You'll learn everything from basic video production tools to advanced applications you can use in classroom and rehearsal settings. --Résumé de l'éditeur.

My Vampire System JKSManga, 2020-04-17 The human Race is at war with the Vicious Dalki and when they needed help more than ever, THEY started to come forward. Humans who had hidden in the shadows for hundreds of years, people with abilities. Some chose to share their knowledge to the rest of the world in hopes of winning the war, while others kept their abilities to themselves. Quinn had lost everything to the war, his home, his family and the only thing he had inherited was a crummy old book that he couldn't even open. But when the book had finally opened, Quinn was granted a system and his whole life was turned around. He completed quest after quest and became more powerful, until one day the system gave him a quest he wasn't sure he could complete. It is time to feed! You must drink human blood within 24 hours Your HP will continue to decrease until the task has been completed More info, visit: <https://www.webnovel.com/>

Springer Handbook of Global Navigation Satellite Systems Peter Teunissen, Oliver Montenbruck, 2017-06-16 This Handbook presents a complete and rigorous overview of the fundamentals, methods and applications of the multidisciplinary field of Global Navigation Satellite Systems (GNSS), providing an exhaustive, one-stop reference work and a state-of-the-art description of GNSS as a key technology for science and society at large. All global and regional satellite navigation systems, both those currently in operation and those under development (GPS, GLONASS, Galileo, BeiDou, QZSS, IRNSS/NAVIC, SBAS), are examined in detail. The functional principles of receivers and antennas, as well as the advanced algorithms and models for GNSS parameter estimation, are rigorously discussed. The book covers the broad and diverse range of land, marine, air and space applications, from everyday GNSS to high-precision scientific applications and provides detailed descriptions of the most widely used GNSS format standards, covering receiver formats as well as IGS product and meta-data formats. The full coverage of the field of GNSS is presented in seven parts, from its fundamentals, through the treatment of global and regional navigation satellite systems, of receivers and antennas, and of algorithms and models, up to the broad and diverse range of applications in the areas of positioning and navigation, surveying, geodesy and geodynamics, and remote sensing and timing. Each chapter is written by international experts and amply illustrated with figures and photographs, making the book an invaluable resource for scientists, engineers, students and institutions alike.

The Stripper Diaries Trisha Paytas, 2013-10-15 In the brutally raw The Stripper Diaries, author Trisha Paytas reveals a collection of her real life diary entries written during her stint as a Los Angeles stripper. A follow up to her wildly popular memoir, The History of My Insanity, this deeply personal collection gives readers a shocking glimpse into the dark side of an often glamorized industry.

The Handbook of Art Therapy and Digital Technology Cathy A Malchiodi, 2018-06-21 Interest in the use of digital technology in art therapy has grown significantly in recent years. This book provides an authoritative overview of the applications of digital art therapy with different client groups and considers the implications for practice. Alongside Cathy Malchiodi, the contributors review the pros and cons of introducing digital technology into art therapy, address the potential ethical and professional issues that can arise and give insight into the effect of digital technology on the brain. They cover a wide range of approaches, from therapeutic filmmaking to the use of tablet and smartphone technology in therapy. Detailed case studies bring the practicalities of using digital technology with children, adolescents and adults

to life and the use of social media in art therapy practice, networking and community-building is also discussed.

Pirates of Pensacola Keith Thomson,2005-04 The Cooke and Hood families have been at each other's throats since the Spanish Main days. The latest chapter in their piratic rivalry takes place in 2004, when an old treasure map turns up. None of this seems to matter to Morgan Cooke, a cowardly, landlubbing accountant entirely ignorant of his heritage until his estranged father, Isaac, in need of crewmen, kidnaps him and thrusts him into the fray. When Morgan wakes up on a boat in the middle of the Caribbean, he learns that piracy still flourishes, albeit with far more discretion than in the old days--pirates disguise their fast boats as shrimpers or tugs--but with no less bloodshed. Judging even a shot at riches vastly preferable to a return to his lonely, fluorescent-lit work station existence, Morgan pierces his ear, dons the eye patch and peg leg, and set sail for glorious adventure.

Mass Higher Education Development in East Asia Jung Cheol Shin, Gerard A. Postiglione, Futao Huang,2015-02-16 This book discusses mass higher education development in East Asian countries by means of three main issues: the strategy for higher education development; the way professors and students in the region are experiencing the rapid developments; and the challenges imposed by mass higher education. These challenges include the quality of education as well as structural changes in the rapidly developing systems, funding sources for supporting mass higher education, and job markets for college graduates. Part I discusses how the East Asian countries have accomplished or are in the process of accomplishing the rapid development of higher education. Japan, Korea, China, Taiwan, Malaysia, Singapore, and Hong Kong serve as case studies of mass higher education in the region. The case studies introduce and discuss national strategies to develop higher education, funding sources and mechanisms, and initiatives to assure quality of education in a period of rapid growth. Part II and Part III of the book focus on the phenomena of mass higher education in the region and the influence on academia. Mass higher education changes professors and students, who are different from those in elite higher education. Part III further discusses the challenges posed to Asian mass higher education. The Comparative and International Education Society Higher Education (HESIG) has awarded Mass Higher Education Development in East Asia the Higher Education SIG Best Book Award 2015.
