Jean Hugard,John Joseph Crimmins

Russ & Daughters Mark Russ Federman, 2013-03-05 The former owner/proprietor of the beloved appetizing store on Manhattan's Lower East Side tells the delightful, mouthwatering story of an immigrant family's journey from a pushcart in 1907 to "New York's most hallowed shrine to the miracle of caviar, smoked salmon, ethereal herring, and silken chopped liver" (The New York Times Magazine). When Joel Russ started peddling herring from a barrel shortly after his arrival in America from Poland, he could not have imagined that he was giving birth to a gastronomic legend. Here is the story of this "Louvre of lox" (The Sunday Times, London): its humble beginnings, the struggle to keep it going during the Great Depression, the food rationing of World War II, the passing of the torch to the next generation as the flight from the Lower East Side was beginning, the heartbreaking years of neighborhood blight, and the almost miraculous renaissance of an area from which hundreds of other family-owned stores had fled. Filled with delightful anecdotes about how a ferociously hardworking family turned a passion for selling perfectly smoked and pickled fish into an institution with a devoted national clientele, Mark Russ Federman's reminiscences combine a heartwarming and triumphant immigrant saga with a panoramic history of twentieth-century New York, a meditation on the creation and selling of gourmet food by a family that has mastered this art, and an enchanting behind-the-scenes look at four generations of people who are just a little bit crazy on the subject of fish. Mental Mysteries Theodore Annemann, Burling Hull, 1929

Mentalissimo John Bannon, 2016-08-10 In Mentalissimo, John brings his talents to bear on mentalism and mental magic with playing cards. I do card tricks, have a keen interest in mentalism and am a fanatic about the construction of magic tricks. For me, a book like this is just what I look for. All of the above; in one place. You can expect: Squeaky-clean revelations of truly thought-of cards.

Demonstrations of psychic ability that can't be explained simply as coincidence. Clear, commercial prediction systems. Offbeat treatments of classic mental effects from Add-a-Number to Out of This World. Thirty items are described and explained in twenty-one chapters. Almost all use regular unprepared cards. Two require a common gaffed card. Most are impromptu. A couple require a more-than-minimal stack. A few rely on easily-made external props. One employs a pack of ESP symbol cards. All are intelligently explained and laced with commentary and discussion. Come for the thought-provoking card effects; stay for the conversation.
