*Sports Cardiology Casebook* Antonio Pelliccia,2009-07-21 Comparatively little is known about the risk of sudden death associated with exercise in young competitive athletes, and whether the benefits of sports activity outweigh the hazards of exercise-related fatal events is a clinical dilemma. This is only a small part of the story, however, as there are considerable effects of exercise whether it be at a competitive level or on a 'leisure' level on patients of all ages. This in itself is of massive importance to the cardiac patient population as exercise is a key component of effective recovery and recommended as central in the prevention of much cardiac disease.

*The Desktop Aquarium* Running Press,2010-06-15 This larger version of the bestselling Mini Kit includes four fish, more gravel, a decorative plant, four colorful clings to change the backdrop of your aquarium, and a magnetic wand that allows you to move the fish around. The 32-page book provides all the info you need to maintain your tank, offers decorating suggestions, and explains the different types of fish one might encounter in an aquarium.

Public Relations: The Basics Ron Smith,2013-08-15 *Public Relations: The Basics* is a highly readable introduction to one of the most exciting and fast-paced media industries. Both the practice and profession of public relations are explored and the focus is on those issues which will be most relevant to those new to the field: The four key phases of public relations campaigns: research, strategy, tactics and evaluation. History and evolution of public relations. Basic concepts of the profession: ethics, professionalism and theoretical underpinnings. Contemporary international case studies are woven throughout the text ensuring that the book is relevant to a global audience. It also features a glossary and an appendix on first steps towards a career in public relations making this the book the ideal starting point for anyone new to the study of public relations.

**GUI Design** Shan ben tu shu,2015 As technology has rapidly advanced, so too has the way we use and interact with it. Gone are the days of flat black backgrounds dotted with blocky green text; now, users expect a massive range of colors, layouts, and fonts to be used to entertain and assist them in their daily lives. *GUI Design* assembles the best of recent graphic user interface for a collection that provides practical encouragement for those new to the world as well as inspiration for experienced designers. The book gathers Twitters Vine video creation app for Windows phones, the vulgar-yetamusing Authentic Weather app, an application designed to help tourists follow the physical and ideological path of the Iron Curtain, and more to showcase programs that balance information flow with user experiences and highlight the creativity, inspiration, and expressive techniques used in their design. The projects within demonstrate the increasingly significant role of user interfaces in both design and our everyday lives in the modern world.

Daily Fire Devotional Reinhard Bonnke,2015-09-01 "If you abide in Me, and My words abide in you, you will ask what you desire, and it shall be done for you." –John 15:7 There is no greater challenge, no greater call, no greater personal instruction than to read God's Word and let it abide in your life—imprinting it on the pages of your heart and mind. Walking daily in the power of His Word will make a permanent impact on your faith, your emotions, and your destiny. *Daily Fire Devotional* is a collection of dynamic devotionals from the powerful writings of evangelist Reinhard Bonnke. With its simple, convenient, easy-to-read format, you can take this book anywhere and plunge in at any point, choosing to read specific indexed selections focused on a particular topic or to read it chronologically as your personal daily Bible reading program. Much more than a daily devotional, this book will to give you a passion for lost souls and motivate you to be a soulwinner. Features a brief, daily motivational message; a Scripture verse for the day; related Bible passages; a "Daily Fire" encouragement to carry you through the day; and a verse plan to help you read through the entire Bible in one year.

**Living a Life of Fire** Reinhard Bonnke,2021-12-04 *Living a Life of Fire* is more than simple facts about an evangelist's life, it is filled with adventures from the heart of Africa, real-life dramatic stories of people and places that will leave you on the edge of your seat, and powerful demonstrations of the Holy Spirit working in the here and now. An autobiography of the life of one of God's generals that has left a legacy that is still impacting

nations today.

