*The Lost 116 Pages: Reconstructing the Book of Mormon's Missing Stories* Don Bradley,2019-11-21 On a summer day in 1828, Book of Mormon scribe and witness Martin Harris was emptying drawers, upending furniture, and ripping apart mattresses as he desperately looked for a stack of papers he had sworn to God to protect. Those pages containing the only copy of the first three months of the Joseph Smith's translation of the golden plates were forever lost, and the detailed stories they held forgotten over the ensuing years--until now. In this highly anticipated work, author Don Bradley presents over a decade of historical and scriptural research to not only tell the story of the lost pages but to reconstruct many of the detailed stories written on them. Questions explored and answered include: Was the lost manuscript actually 116 pages? How did Mormon's abridgment of this period differ from the accounts in Nephi's small plates? Where did the brass plates and Laban's sword come from? How did Lehi's family and their descendants live the Law of Moses without the temple and Aaronic priesthood? How did the Liahona operate? Why is Joseph of Egypt emphasized so much in the Book of Mormon? How were the first Nephites similar to the very last? What message did God write on the temple wall for Aminadi to translate? How did the Jaredite interpreters come into the hands of the Nephite kings? Why was King Benjamin so beloved by his people? Despite the likely demise of those pages to the sands of time, the answers to these questions and many more are now available for the first time in nearly two centuries in *The Lost 116 Pages: Reconstructing the Book of Mormon's Missing Stories*.

**Before Trans** Rachel Mesch,2020-05-12 “This thoughtful academic treatise . . . explores the lives of three famous gender nonconformists in fin-de-siècle Paris.” —Publishers Weekly Before the term “transgender” existed, there were those who experienced their gender in complex ways. Before Trans examines the lives and writings of Jane Dieulafoy (1850–1916), Rachilde (1860–1953), and Marc de Montifaud (1845–1912), three French writers whose gender expression did not conform to nineteenth-century notions of femininity. Dieulafoy fought alongside her husband in the Franco-Prussian War; later she wrote novels about girls becoming boys and enjoyed being photographed in her signature men's suits. Rachilde became famous in the 1880s for her controversial gender-bending novel *Monsieur Venus*, published around the same time that she started using a calling card that read “Rachilde, Man of Letters.” Montifaud turned to erotic writings, for which she was repeatedly charged with offense to public decency; she wore tailored men's suits and a short haircut and went by masculine pronouns among certain friends. Dieulafoy, Rachilde, and Montifaud established themselves as fixtures in the literary world of fin-de-siècle Paris at the same time as French writers, scientists, and doctors were becoming fascinated with sexuality and sexual difference. Even so, the concept of gender identity as separate from sexual identity did not yet exist. Before Trans explores these three figures' efforts to articulate a sense of selfhood that did not align with the conventional gender roles of their day. Their personal stories provide vital historical context for our own efforts to understand the nature of gender identity. “A fresh and original take on trans history.” —Jack Halberstam, author of *The Queer Art of Failure*

**Finding Chika** Mitch Albom,2019-11-05 Mitch Albom has done it again with this moving memoir of love and loss. You can't help but fall for Chika. A page-turner that will no doubt become a classic." --Mary Karr, author of *The Liars' Club* and *The Art of Memoir* From the #1 New York Times bestselling author of *Tuesdays With Morrie* comes Mitch Albom's most personal story to date: an intimate and heartwarming memoir about what it means to be a family and the young Haitian orphan whose short life would forever change his heart. Chika Jeune was born three days before the devastating earthquake that decimated Haiti in 2010. She spent her infancy in a landscape of extreme poverty, and when her mother died giving birth to a baby brother, Chika was brought to The Have Faith Haiti Orphanage that Albom operates in Port Au Prince. With no children of their own, the forty-plus children who live, play, and go to school at the orphanage have become family to Mitch and his wife, Janine. Chika's arrival makes a quick impression. Brave and self-assured, even as a three-year-old, she delights the other kids and teachers. But at age five, Chika is suddenly diagnosed with something a doctor there says, "No one in Haiti can help you with." Mitch and Janine bring Chika to Detroit, hopeful that American medical care can soon return her to her homeland. Instead, Chika becomes a permanent part of their household, and their lives, as they embark on a two-year, around-the-world journey to find a cure. As Chika's boundless optimism and humor teach Mitch the joys of caring for a child, he learns that a relationship built on love, no matter what blows it takes, can never be lost. Told in hindsight, and through illuminating conversations with Chika herself, this is Albom at his most poignant and vulnerable. *Finding Chika* is a celebration of a girl, her adoptive guardians, and the incredible bond they formed—a devastatingly beautiful portrait of what it means to be a family, regardless of how it is made.

**Policing and Social Media** Christopher J. Schneider,2016-04-04 This book investigates various public aspects of the management, use, and control of social media by police agencies in Canada. This book aims to illustrate the process by which new information technology—namely, social media—and related changes in communication formats have affected the public face of policing and police work. Schneider argues that police use of social media has altered institutional public police practices in a manner that is consistent with the logic of social media platforms. Policing is changing to include new ways of conditioning the public, cultivating self-promotion, and expanding social control. While each case study presented here focuses on a different social media platform or format, his concern is less with the particular format per se, as these will undoubtedly change, and more with developing suitable analytical and methodological approaches to understanding contemporary policing practices on social media sites.

