The Bald Eagle: The Improbable Journey of America's Bird Jack E. Davis, 2022-03-01 Best Books of the Month: Wall Street Journal, Kirkus Reviews From the Pulitzer Prize-winning author of *The Gulf*, a sweeping cultural and natural history of the bald eagle in America. The bald eagle is regal but fearless, a bird you're not inclined to argue with. For centuries, Americans have celebrated it as "majestic" and "noble," yet savaged the living bird behind their national symbol as a malicious predator of livestock and, falsely, a

snatcher of babies. Taking us from before the nation's founding through inconceivable resurgences of this enduring all-American species, Jack E. Davis contrasts the age when native peoples lived beside it peacefully with that when others, whether through hunting bounties or DDT pesticides, twice pushed *Haliaeetus leucocephalus* to the brink of extinction. Filled with spectacular stories of Founding Fathers, rapacious hunters, heroic bird rescuers, and the lives of bald eagles themselves—monogamous creatures, considered among the animal world's finest parents—*The Bald Eagle* is a much-awaited cultural and natural history that demonstrates how this bird's wondrous journey may provide inspiration today, as we grapple with environmental peril on a larger scale.

**Dream Girl** Laura Lippman, 2021-06-22 Booklist Editors' Choice! Called One of the Best Mystery Books by NPR, Washington Post, Crime Reads, Library Journal, South Florida Sun-Sentinel, and Dublin City Library! With this tip of the hat to Stephen King's *Misery*, *Dream Girl* is funny and suspenseful, with a dread-worthy final twist. —People "My dream novel. I devoured this in three days. The sharpest, clearest-eyed take on our #MeToo reckoning yet. Plus: enthralling. —Megan Abbott, Edgar Award-winning author of *Dare Me* and *The Fever* Following up on her acclaimed and wildly successful New York Times bestseller *Lady in the Lake*, Laura Lippman returns with a dark, complex tale of psychological suspense with echoes of *Misery* involving a novelist, incapacitated by injury, who is plagued by mysterious phone calls. Aubrey, the title character of Gerry Andersen's most successful novel, *Dream Girl*, is so captivating that Gerry's readers insist she's real. Gerry knows she exists only in his imagination. So how can Aubrey be

calling Gerry, bed-bound since a freak fall? A virtual prisoner in his penthouse, Gerry is dependent on two women he barely knows: his incurious young assistant, and a dull, slow-witted night nurse. Could the cryptic caller be one of his three ex-wives playing a vindictive trick after all these years? Or is she Margot, an ex-girlfriend who keeps trying to insinuate her way back into Gerry's life? And why does no one believe that the call even happened? Isolated from the world, drowsy from medication, Gerry slips between reality and dreamlike memories: his faithless father, his devoted mother; the women who loved him, the women he loved. Now here is Aubrey, threatening to visit him, suggesting that Gerry owes her something. Is the threat real or a sign of dementia? Which scenario would he prefer? Gerry has never been so alone, so confused – and so terrified. And then he wakes up to another nightmare—a woman's dead body next to his bed—and the terrifying uncertainty of whether he is responsible.

*Children of Katrina* Alice Fothergill, Lori Peek, 2015-09-01 When children experience upheaval and trauma, adults often view them as either vulnerable and helpless or as resilient and able to easily “bounce back.” But the reality is far more complex for the children and youth whose lives are suddenly upended by disaster. How are children actually affected by catastrophic events and how do they cope with the damage and disruption? *Children of Katrina* offers one of the only long-term, multiyear studies of young people following disaster. Sociologists Alice Fothergill and Lori Peek spent seven years after Hurricane Katrina interviewing and observing several hundred children and their family members, friends, neighbors, teachers, and other caregivers. In this book, they focus intimately on seven children between the ages of three and eighteen, selected because they exemplify the varied experiences

of the larger group. They find that children followed three different post-disaster trajectories—declining, finding equilibrium, and fluctuating—as they tried to regain stability. The children’s moving stories illuminate how a devastating disaster affects individual health and well-being, family situations, housing and neighborhood contexts, schooling, peer relationships, and extracurricular activities. This work also demonstrates how outcomes were often worse for children who were vulnerable and living in crisis before the storm. Fothergill and Peek clarify what kinds of assistance children need during emergency response and recovery periods, as well as the individual, familial, social, and structural factors that aid or hinder children in getting that support.

