*Pirates of Pensacola* Keith Thomson, 2005-04 The Cooke and Hood families have been at each other's throats since the Spanish Main days. The latest chapter in their piratic rivalry takes place in 2004, when an old treasure map turns up. None of this seems to matter to Morgan Cooke, a cowardly, landlubbing accountant entirely ignorant of his heritage until his estranged father, Isaac, in need of crewmen, kidnaps him and thrusts him into the fray. When Morgan wakes up on a boat in the middle of the Caribbean, he learns that piracy still flourishes, albeit with far more discretion than in the old days--pirates disguise their fast boats as shrimpers or tugs--but with no less bloodshed. Judging even a shot at riches vastly preferable to a return to his lonely, fluorescent-lit work station existence, Morgan pierces his ear, dons the eye patch and peg leg, and set sail for glorious adventure.

*F Power Mode Fitness* Mehrshad Dave, 2016-12-26 *F Power Mode Fitness* Systematic workout Program for no doubt gives you the best results to achieving a fit body but challenging yourself with new exercises and workouts is a different discussion. When your body gets used to a specific workout program, it loses its effectiveness. For example if you do sit-ups every day in a month and increase the number of reps as days pass, not only it doesn't help your body to burn fats and build muscles, but it makes this exercise easy for your body and it loses its effectiveness. If you always

get your body in to new challenges and learn more exercises, for sure, your body is going to be fit. In this book we challenge you and your body to new workouts and exercises. All of the body parts, legs, abs, and upper body... have been categorized in their own section and each section consists of steps. Each step is different from each other and is a challenge for you. From step 1 as you go forward you face new exercises and different levels of reps for each exercise which has been divided to 3 Modes: Minimum, Middle, and Maximum. Each step is a prerequisite for the next one. If you find a step hard, don't rush ahead to the next step. Just practice this one in your workout till you get comfortable with it and then go for the next step. Choose your Specific Body Type workout program that suits your body. Follow along with our workout program and know that if you are serious to be fit, you are in the right way. Remember, always challenge yourself.
