Greg Egan

How to Improve Your Foreign Language Immediately Boris Shekhtman,2013-05 This is the third edition of a popular book that provides a unique set of tools designed to enhance an individual's success in communication in a foreign language environment. The devices presented allow the speaker of a foreign language to demonstrate the level of his/her language more impressively. These techniques were developed and tested by the author with adult professionals in such varied fields as journalism, diplomacy, government, and international business.

The Energy Machine of Joseph Newman Joseph Westley Newman,1998-05-01

The Gone-Away World Nick Harkaway,2008-09-04 The Jorgmund Pipe is the backbone of the world, and it's on fire. Gonzo Lubitsch, professional hero and troubleshooter, is hired to put it out - but there's more to the fire, and the Pipe itself, than meets the eye. The job will take Gonzo and his best friend, our narrator, back to their own beginnings and into the dark heart of the Jorgmund Company itself. Equal parts raucous adventure, comic odyssey and Romantic Epic, The Gone-Away World is a story of - among other things - love and loss; of ninjas, pirates, politics; of curious heroism in strange and dangerous places; and of a friendship stretched beyond its limits. But it also the story of a world, not unlike our own, in desperate need of heroes - however unlikely they may seem.

Foreign Affairs Highlights United States Department of State. Division of Public Liaison,1949

El Infierno: Drugs, Gangs, Riots and Murder Pieter Tritton,2017-07-27 “Gato’s head snapped back... We could make out the shots of several 9mms, a couple of 38s and one or two 45s. I hurled myself through the doorway and into the room. I didn’t look back.” Caught in an Ecuador hotel room with 8kg of cocaine, Pieter Tritton was no mule or dupe. He had planned and organised everything. The consequence: a 12-year sentence inside one of the world’s deadliest prison systems, where gun fights, executions and riots are a part of everyday life. As a Brit banged up abroad, Pieter had to learn how to survive – and fast – because one wrong move would mean death. This is the insider account of what it’s like to live in a place worse than hell and come out a changed man on the other side.

Lords of Chaos Michael Moynihan,Didrik Soderlind,2003-11-01 “* * * * *! The most incredible story in the history of music ... a heavyweight book.”—Kerrang! “An unusual combination of true crime journalism, rock and roll reporting and underground obsessiveness, Lords of Chaos turns into one of the more fascinating reads in a long time.”—Denver Post A narrative feature film based on this award-winning book has just gone into production.

Shatnerquake Jeff Burk,2009 After a reality bomb goes off at the first ever ShatnerCon, all of the characters ever played by William Shatner are suddenly sucked into our world. Their mission: hunt down and destroy the real William Shatner. Featuring: Captain Kirk, TJ Hooker, Denny Crane, Priceline Shatner, Cartoon Kirk, Rescue 9-1-1 Shatner, singer Shatner, and many more. No costumed con-goer will be spared in their wave of destruction, no red shirt will make it out alive, and not even the Klingons will be able to stand up to a deranged Captain Kirk with a light saber. But these Shatner- clones are about to learn a hard lesson . . . that the real William Shatner doesn't take crap from anybody. Not even himself.

A Stray Cat Struts Slim Jim Phantom,2016-08-16 In June 1980, 19-year-old James McDonnell (known as Slim Jim Phantom) boarded a plane from New York City to London with his childhood friends and bandmates Brian Setzer and Lee Rocker. In less than a year, they went from being homeless, hungry, and living in punk rock squats to the toast of the London music scene. The Stray Cats developed a signature sound and style that swept across the world, released multiplatinum albums, and were embraced and befriended by classic rock acts like the Rolling Stones and Led Zeppelin, as well as original punk heroes such as the Sex Pistols, the Damned, and the Clash, and rock-and-roll originators Carl Perkins and Jerry Lee Lewis. After ten years of marriage to actress Britt Ekland, Slim Jim moved down the hill to Sunset Strip, where his son was raised and he owned the world-famous rock-and-roll bar Cat Club while continuing to play with a host of well-known musicians. Slim Jim, a veteran of the London and LA music scenes, recounts in his memoir not just the Stray Cats' rise but a different type of life spent in the upper echelon of rock-and-roll stardom.

