Trio William Boyd, 2020 It is summer in 1968, the year of the assassinations of Martin Luther King and Robert Kennedy. While the world is reeling our trio is involved in making a rackety Swingin' Sixties British movie in sunny Brighton. All are leading secret lives. As the film is shot, with its usual drastic ups and downs, so does our trio's private, secret world begin to take over their public one. Pressures build inexorably - someone's going to crack. Or maybe they all will--Publisher description

DNA Nation Sergio Pistoï, 2019-10-20 An indispensable resource for understanding the complex world of over-the-counter genetic testing ... the impressive book explores territory that is both easy to understand and enlightening. --Kirkus Review Highly important, life-changing and delightfully written...[Pistoï] is pulling the rug out from under many of our preconceptions...with continuous wit and humor. A book which indeed demands to be savored. --Paul Levinson, author of *The Silk Code* and *The Plot to Save Socrates* "DNA Nation is a highly readable, scientifically accurate, guide to the brave new world of consumer genetic testing. A must for anyone intrigued by ancestry, health, and the grand variety of humankind". --Ricki Lewis, author of *Human Genetics* and *The Forever Fix* "An enjoyable foray into the medical, legal and ethical aspects of the ongoing genetic revolution...a fun and important read guided by one of the nation's most gifted science writers." --Jacob M. Appel, author of *Who Says You're Dead* Millions of people have done it: with a few clicks and some spit, and at less than the cost of a fancy dinner, you can buy a reading of your DNA online. With this in hand, you can find out where you came from, trace relatives around the world and find new friends on a genetic social network. You can learn about your predisposition to disease, get a genetically tailored diet, understand the sports to which you or your children might be more suited, and even find a date. It's the dawn of consumer genomics, where the progress of biology meets the power of the Internet and big data. But do these applications work? Can we really prevent diseases based on what we read in our DNA? What do scientists say? And do we really understand the implications? What happens if things go wrong and the data is misused or the trust abused? Sergio Pistoï, a journalist and a DNA scientist, investigated this brave new world first-hand by interrogating his own genes, and has provided a practical, informative and thought-provoking survival guide to home genetic testing. From medicine to food, from social networking to genealogy and advertising, this book will show you how the DNA revolution is beginning to have such a profound impact on our daily lives and privacy and why it will influence the choices we make. If you are interested in how social media meets cutting-edge science, and what it means for your life, or if you are considering buying a DNA test, then this is the book for you.

Mirror in the Sky Simon Morrison, 2024-03-19 A stunning musical biography of Stevie Nicks that paints a portrait of an artist, not a caricature of a superstar. Reflective and expansive, *Mirror in the Sky* situates Stevie Nicks as one of the finest songwriters of the twentieth century. This biography from distinguished music historian Simon Morrison examines Nicks as a singer and songwriter before and beyond her career with Fleetwood Mac, from the Arizona landscape of her childhood to the strobe-lit Night of 1000 Stevies celebrations. The book uniquely: Analyzes Nicks's craft—the grain of her voice, the poetry of her lyrics, the melodic and harmonic syntax of her songs. Identifies the American folk and country influences on her musical imagination that place her within a distinctly American tradition of women songwriters. Draws from oral histories and surprising archival discoveries to connect Nicks's story to those of California's above- and underground music industries, innovations in recording technology, and gendered restrictions.

The Book of Mac Donna-Claire Chesman, 2021-10-26 An album-by-album celebration of the life and music of Mac Miller through oral histories, intimate reflections, and critical examinations of his enduring work. "One of my most vivid memories of him is the way he would look at you while he was playing you a song. He tried to look you right in the eyes to see how you were feeling about it." —Will Kalson, friend and first manager Following Mac Miller's tragic passing in 2018, Donna-Claire Chesman dedicated a year to chronicling his work through the unique lens of her relationship to the music and Mac's singular relationship to his fans. Like many who'd been following him since he'd started releasing mixtapes at eighteen years old, she felt as if she'd come of age alongside the rapidly evolving artist, with his music being crucial to her personal development. "I want people to remember his humanity as they're listening to the music, to realize how much bravery and courage it takes to be that honest, be that self-aware, and be that real about things going on internally. He let us witness that entire journey. He never hid that." —Kehlani, friend and musician. The project evolved to include intimate interviews with many of Mac's closest friends and collaborators, from his Most Dope Family in Pittsburgh to the producers and musicians who assisted him in making his everlasting music, including Big Jerm, Rex Arrow, Wiz Khalifa, Benjy Grinberg, Just Blaze, Josh Berg, Syd, Thundercat, and more. These voices, along with the author's commentary, provide a vivid and poignant portrait of this astonishing artist—one who had just released a series of increasingly complex albums, demonstrating what a musical force he was and how heartbreaking it was to lose him. "As I'm reading the lyrics, it's crazy. It's him telling us that he hopes we can always respect him. I feel like this is a message from him, spiritually. A lot of the time, his music was like little letters and messages to his friends, family, and people he loved, to remind them of who he really was." —Quentin Cuff, best friend and tour manager

When Truth Is All You Have Jim McCloskey, Philip Lerman, 2021-06-29 "A riveting and infuriating examination of criminal prosecutions, revealing how easy it is to convict the wrong person and how nearly impossible it is to undo the error." —Washington Post No one has illuminated this problem more thoughtfully and persistently. —Bryan Stevenson, author of *Just Mercy* Jim McCloskey was at a midlife crossroads when he met the man who would change his life. A former management consultant, McCloskey had grown disenchanted with the business world; he enrolled at Princeton Theological Seminary at the age of 37. His first assignment, in 1980, was as a chaplain at Trenton State Prison. Among the inmates was Jorge de los Santos, a heroin addict who'd been convicted of murder years earlier. He swore to McCloskey that he was innocent—and, over time, McCloskey came to believe him. With no legal or investigative training to speak of, McCloskey threw himself into the case. Two years later, thanks to those efforts, Jorge de los Santos walked free, fully exonerated. McCloskey had found his calling. He established Centurion Ministries, the first group in America devoted to overturning wrongful convictions. Together with his staff and a team of forensic experts, lawyers, and volunteers—through tireless investigation and an unflagging dedication to justice—Centurion has freed 65 innocent prisoners who had been sentenced to life or death. When *Truth Is All You Have* is McCloskey's inspirational story, as well as those of the unjustly imprisoned for whom he has fought. Spanning the nation, it is a chronicle of faith and doubt; of triumphant success and shattering failure. It candidly exposes a life of searching and struggle, uplifted by McCloskey's certainty that he had found what he was put on earth to do. Filled with generosity, humor, and compassion, it is the soul-bearing account of a

man who has redeemed innumerable lives—and incited a movement—with nothing more than his unshakeable belief in the truth.

Love is Blind William Boyd,2018 Brodie Moncur is a piano tuner, as brilliant in his own way as John Kilbarron, the pianist Brodie accompanies on all of his tours. It is a luxurious life, and a level of success Brodie could hardly have dreamed of growing up in a remote Scottish village, in a household ruled by a tyrannical father. But Brodie would gladly give it all up for the love of the Russian soprano Lika Blum: beautiful, worldly, seductive--and consort to Kilbarron. Brodie's passion for Lika only grows as their lives become increasingly more intertwined, more secretive, and, finally, more dangerous. What Brodie doesn't know about Lika, and about her connection to Kilbarron and his sinister brother, Malachi, eventually tests Brodie's ability, and will, to survive. -- adapted from publisher info.
