmas Presents Won't Help” makes a point that is every bit as personal as it is global. Incentives are at the core of an economic approach to the world, but they don't just come in cash. In fact, money can be a disincentive. Cowen shows why, for example, it doesn't work to pay your kids to do the dishes. Other kinds of incentives—like making sure family members know they will be admired if they respect you—can work. Another non-monetary incentive? Try having everyone stand up in your next meeting if you don't want anyone to drone on. Deeply felt incentives like pride in one's work or a passing smile from a loved one, can be the most powerful of all, even while they operate alongside more mundane rewards such as money and free food. Discover Your Inner Economist is an introduction to the science of economics that shows it to be built on notions that are already within all of us. While the implications of those ideas lead to Cowen's often counterintuitive advice, their wisdom is presented in ordinary examples taken from home life, work life, and even vacation life... How do you get a good guide in a Moroccan bazaar?

Death Waits in the Dark Mark Edward Langley, 2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

To My Arrogant Boss J. S. Cooper, 2021-01-01 To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I've ever met in my life. I know you think that you're God's gift to women, but I have a secret to let you in on: you're not. You're God's gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn't mean you're the smartest man in the world. In fact, I'm not even sure if you would have gotten in if you didn't have rich parents. Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

Nuclear War Films Jack G. Shaheen, 1978 This first book-length critical examination of nuclear war motion pictures feature films, documentaries, and educational short films in addition to recognizing a new film genre reflects an important era of modern film history. Taken as a whole, the 25 contributions by 21 film specialists brought together here provide a comprehensive view of 32 feature films, documentaries, and educational short films comprising a representative selection of the new genre all produced between 1946 and 1975 by American, French, British, and Japanese film makers. In addition to discussions of such well-known films as On the Beach, Hiroshima, Mon Amour, and Dr. Strangelove, the collection analyzes and comments on a number of less well known but important films such as A Thousand Cranes,

Countdown to Zero, and To Die, To Live, documentaries and educational short films that hitherto have been inadequately presented in cinema literature. Marshall Flaum, one of the outstanding figures in the field of television documentaries, has provided an unusually interesting Foreword, and Jack Shaheen, the editor of the volume, has added a perceptive Preface and has appended a list of distributors and credits. A major contribution to the serious study of the nuclear war film genre, the book thus provides an analytic text with apparatus and notes, and will be of interest to general readers as well as students of the film and film makers.

His new bride harbors a fiery temperament that lures Brochan into stoking her passions instead of her ire.Aligned to strengthen the Scottish claims on the realm, Brochan and Ceana must work together to overcome the obstacles that bind them. But perhaps seeing their duties through does not have to be as painful as they both predicted. Is it possible that love can be forged from a union born in alliance?