The Gum Thief Douglas Coupland,2011-01-15 Douglas Coupland's inventive novel-think Clerks meets Who's Afraid of Virginia Woolf?-is the story of an extraordinary epistolary relationship between Roger and Bethany, two very different, but strangely connected, aisles associates at Staples. Watch as their lives unfold alongside Roger's work-in-progress, the oddly titled Glove Pond. A raucous tale of four academics, two malfunctioning marriages, and one rotten dinner party, Roger's opus is a Cheever-style novella gone horribly wrong. But as key characters migrate into and out of its pages, Glove Pond becomes an anchor of Roger's unsettled-and unsettling-life.Coupland electrifies us on every page of this witty, wise, and unforgettable novel. Love, death, and eternal friendship can all transpire where we least expect them...and even after tragedy seems to have wiped your human slate clean, stories can slowly rebuild you.

Death of a King Tavis Smiley,2014-09-09 A revealing and dramatic chronicle of the twelve months leading up to Dr. Martin Luther King, Jr.'s assassination. Martin Luther King, Jr. died in one of the most shocking assassinations the world has known, but little is remembered about the life he led in his final year. New York Times bestselling author and award-winning broadcaster Tavis Smiley recounts the final 365 days of King's life, revealing the minister's trials and tribulations -- denunciations by the press, rejection from the president, dismissal by the country's black middle class and militants, assaults on his character, ideology, and political tactics, to name a few -- all of which he had to rise above in order to lead and address the racism, poverty, and militarism that threatened to destroy our democracy. Smiley's Death of a King paints a portrait of a leader and visionary in a narrative different from all that have come before. Here is an exceptional glimpse into King's life -- one that adds both nuance and gravitas to his legacy as an American hero.

Tyler Johnson Was Here Jay Coles,2018-03-20 A young man searches for answers after the death of his brother at the hands of police in this striking debut novel, for readers of The Hate U Give. When Marvin Johnson's twin, Tyler, goes to a party, Marvin decides to tag along to keep an eye on his brother. But what starts as harmless fun turns into a shooting, followed by a police raid. The next day, Tyler has gone missing, and it's up to Marvin to find him. But when Tyler is found dead, a video leaked online tells an even more chilling story: Tyler has been shot and killed by a police officer. Terrified as his mother unravels and mourning a brother who is now a hashtag, Marvin must learn what justice and freedom really mean. Tyler Johnson Was Here is a powerful and moving portrait of youth and family that speaks to the serious issues of today--from gun control to the Black Lives Matter movement.

A Kind of Magic Jonathan Melville,2022-06-07 Telling the story of an immortal Scottish warrior doomed to survive through the centuries while watching those he loves die around him, 1986's Highlander was a British film that took the fantasy genre and infused it with a few thousand volts of energy from the rock video industry to create a timeless, genre-defying, classic. The story of an immortal Scottish warrior battling evil down through the centuries, Highlander fused a high concept idea with the kinetic energy of a pop promo pioneer and Queen's explosive soundtrack to become a cult classic. When two budget-conscious American producers took a chance on a college student's

script, they set in motion a chain of events involving an imploding British film studio, an experimental music video director still finding his filmmaking feet, a former James Bond with a spiralling salary, and the unexpected arrival of low-budget indie film company, Cannon Films. Author Jonathan Melville looks back at the creation of Highlander with the help of more than 60 new cast and crew interviews, including stars Christopher Lambert and Clancy Brown, revisiting the gruelling shoot that took them from the back alleys of London, to the far reaches of the Scottish Highlands and onto the mean streets of 1980s New York City.

The Great Perhaps: A Novel Joe Meno,2010-04-12 “This ambitious, adventurous writer . . . recalls Anton Chekhov with his amused appreciation of human foibles.”—Wendy Smith, Chicago Tribune The sky is falling for the Caspers, a family of cowards. When the parents decide to separate, this family is forced to appreciate the cloudiness of this modern age.

The Portable Atheist Christopher Hitchens,2007-11-06 Presents excerpts on the subject of religion from the writings of such notable non-believers as John Stuart Mill, Karl Marx, Charles Darwin, Mark Twain, H. L. Mencken, Albert Einstein, Richard Dawkins, and Salman Rushdie.

A Lion's Tale Chris Jericho,2007-10-25 Experience the thrilling journey of a wrestling superstar in this no-holds-barred memoir from the first undisputed WWE heavyweight champion. Chris Jericho is the first undisputed Heavyweight Champion of the WWE and WCW, and has been called one of the fifty greatest wrestlers of all time. Now retired, he is writing his memoir, telling the story of his journey from wrestling school in Canada to his time in leagues in Mexico and Japan to his big break in the WCW. He'll dish the dirt on how he worked his way through the ranks alongside major wrestling stars like Chris Benoit and Lance Storm to become a major superstar.