**Focus On Wood Joints** ,2004

*Environmental Justice and Sustainability in the Former Soviet Union* Julian Agyeman, Yelena Ogneva-Himmelberger, 2009 An examination of the awareness of environmental and social justice issues in the former Soviet republics--from the Western-style democracies of the Baltic region to the totalitarian regimes of Central Asia--and the resulting activism in those states. The legacy of environmental catastrophe in the states of the former Soviet Union includes desertification, pollution, and the toxic aftermath of industrial accidents, the most notorious of which was the Chernobyl disaster of 1986. This book examines the development of environmental activism in Russia and the former Soviet republics in response to these problems and its effect on policy and planning. It also shows that because of increasing economic, ethnic, and social inequality in the former Soviet states, debates over environmental justice are beginning to come to the fore. The book explores the varying environmental, social, political, and economic circumstances of these countries--which range from the Western-style democracies of the Baltic states to the totalitarian regimes of Central Asia--and how they affect the ecological, environmental, and public health. Among the topics covered are environmentalism in Russia (including the progressive nature of its laws on environmental protection, which are undermined by overburdened and underpaid law enforcement); the effect of oil wealth on Azerbaijan and Kazakhstan; the role of nationalism in Latvian environmentalism; the struggle of Russia's indigenous peoples for environmental justice; public participation in Estonia's environmental movement; and lack of access to natural capital in Tajikistan. *Environmental Justice and Sustainability in the Former Soviet Union* makes clear that although fragile transition economies, varying degrees of democratization, and a focus on national security can stymie progress toward just sustainability, the diverse states of the former Soviet Union are making some progress toward green and environmental justice issues separately.

*Through the Open Door* Kevin Hogan, Mary Lee LaBay, 2012-06-07 This should be a high-priority purchase.--Library Journal In a radical departure from other self-hypnosis and self-improvement books, internationally known hypnotherapists Kevin Hogan and Mary Lee LaBay contend that you can make lasting changes in your life by following simple, step-by-step blueprints for achievement, personal mastery, and emotional control. The authors share expertise gathered from a lifetime of research and successful therapeutic work to teach you how to improve IQ and memory, raise self-esteem, eliminate fear, control pain, and build lasting self-confidence.

**Miracles and Other Realities** Lee Pulos, Gary Richman, 2021-02-23 Once in a generation, a person of extraordinary psychic powers comes along. *Miracles and Other Realities* tells the true story of Thomaz Green Morton, a gifted psychic from the Minas Gerais region of Brazil. Originally published in 1990 and now rereleased for a modern audience, *Miracles and Other Realities* recounts the fascinating story of Thomaz Green Morton and his powerful psychic abilities. This book will turn the heads of scientists, whose traditional acceptance of reality has been limited to that which can be measured objectively, and will introduce to a wider audience the power of mind over matter. Thomaz's story begins when he is struck by lightning on his twelfth birthday. This electrical insult to his body detonated a dazzling range of paranormal abilities. (Severe electric shock is, incidentally, common to the childhood experience of every major psychic.) Thomaz has since been called the most powerful psychic in the world. Driven by his mind to the farther reaches of reality to produce psychic phenomena such as metal-bending, spiritual healing, and transmutations of matter, Thomaz's feats are well-documented by the authors. The story is all the more captivating because Thomaz is graced with a childlike emotional temperament, making him intent on living life to its fullest. Coauthors Lee Pulos and Gary Richman explore through Thomaz the ways in which magic, or miracles, challenges the conventional view of reality, thereby shaking up rational belief systems that inhibit the experience of new realms of possibility. Readers will find Thomaz's story compelling, not only as a real-life example of human potential but as a metaphor for unleashing other realities and levels of consciousness to tap into the potential within themselves.

**Get Paid More and Promoted Faster** Brian Tracy, 2001-07-31 Bestselling author Brian Tracy reveals how, no matter what your current job, you can apply the secrets and strategies used by the highest paid people in our society to make yourself more valuable, maximize your strengths, and become virtually indispensable to your company. *Get Paid More and Promoted Faster* is not a book on office politics.
