Microsoft Expression Web 4 In Depth Jim Cheshire,2012-06-27 Do more with Microsoft Expression Web 4 SP2—in less time! This is the world's most expert, complete, and practical guide to succeeding with Expression Web 4 SP2! Microsoft insider Jim Cheshire presents today's best solutions for everything you need to do with Expression Web 4 SP2 and its brand-new HTML5, CSS3, and jQuery tools!. Create, edit, and manage content... implement leading-edge designs... integrate dynamic content... add powerful features with no custom coding... leverage SP2's latest time-saving features...do the job right, and do it fast! "In the trenches" solutions, big-picture insights, real examples, time-saving shortcuts Boost productivity with custom workspaces, Snapshot & Snippet panels, Universal Commenting, and other SP2 improvements Optimize every phase of development, from site creation through reporting Use Expression Web 4 features together to solve real web design problems and achieve real business goals Build HTML5/CSS3 standards-compliant sites that work properly in any modern browser Learn high-efficiency techniques for using tables, forms, and QuickTags Add more dynamic, interactive content with Behaviors and Layers Differentiate your site with dynamic components and client-side JavaScript Use ASP.NET's simple tools to display, edit, and manage data without custom code Develop accessible, Section 508- or WCAG-compliant sites Efficiently test sites and apps with SP2's enhanced SuperPreview and remote browsing Easily password-protect content with ASP.NET Login controls and membership features Leverage Expression Web's updated PHP 5.3 support, including module IntelliSense and "Open as PHP" Efficiently troubleshoot any site development problem Register your book at www.quepublishing.com/title/9780789749192 to get the entire book in searchable PDF format, including all examples and sample files, plus a bonus four-chapter mini book on creating add-ins with JavaScript and HTML!

InfoWorld ,1998-10-19 InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

Customizing and Extending IBM Content Navigator Wei-Dong Zhu,Tomas Barina,Yi Duan,Nicole Hughes,Marcel Kostal,Chad Lou,Brett Morris,Rainer Mueller-Maechler,Ron Rathgeber,Jana Saalfeld,Jian Xin Zhang,Jie Zhang,IBM Redbooks,2015-04-13 IBM® Content Navigator provides a unified user interface for your Enterprise Content Management (ECM) solutions. It also provides a robust development platform so you can build customized user interface and applications to deliver value and an intelligent, business-centric experience. This IBM Redbooks® publication guides you through the Content Navigator platform, its architecture, and the available programming interfaces. It describes how you can configure and customize the user interface with the administration tools provided, and how you can customize and extend Content Navigator using available development options with sample code. Specifically, the book shows how to set up a development environment, and develop plug-ins that add an action, service, and

feature to the user interface. Customization topics include implementing request and response filters, external data services (EDS), creating custom step processors, and using Content Navigator widgets in other applications. This book also covers mobile development, viewer customization, component deployment, and debugging and troubleshooting. This book is intended for IT architects, application designers and developers working with IBM Content Navigator and IBM ECM products. It offers a high-level description of how to extend and customize IBM Content Navigator and also more technical details of how to do implementations with sample code.

7" Kara Becca Hillburn,2014 Beneath an old porch. Up in a forgotten attic. In a dusty corner of a basement. Lilliputians are tiny people who occupy the in-between spaces of our world. Sometimes, if you're careful, you can catch a glimpse of one.7 Kara is a suburban fantasy comic aimed at young girls. Inspired by books such as The Borrowers, The Littles, and Gulliver's Travels, 7 Kara follows the adventures of the 11 year old Lilliputian Kara. Kara lives with her parents in an old doll house that's been hidden away in the back of a neglected shed. Isolated her entire life, she has few Lilliputian friends her own age, and even less experience with the outside world. Everything she knows has been learned first hand or has been taught to her by her parents. Her life changes drastically when a human family moves into the house her family lives near. Will Kara make a new friend? Or is there something darker, possibly more dangerous in store for her?7 Kara is an ongoing watercolor children's comic written and illustrated by Becca Hillburn. Collected in this first volume are the first four chapters of the main comic, a bonus story featuring Kara, and a selection of concept art.Full color, 112 pages of content, 71 pages of comic.

Deep Stories Mariela Nuñez-Janes,Aaron Thornburg,Angela Booker,2017-03-20 Have you ever wondered what makes storytelling and digital media a powerful combination? This edited volume examines the opportunities to think, do, and/or create jointly afforded by digital storytelling. The editors of this volume contend that digital storytelling and digital media can create spaces of empowerment and transformation by facilitating multiple kinds of border crossings and convergences involving groups of peoples, places, knowledge, methodologies, and teaching pedagogies. The book is unique in its inclusion of anthropologists and education practitioners and its emphasis on multiple subfields in anthropology. The contributors discuss digital storytelling in the context of educational programs, teaching anthropology, and ethnographic research involving a variety of populations and subjects that will appeal to researchers and practitioners engaged with qualitative methods and pedagogies that rely on media technology.