Permutation City Greg Egan,1994-04-26 Paul Durham keeps making Copies of himself: software simulations of his own brain and body which can be run in virtual reality, albeit seventeen times more slowly than real time. He wants them to be his guinea pigs for a set of experiments about the nature of artificial intelligence, time, and causality, but they keep changing their mind and baling out on him, shutting themselves down. Maria Deluca is an Autoverse addict; she's unemployed and running out of money, but she can't stop wasting her time playing around with the cellular automaton known as the Autoverse, a virtual world that follows a simple set of mathematical rules as its "laws of physics". Paul makes Maria a very strange offer: he asks her to design a seed for an entire virtual biosphere able to exist inside the Autoverse, modelled right down to the molecular level. The job will pay well, and will allow her to indulge her obsession. There has to be a catch, though, because such a seed would be useless without a simulation of the Autoverse large enough to allow the resulting biosphere to grow and flourish — a feat far beyond the capacity of all the computers in the world.

You Don't Love Me Yet Jonathan Lethem,2008-04-08 Bestselling author Jonathan Lethem delivers a hilarious novel about love, art, and what it's like to be young in Los Angeles. Lucinda Hoekke's daytime gig as a telephone operator at the Complaint Line—an art gallery's high-minded installation piece—is about as exciting as listening to dead air. Her real passion is playing bass in her forever struggling, forever unnamed band. But recently a frequent caller, the Complainer, as Lucinda dubs him, has captivated her with his philosophical musings. When Lucinda's band begins to incorporate the Complainer's catchy, existential phrases into their song lyrics, they are suddenly on the cusp of their big break. There is only one problem: the Complainer wants in. BONUS MATERIAL: This edition includes an excerpt from Jonathan Lethem's Dissident Gardens.

Allow Me to Retort Elie Mystal,2023-05-09 Finalist, ABA Silver Gavel Award for Books The New York Times bestseller that has cemented Elie Mystal's reputation as one of our sharpest and most acerbic legal minds “After reading Allow Me to Retort, I want Elie Mystal to explain everything I don't understand—quantum astrophysics, the infield fly rule, why people think Bob Dylan is a good singer . . .” —Michael Harriot, The Root Allow Me to Retort is an easily digestible argument about what rights we have, what rights Republicans are trying to take away, and how to stop them. Mystal explains how to protect the rights of women and people of color instead of cowering to the absolutism of gun owners and bigots. He explains the legal way to stop everything from police brutality to political gerrymandering, just by changing a few judges and justices. He strips out all of the fancy jargon conservatives like to hide behind and lays bare the truth of their project to keep America forever tethered to its slaveholding past. Mystal brings his trademark humor, expertise, and rhetorical flair to explain concepts like substantive due process and the right for the LGBTQ community to buy a cake, and to arm readers with the knowledge to defend themselves against conservatives who want everybody to live under the yoke of eighteenth-century white men. The same tactics Mystal uses to defend the idea of a fair and equal society on MSNBC and CNN are in this book, for anybody who wants to deploy them on social media. You don't need to be a legal scholar to understand your own rights. You don't need to accept the “whites only” theory of equality pushed by conservative judges. You can read this book to understand that the Constitution is trash, but doesn't have to be.

Collecting Louis Vuitton Paul Pluta,2010-10-11 An easy to read guide for all lovers of Louis Vuitton. I am very passionate about collecting Louis Vuitton and this book is the result of years of collecting. I have been a Louis Vuitton fan since I was 15 years old.This book covers the following topics:-LOUIS VUITTON “ BOOKS, CATALOGUES AND LITERATURE.HOLY GRAIL PIECES. TELLING FAKES FROM GENUINE ITEMS. The Ocean and Cryosphere in a Changing Climate Intergovernmental Panel on Climate Change (IPCC),2022-05-19 The Intergovernmental Panel on Climate Change (IPCC) is the leading international body for assessing the science related to climate change. It provides policymakers with regular assessments of the scientific basis of human-induced climate change, its impacts and future risks, and options for adaptation and mitigation. This IPCC Special Report on the Ocean and Cryosphere in a Changing Climate is the most comprehensive and up-to-date assessment of the observed and projected changes to the ocean and cryosphere and their associated impacts and risks, with a focus on resilience, risk management response options, and adaptation measures, considering both their potential and limitations. It brings together knowledge on physical and biogeochemical changes, the interplay with ecosystem changes, and the implications for human communities. It serves policymakers, decision makers, stakeholders, and all interested parties with unbiased, up-to-date, policy-relevant information. This title is also available as Open Access on Cambridge Core.
