Mentalissimo John Bannon, 2016-08-10 In *Mentalissimo*, John brings his talents to bear on mentalism and mental magic with playing cards. I do card tricks, have a keen interest in mentalism and am a fanatic about the construction of magic tricks. For me, a book like this is just what I look for. All of the above; in one place. You can expect: Squeaky-clean revelations of truly thought-of cards. Demonstrations of psychic ability that can't be explained simply as coincidence. Clear, commercial prediction systems. Offbeat treatments of classic mental effects from Add-a-Number to Out of This World. Thirty items are described and explained in twenty-one chapters. Almost all use regular unprepared cards. Two require a common gaffed card. Most are impromptu. A couple require a more-than-minimal stack. A few rely on easily-made external props. One employs a pack of ESP symbol cards. All are intelligently explained and laced with commentary and discussion. Come for the thought-provoking card effects; stay for the conversation.

Thimman, 2016-06-24 Human Fatigue Risk Management: Improving Safety in the Chemical Processing Industry teaches users everything they need to know to mitigate the risk of fatigued workers in a plant or refinery. The book goes beyond API RP 755, offering more detailed understanding of why certain measures for managing fatigue are beneficial to a company, including examples of how theory can be put into practice. It is a simple, digestible book for managers who are interested in addressing human factor issues at their workplace in order to raise safety standards. Covers sleep, sleep disorders, and the consequences of fatigue as related to high-hazard industries Helps improve safety standards at the plant level Provides information on how to comply with API RP 755 and related OSHA 29CFR1910 articles Relates fatigue and human performance to accidents, helping readers make a case for implementing a human fatigue risk management policy, which, in turn, prevents loss of property and life

But being on the run makes it hard to prove his innocence. He is not only fighting to clear his name, but prove to Igorian Hunchback that they are meant to be together. Igorian refuses to give in to his desires where Pan is concerned. Although the man is a walking wet dream, Igorian has been taught that vampires don't mate outside their race. It is a lesson drilled into him from rebirth. When wanted posters go up and the two must run for their lives, Igorian learns that fighting against the attraction he feels for Pan is futile. Can the two clear their names and the misconceptions taught to Igorian, or will the Ministry of Paranormal Affairs doom them both to a death sentence before Igorian finds out what it means to purr for a panther shifter? ** A Siren Erotic Romance
