**Sex and destiny** Francisco Cândido Xavier, Waldo Vieira, André Luiz (Espírito), 2021-09-13 What effects will the sexual experiences and conduct of incarnates have on the immortal spirit in their future life, their destiny? Rich in detail, the books by André Luiz depict the spirit world: how spirits live, their habitats and the relations of cause and effect that influence the evolutionary trajectory both of incarnates and discarnates, delineating their future life, their destiny. In this book, readers will find the answers to their questions about human sexual relationships and their implications for the future life of the immortal spirit, enabling it to “learn by using the library of experience.” Sex and destiny, love and conscience, freedom and commitment, guilt and redemption, home and reincarnation are the topics of this book born in the forge of everyday reality.

The Substance of Style Virginia Postrel,2009-03-17 Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts, that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, The Substance of Style is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

**Equatorial Guinea** Oscar Scafidi,2015-11-20 Unexplored Equatorial Guinea finally gets a guidebook! This one-time Spanish colony is one of the smallest countries in continental Africa, both in terms of size and population, and is ranked by the United Nations among the ten least visited countries in the world. From the oil-rich capital of Malabo on the volcanic island of Bioko, set out to explore the jungle interior via the Spanish colonial outpost of Bata, where you'll find pristine national parks teeming with wildlife, incredible white-sand beaches and a wealth of small, traditional communities. Travel here may not always be straightforward, but the rewards are worth it for such a unique experience in the heart of tropical Africa's only Spanish-speaking nation. This is the only in-depth English language guide to Equatorial Guinea, one of the last truly unexplored corners of sub-Saharan Africa. With first-hand descriptions of all seven provinces (including the islands and the

mainland), accommodation, maps and itineraries, plus practical details, guides to security and getting a visa, this is all the information you need whether visiting Bioko on business or trekking Río Muni in search of gorillas.

*Earth Storm* Mons Kallentoft, 2018-01-25 The next dark mystery featuring the Linköping's best detective, Malin Fors, from the bestselling author Mons Kallentoft. In the early hours of the morning, the naked body of a young man is discovered in a ditch next to Gö'ta Kanal. The cause of death is mysterious; the body bears no visible traces of violence. The man is soon identified as Peder Akerlund, a former Swedish politician, excluded from his party for racism but since reformed. Then sixteen-year-old Nadja Lundin is reported missing, possibly abducted, the same evening, and there are signs that suggest the two cases might be connected. But what do the victims have in common? And why were they chosen? Gradually, Malin Fors realises that they are dealing with someone who is playing a game with them, who speaks through murders and who will not be silenced. What is he or she trying to say? Desperate to find Nadja alive, the team race against the clock to find an answer before it's too late... Praise for the Malin Fors series: 'One of the best-realised female heroines I've read by a male writer.' Guardian 'Kallentoft's books have been called beautiful, exquisite and original. I can see why.' Literary Review 'This is a worthy successor to Larsson's Millennium trilogy.' Booklist Starred Review

Success Strategies Warren G. Bennis, Marjorie Blanchard, Brian Tracy, 2008 Strategic planning is vital to achieving success in any endeavor in life. Whether you are an entrepreneur, a corporate CEO, a volunteer for a community project, or trying to organize your personal life, it's important to have strategies in place that will help you succeed. I am really excited about what the authors in the book had to say. If I had not interviewed these outstanding, successful men and women I don't think the subject they talked about would have occurred to me. Who would have thought reinventing diversity or the power of procrastination would be success strategies? One of the authors in this chapter said that we are performing in an era where knowledge is power. He went on to say I think the key is applying that knowledge with laser-like focus. This means ruthless prioritization on what needs to be accomplished in order to yield the highest payoff in cultures of high demand. The chapters in this book will help you discover core issues that may be challenging you or keeping success just out of reach. I am sure that you will be able to use the information these authors have shared to empower your dreams and goals into reality. Remember success doesn't just happen—you make it happen
