Twelve Years a Slave Solomon Northup, 2024-01-04
Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

History of How the Spaniards Arrived in Peru Titu Cusi Yupanqui, 2006-09-30 Catherine Julien's new translation of Titu Cusi Yupanqui's *Relación de como los Españoles Entraron en el Peru*--an account of the Spanish conquest of Peru by the last indigenous ruler of the Inca empire--features student-oriented annotation, facing-page Spanish, and an Introduction that sets this remarkably rich source in its cultural, historical, and literary contexts.

The Peru Reader Orin Starn, Robin Kirk, Carlos Iván Degregori, 2005-12-14 Sixteenth-century Spanish soldiers described Peru as a land filled with gold and silver, a place of untold wealth. Nineteenth-century travelers wrote of soaring Andean peaks plunging into luxuriant Amazonian canyons of orchids, pythons, and jaguars. The early-twentieth-century American adventurer Hiram Bingham told of the raging rivers and the wild jungles he traversed on his way to rediscovering the "Lost City of the Incas," Machu Picchu. Seventy years later, news crews from ABC and CBS traveled to Peru to report on merciless terrorists, starving peasants, and Colombian drug runners in the "white gold" rush of the coca trade. As often as not, Peru has been portrayed in broad extremes: as the land of the richest treasures, the bloodiest conquest, the most poignant ballads, and the most violent revolutionaries. This revised and updated second edition of the bestselling *Peru Reader* offers a deeper understanding of the complex country that lies behind these claims. Unparalleled in scope,

the volume covers Peru's history from its extraordinary pre-Columbian civilizations to its citizens' twenty-first-century struggles to achieve dignity and justice in a multicultural nation where Andean, African, Amazonian, Asian, and European traditions meet. The collection presents a vast array of essays, folklore, historical documents, poetry, songs, short stories, autobiographical accounts, and photographs. Works by contemporary Peruvian intellectuals and politicians appear alongside accounts of those whose voices are less often heard—peasants, street vendors, maids, Amazonian Indians, and African-Peruvians. Including some of the most insightful pieces of Western journalism and scholarship about Peru, the selections provide the traveler and specialist alike with a thorough introduction to the country's astonishing past and challenging present.

Hinduism for Our Times Arvind Sharma, 1996 This book examines the contours of this creative tension in the context of Hinduism in our own times. For Hinduism, a religion of unknown antiquity, is also, in several ways, surprisingly modern. *Hinduism for Our Times* is an attempt to raise this dimension of Hinduism to an unprecedented level of self-awareness.

The White Shadow Andrea Eames, 2012 Tinashe is a young Shona boy living in a small village in rural Rhodesia. The guerilla war of the late 1960s haunts the bushlands, but it only infrequently affects his quiet life; school, swimming in the

river, playing with the other kids on the kopje. When his younger sister, Hazvinei, is born, Tinashe knows at once that there is something special about her. Their life in the village, once disturbed only by the occasional visits of his successful uncle and city cousin, Abel, now becomes entangled with the dual forces of the Shona spirit world and the political turmoil of the nation. As Tinashe, Hazvinei and Abel grow older, their destinies entangle in ways they never expected. Tinashe is prepared to follow his sister anywhere - but how far can he go to keep her safe when the forces threatening her are so much darker and more sinister than he suspected? Andrea Eames weaves together folklore and suspense in this compelling tale of a boy struggling to do the right thing in an unpredictable world.

The Architecture of Conquest Valerie Fraser,2009-11-12 The Architecture of Conquest

deals with the practice and ideology of colonial architecture in Latin America, referring particularly to the Viceroyalty of Peru during the period 1535-1635. Colonial building has generally been regarded as being merely a provincial reflection of mainstream European art. Valerie Fraser argues that, on the contrary, it had its own distinct identity and architectural projects were a powerful tool in the subjugation of the native peoples of South America by the Spaniards. Although the majority of labourers and craftsmen responsible for the churches, towns and cities of the Spaniards were natives, very little evidence of their own traditions of craftsmanship can be found in this colonial architecture. Thus, while the architecture forms employed by the early conquistadores are clearly derived from the European tradition, their purpose and meaning are completely different, being defined by the colonial context. The deliberate display of architectural motifs, the organisation of building practice and labour are all shown to have served the ends of the political, religious and economic conquest.

Library Lit Bill Katz (Bibliothekar), 1975

In the Congo Urs Widmer, 2015 Kuno, a male nurse in an old people's home in Switzerland, has a new inmate: his father. In the isolation of the home, they finally start talking. Kuno had always regarded his father as boring, a man without a history and without a destiny until one day he realizes that he had once risked his life in the war. His ageing father had a destiny, and what a destiny it was! This realization changes Kuno's life, and he embarks on a journey into his own

psyche which takes him to the depths of the Congo. Longings awaken and dreams come true rays of light in the darkness, meetings with kings, seductive women and the songs of the jungle: the alluring far-away places which he once regarded as the heart of darkness become an adventurous, exciting scene of lunacy, wildness and a test of his own inner strength. In his characteristic manner, Urs Widmer spins yet another riveting yarn, but this time he threads through the many aspects of the relationship between Europe and Africa an always timely tale.