**Thanks for Watching** Patricia G. Lange, 2019-11-15 YouTube hosts one billion visitors monthly and sees more than 400 hours of video uploaded every minute. In her award winning book, *Thanks for Watching*, Patricia G. Lange offers an anthropological perspective on this heavily mediated social environment by analyzing videos and the emotions that motivate sharing them. She demonstrates how core concepts from anthropology—participant-observation, reciprocity, and community—apply to sociality on YouTube. Lange's book reconceptualizes and updates these concepts for video-sharing cultures. Lange draws on 152 interviews with YouTube participants at gatherings throughout the United States, content analyses of more than 300 videos, observations of interactions on and off the site, and participant-observation. She documents how the introduction of monetization options impacted perceived opportunities for open sharing and creative exploration of personal and social messages. Lange's book provides new insight into patterns of digital migration, YouTube's influence on off-site interactions, and the emotional impact of losing control over images. The book also debunks traditional myths about online interaction, such as the supposed online/offline binary, the notion that anonymity always degrades public discourse, and the popular characterization of online participants as over-sharing narcissists. YouTubers' experiences illustrate fascinating hybrid forms of contemporary sociality that are neither purely mediated nor sufficient when conducted only in person. Combining intensive ethnography, analysis of video artifacts, and Lange's personal vlogging experiences, the book explores how YouTubers are creating a posthuman collective characterized by interaction, support, and controversy. In analyzing the tensions between YouTubers' idealistic goals of sociality and the site's need for monetization, *Thanks for Watching* makes crucial contributions to cultural anthropology, digital ethnography, science and technology studies, new media studies, communication, interaction design, and posthumanism. For its perceptive analysis of video blogging for self-expression and sociality, *Thanks for Watching* received the Franklyn S. Haiman Award for Distinguished Scholarship in Freedom of Expression (2020), from the National Communication Association.

**Dark Shadows** Harry M. Benshoff, 2011 Explores the cultural, industrial, formal, and generic contexts of the television soap opera *Dark Shadows* as a precursor to today's popular gothic media franchises. While supernatural events have become fairly commonplace on daytime television in recent decades, *Dark Shadows*, which aired on ABC between 1966 and 1971, pioneered this format when it blended the vampires, werewolves, warlocks, and witches of fictional Collinsport, Maine, with standard soap opera fare like alcoholism, jealousy, and tangled love. In this volume, author Harry M. Benshoff examines *Dark Shadows*, both during its initial run and as an enduring cult phenomenon, to prove that the show was an important precursor--or even progenitor--of today's phenomenally popular gothic and fantasy media franchises like *Twilight*, *Harry Potter*, and *True Blood*. Benshoff demonstrates that viewers of all ages responded to the haunted world of *Dark Shadows*, making unlikely stars out of the show's iconic characters--reluctant vampire Barnabas Collins, playboy werewolf Quentin Collins, vengeful witch Angelique DuVal, and vampire hunter Dr. Julia Hoffman. Benshoff explores the cultural and industrial contexts of the mid-1960s that gave rise to *Dark Shadows* and how the show adapted nineteenth-century gothic novels and twentieth-century horror films into a televised serial format. Benshoff also examines the unique aspects of the show's casting and performance modes, its allure as a camp cult text, and the function of the show's many secondary and tertiary texts--including novels, records, games, comic books, and the two feature films, *House of Dark Shadows* (1970) and *Night of Dark Shadows* (1971). In the years since its cancellation, *Dark Shadows*' enduring popularity has led to a prime-time NBC remake in the early 1990s, recent talk of a Tim Burton and Johnny Depp feature film, and a popular ongoing fan convention. Benshoff's timely study of *Dark Shadows* will appeal to fans of the show and all film and television history scholars who are interested in the roots of one of today's most popular genres.

**Watching YouTube** Michael Strangelove, 2010-04-30 An anonymous musician plays Pachelbel's Canon on the electric guitar in a clip that has been viewed over sixty million times. The Dramatic Gopher is viewed over sixteen million times, as is a severely inebriated David Hasselhoff attempting to eat a hamburger. Over 800 variations, parodies, and parodies-of-parodies are uploaded of Beyonce Knowles' Single Ladies dance. Tay Zonday sings Chocolate Rain in a video viewed almost forty million times and scores himself a record deal. Obama Girl enters the political arena with contributions such as I Got a Crush on Obama and gets coverage in mainstream news networks. In *Watching YouTube*, Michael Strangelove provides a broad overview of the world of amateur online videos and the people who make them. Dr. Strangelove, the Governor General Literary Award-nominated author that *Wired Magazine* called a 'guru of Internet advertising,' describes how online digital video is both similar to and different from traditional home-movie-making and argues that we are moving into a post-television era characterized by mass participation. Strangelove draws from television, film, cultural, and media studies to help define an entirely new field of research. Online practices of representation, confessional video diaries, gendered uses of amateur video, and debates over elections, religion, and armed conflicts make up the bulk of this groundbreaking study, which is supplemented by an online blog at [strangelove.com/blog](http://strangelove.com/blog). An innovative and timely study, *Watching YouTube* raises questions about the future of cultural memory, identity, politics, warfare, and family life when everyday representational practices are altered by four billion cameras in the hands of ordinary people.