PC Mag ,1997-11-04 PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

The personality cult of Stalin in Soviet posters, 1929–1953 Anita Pisch,2016-12-16 From 1929 until 1953, Iosif Stalin's image became a central symbol in Soviet propaganda. Touched up images of an omniscient Stalin appeared everywhere: emblazoned across buildings and lining the streets; carried in parades and woven into carpets; and saturating the media of socialist realist painting, statuary, monumental architecture, friezes, banners, and posters. From the beginning of the Soviet regime, posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR. Stalin's image became a symbol of Bolshevik values and the personification of a revolutionary new type of society. The persona created for Stalin in propaganda posters reflects how the state saw itself or, at the very least, how it wished to appear in the eyes of the people. The 'Stalin' who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhugashvili, whose humble origins, criminal past, penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical

charismatic adulation. The Bolsheviks needed a wise, nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power. This leader would come to embody the sacred and archetypal qualities of the wise Teacher, the Father of the nation, the great Warrior and military strategist, and the Saviour of first the Russian land, and then the whole world. This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters. Drawing on the archives of libraries and museums throughout Russia, hundreds of previously unpublished posters are examined, with more than 130 reproduced in full colour. The personality cult of Stalin in Soviet posters, 1929–1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines.

Network World ,2003-01-06 For more than 20 years, Network World has been the premier provider of information, intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations. Readers are responsible for designing, implementing and managing the voice, data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce.

Crossword Lists & Crossword Solver Anne Stibbs Kerr,2013-02-08 Anyone who regularly tackles challenging crossword puzzles will be familiar with the frustration of unanswered clues blocking the road to completion. Together in one bumper volume, Crossword Lists and Crossword Solver provide the ultimate aid for tracking down those final solutions. The Lists section contains more than 100,000 words and phrases, listed both alphabetically and by number of letters, under category headings such as Volcanoes, Fungi, Gilbert & Sullivan, Clouds, Cheeses, Mottoes, and Archbishops of Canterbury. As intersecting solutions provide letters of the unanswered clue, locating the correct word or phrase becomes quick and easy. The lists are backed up with a comprehensive index, which also guides the puzzler to associated tables - e.g. Film Stars; try Stage and Screen Personalities. The Solver section contains more than 100,000 potential solutions, including plurals, comparative and superlative adjectives, and inflections of verbs. The list extends to first names, place names, technical terms, compound expressions, abbreviations, and euphemisms.Grouped according to number of letters - up to fifteen - this section is easy to use and suitable for all levels of crossword puzzle. At the end a further 3,000 words are listed by category, along with an index of unusual words.

Girlhood of Shakespeare's Sisters Jennifer Higginbotham,2013-01-17 The first sustained study of girls and girlhood in early modern literature and culture. Jennifer Higginbotham makes a persuasive case for a paradigm shift in our current conceptions of the early modern sex-gender system. She challenges the widespread assumption that the category of the 'girl' played little or no role in the construction of gender in early modern English culture. And she demonstrates that girl characters appeared in a variety of texts, from female infants in Shakespeare's late romances to little children in Tudor interludes to adult 'roaring girls' in city comedies. This monograph provides the first book-length study of the way the literature and drama of the sixteenth and seventeenth centuries constructed the category of the 'girl'.

From Dust to Digital Maja Kominko,2015-02-16 Much of world's documentary heritage rests in vulnerable, little-known and often inaccessible archives. Many of these archives preserve information that may cast new light on historical phenomena and lead to their reinterpretation. But such rich collections are often at risk of being lost before the history they capture is recorded. This volume celebrates the tenth

anniversary of the Endangered Archives Programme at the British Library, established to document and publish online formerly inaccessible and neglected archives from across the globe. From Dust to Digital showcases the historical significance of the collections identified, catalogued and digitised through the Programme, bringing together articles on 19 of the 244 projects supported since its inception. These contributions demonstrate the range of materials documented — including rock inscriptions, manuscripts, archival records, newspapers, photographs and sound archives — and the wide geographical scope of the Programme. Many of the documents are published here for the first time, illustrating the potential these collections have to further our understanding of history.

