

Xtempo Mover

AW Chickering

Moving Time Carolyn Trager, 1979 Offers suggestions for dealing with the practical and emotional problems inherent in moving.

Jack Whitten , 2011

Sounding the Dance, Moving the Music Mohd Anis Md Nor, Kendra Stepputat, 2016-07-01 Performing arts in most parts of Maritime Southeast Asia are seen as an entity, where music and dance, sound and movement, acoustic and tactile elements intermingle and complement each other. Although this fact is widely known and referenced, most scholarly works in the performing arts so far have either focused on music or dance rather than treating the two in combination. The authors in this book look at both aspects in performance, moreover, they focus explicitly on the interrelation between the two, on both descriptive-analytical and metaphorical levels. The book includes diverse examples of regional performing art genres from Indonesia, Malaysia and the Philippines. All case studies are composed from the perspective of the relatively new approach and field of ethno-choreomusicology. This particular compilation gives an exemplary overview of various phenomena in movement-sound relations, and offers for the first time a thorough study of the phenomenon that is considered essential for the performing arts in Maritime Southeast Asia - the inseparability of movement and sound.

MOVING CAMERAS AND LIVING MOVIES STEVE ESOMBA, Dr.,

Bacchanal! Peter Mason, 1998 For two days each year Trinidad's capital, Port of Spain, hosts 'the greatest show on earth' - a raucous mix of music, costume and revelry known as Carnival. The festival has become more or less synonymous with the Caribbean island and is an intrinsic part of its identity and popular culture. Making extensive use of interviews with artists and other participants, *BACCHANAL!* explores the place of Carnival in Trinidadian society and the people who take part in it: -- How the festival reflects and affects attitudes towards religion, language, humour, politics, male-female relations and folk traditions. -- The historical role of Carnival, its roots in colonial society and slavery, and its traditional function as an expression of subversion and revolt. -- The effect of contemporary social and cultural influences on the dynamic, evolving phenomenon of Carnival. -- The increasing involvement of Indo-Trinidadians and women, the competing musical forms of reggae and soca, and the impact of tourism and commercialism.

The Teachers' Lounge (Uncensored) Kelly Flynn, 2012-11-08 *The Teachers' Lounge (Uncensored)* gives you a peek inside that classroom. Kelly Flynn takes readers by the hand and says, "Come inside my school, walk a mile in my halls, and then we'll talk about education reform." With breathtaking clarity and a healthy dose of humor Kelly Flynn shares with readers what all teachers

know; that when you teach in a public school there are days that you laugh, days that you cry, and days that you laugh until you cry. Each student is surprisingly, delightfully, wildly different, which is precisely why one-size-fits-all education does not work.

Produtividade x Tempo: em Busca do Equilíbrio Perfeito Francis

Wade, 2018-04-08 Demandas de tempo – elas são um fato da nossa vida moderna. Como você se comporta diante da crescente expectativa de que você deve cumprir com todas as suas obrigações, fazer o trabalho de mais de uma pessoa e lidar com várias informações? Você sabe que as tecnologias só pioram as coisas e não ajudam muito... Como você se mantém tranquilo diante dessa pressão crescente? O Produtividade x Tempo: em Busca do Equilíbrio Perfeito é um livro que fala sobre o aumento da sua capacidade de produzir resultados. Você já deve saber que o tempo não pode ser gerenciado, mas existem diversos hábitos positivos que você usa todos os dias para sobreviver. Para chegar ao próximo nível, onde você se desenvolve, você deve começar pelas suas práticas atuais e aperfeiçoá-las. De acordo com as pesquisas que fiz em várias áreas citadas em mais de 200 referências, não existe uma maneira viável de melhorar o comportamento. Neste livro eu mostro como melhorar seus hábitos, práticas e rituais para que você aumente seu desempenho quando quiser, mesmo tendo obstáculos (como o tráfego) evidentes. Essas ideias e exercícios vão ajudá-lo a aprender no seu próprio ritmo, de uma forma que você nunca vai esquecer.

The Best of World SF Lavie Tidhar, 2022-10-13 Twenty-nine new short stories representing the state of the art in international science fiction. The second annual instalment to the 'rare and wonderful' (The Times) The Best of World SF Volume 1, this collection of twenty-nine stories, including eight original and exclusive additions, represents the state of the art in international science fiction. Navigating around the globe, The Best of World SF Volume 2 features writers from Bahrain, Bangladesh, Barbados, Bolivia, Brazil, China, Czech Republic, Greece, Grenada, India, Iraq, Italy, Jamaica, Japan, Korea, Malaysia, Mexico, Nigeria, Pakistan, The Philippines, Poland, Russia, Singapore, Uganda and Zimbabwe. Each story has been selected by World SF expert and award-winning author Lavie Tidhar. Taking us into space – Mars at first, then the stars – and then back to a strange, transformed Earth via AI, gods, aliens and the undead, the collection traces the ever-changing meaning of the genre from some of the most exciting voices writing today. This is not a retrospective of what science fiction around the world used to look like. This is a snapshot of what some of it looks like now. And it's never been more exciting. Reviews for The Best of World SF series: 'We need this anthology, and we need editors like Tidhar' The Times 'Just the start of a whole new game for speculative fiction authors around the world' LA Review of Books 'An excellent, lovingly curated collection' Financial Times 'This wonderful anthology should be a hit with any sci-fi fan' Publishers Weekly 'Tidhar gives a cheerful, fannish introduction to the stories, drawn from 26 countries on five continents, and encompassing a dizzying range of tones and approaches' The Times 'An outstanding assortment of international sci-fi shorts... a bold and powerful argument for non-Anglophone SF's potential to push the genre's boundaries.' Publishers Weekly Starred Review
