30 of the Weirdest YouTube Videos Jack Goldstein, 2017-06-01 YouTube is one website that can truly be considered a 'game-changer'. Before now, the only people you saw on your screen were the professionals, people paid to say their piece to camera. Then one day everything changed - ANYONE could record a video and share it with the rest of the world. As this model no longer relied on viewing figures, the variety of content available increased exponentially, with people all over the planet filming whatever it was that pleased them, rather than the advertisers. There are some amazing videos to see, the best of which could easily be considered the Citizen Kanes of the 21st century. Then there are those videos which you reach at the end of a click marathon, and even though you don't know why you're still watching, you can't bring yourself to look away. This collection presents you with thirty videos that sit firmly in both categories: the cream of the crop of the weirdest videos on YouTube. Be warned, though... once you have seen these clips, you can never un-see them. They will remain imprinted on your consciousness for evermore, fodder for your strangest dreams and your worst nightmares. Dare you watch them? A link is provided to each video within the list, so you'll need an online connection and a device capable of playing video to make best use of this book.