<u>Filipinos in Rural Hawaii</u> Robert N. Anderson,Richard Coller,Rebecca F. Pestano,1984

Network World ,2002-04-08 For more than 20 years, Network World has been the premier provider of information, intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations. Brexit and Beyond Benjamin Martill,Uta Staiger,2018-01-29 Brexit will have significant consequences for the country, for Europe, and for global order. And yet much discussion of Brexit in the UK has focused on the causes of the vote and on its consequences for the future of British politics. This volume examines the consequences of Brexit for the future of Europe and the European Union, adopting an explicitly regional and future-oriented perspective missing from many existing analyses. Drawing on the expertise of 28 leading scholars from a range of disciplines, Brexit and Beyond offers various different perspectives on the future of Europe, charting the likely effects of Brexit across a range of areas, including institutional relations, political economy, law and justice, foreign affairs, democratic governance, and the idea of Europe itself. Whilst the contributors offer divergent predictions for the future of Europe after Brexit, they share the same conviction that careful scholarly analysis is in need – now more than ever – if we are to understand what lies ahead for the EU. Praise for Brexit and Beyond 'a wide-ranging and thought-provoking tour through the vagaries of British exit, with the question of Europe's fate never far from sight...Brexit is a wake-up call for the EU. How it responds is an open question—but respond it must. To better understand its options going forward you should turn to this book, which has also been made free online.' Prospect Magazine 'This book explores wonderfully well the bombshell of Brexit: is it a uniquely British phenomenon or part of a wider, existential crisis for the EU? As the tensions and complexities of the Brexit negotiations come to the fore, the collection of essays by leading scholars will prove a very valuable reference for their depth of analysis, their lucidity, and their outlining of future options.' - Kevin Featherstone, Head of the LSE European Institute, London School of Economics 'Brexit and Beyond is a must read. It moves the ongoing debate about what Brexit actually means to a whole new level. While many scholars to date have examined the reasons for the British decision to leave, the crucial question of what Brexit will mean for the future of the European project is often overlooked. No longer. Brexit and Beyond bundles the perspectives of leading scholars of European integration. By doing so, it provides a much needed scholarly guidepost for our understanding of the significance of Brexit, not only for the United Kingdom, but also for the future of the European continent.' - Catherine E. De Vries, Professor in the department of Government, University of Essex and Professor in the department of Political Science and Public Administration Free University Amsterdam 'Brexit and Beyond provides a fascinating (and comprehensive) analysis on the how and why the UK has found itself on the path to exiting the European Union. The talented cast of academic contributors is drawn from a wide variety of disciplines and areas of

expertise and this provides a breadth and depth to the analysis of Brexit that is unrivalled. The volume also provides large amounts of expert-informed speculation on the future of both the EU and UK and which is both stimulating and anxiety-inducing.' -Professor Richard Whitman, Head of School, Professor of Politics and International Relations, Director of the Global Europe Centre, University of Kent

Data Science for Marketing Analytics Mirza Rahim Baig,Gururajan Govindan,Vishwesh Ravi Shrimali,2021-09-07 Turbocharge your marketing plans by making the leap from simple descriptive statistics in Excel to sophisticated predictive analytics with the Python programming language Key FeaturesUse data analytics and machine learning in a sales and marketing contextGain insights from data to make better business decisionsBuild your experience and confidence with realistic hands-on practiceBook Description Unleash the power of data to reach your marketing goals with this practical guide to data science for business. This book will help you get started on your journey to becoming a master of marketing analytics with Python. You'll work with relevant datasets and build your practical skills by tackling engaging exercises and activities that simulate real-world market analysis projects. You'll learn to think like a data scientist, build your problem-solving skills, and discover how to look at data in new ways to deliver business insights and make intelligent data-driven decisions. As well as learning how to clean, explore, and visualize data, you'll implement machine learning algorithms and build models to make predictions. As you work through the book, you'll use Python tools to analyze sales, visualize advertising data, predict revenue, address customer churn, and implement customer segmentation to understand behavior. By the end of this book, you'll have the knowledge, skills, and confidence to implement data science and machine learning techniques to better understand your marketing data and improve your decision-making. What you will learnLoad, clean, and explore sales and marketing data using pandasForm and test hypotheses using real data sets and analytics toolsVisualize patterns in customer behavior using MatplotlibUse advanced machine learning models like random forest and SVMUse various unsupervised learning algorithms for customer segmentationUse supervised learning techniques for sales predictionEvaluate and compare different models to get the best outcomesOptimize models with hyperparameter tuning and SMOTEWho this book is for This marketing book is for anyone who wants to learn how to use Python for cutting-edge marketing analytics. Whether you're a developer who wants to move into marketing, or a marketing analyst who wants to learn more sophisticated tools and techniques, this book will get you on the right path. Basic prior knowledge of Python and experience working with data will help you access this book more easily.

<u>Extra/Ordinary</u> Maria Elena Buszek,2011-03-04 Artists, critics, curators, and scholars develop theories of craft in relation to art, chronicle how fine art institutions understand and exhibit craft media, and offer accounts of activist crafting.