**The Big Book of King Cake** Matt Haines, 2021-12-14 I once ate more than eighty king cakes in a single Carnival, author Matt Haines proudly remembers, demonstrating his dedication to this delicious Mardi Gras tradition. So you can imagine how amazed I was to learn there has never been a coffee table book dedicated to king cakes! The Big Book of King Cake changes that, telling the thousands-year-old story through lush photography of more than one hundred and fifty unique king cakes, as well as stories from the diverse and talented bakers who make them. While king cakes are typically only available during Carnival season, readers can enjoy this book year-round. From the traditional cakes generations of New Orleanians have loved, to the unconventional creations that break all the rules, this book is your guide to the Crescent City's favorite baked good. The Big Book of King Cake is for anyone who loves food, history, sweets, culture, and of course, New Orleans.

**CelloMind** Hans Jørgen Jensen, Minna Rose Chung, 2017-11-03 CelloMind is a two-part pedagogical method book that focuses on intonation and left-hand cello technique. The coauthors of the book are Hans Jørgen Jensen, Professor of cello at the Bienen School of Music at Northwestern University and Minna Rose Chung, Associate Professor of Cello at the Desautels Faculty of Music at

the University of Manitoba. Part I: Intonation. The mystery of intonation is revealed by defining and explaining the scientific principles that govern it. To know and understand how to combine the three primary intonation systems has never before been expounded in a methodology publication--and for good reason. Playing with exquisite intonation has mostly been reserved for those who possess a strong intuitive sense; however, CelloMind breaks down this taboo using a systematic approach with a highly attuned manner. The three systems of intonation that string players most commonly use today--equal temperament, just intonation, and Pythagorean tuning--are each explored and explained in great detail. All chapters in the book include many practical samples and listening exercises that bridge the gap between the theory and its application. The chapters on intonation conclude with practical examples from the following repertoire: Intonation Performance Practice in the Bach Solo Cello Suites and Intonation Performance Practice with Piano. Part II: Left-Hand Technique. The left-hand technique chapters in this section complement the study of intonation by providing a solid foundation of skills for essential cello playing. The topics and exercises have been selected to cover a wide range of technical skills that include playing with a light left-hand touch, speed, coordination, balanced vibrato, agility, finger independence, and efficient shifting. Original exercises developed for students over many years have also been incorporated into these chapters, as well as studies from Julius Klengel, Bernhard Cossmann, Louis R. Feuillard, Jean-Louis Duport, Yakov Rosenthal, and Fritz Albert Christian Rudinger.

Dangerous Mediations Áine Mangaoang, 2019-08-22 In 2007, an unlikely troupe of 1500 Filipino prisoners became Internet celebrities after their YouTube video of Michael Jackson's groundbreaking hit 'Thriller' went viral. Taking this spectacular dance as a point of departure, Dangerous Mediations explores the disquieting development of prisoners performing punishment to a global, online audience. Combining analysis of this YouTube video with first-hand experiences from fieldwork in the Philippine prison, Áine Mangaoang investigates a wide range of interlocking contexts surrounding this user-generated text to reveal how places of

punishment can be transformed into spaces of spectacular entertainment, leisure, and penal tourism. In the post-YouTube era, *Dangerous Mediations* sounds the call for close readings of music videos produced outside of the corporate culture industries. By connecting historical discussions on postcolonialism, surveillance and prison philosophy with contemporary scholarship on popular music, participatory culture and new media, *Dangerous Mediations* is the first book to ask critical questions about the politics of pop music and audiovisual mediation in early 21st-century detention centres.
