**Children with Special Needs ,1999** Over the years many Navy families have used the 1987 edition of Children with Special Needs: A Navy Parent Handbook. Parents have referred to it as the peach book because of the color of its cover. This new Handbook has been written to update the peach book with changes in the laws and regulations governing special education, and with new program and opportunities for Navy families. It is written with the hope that you will find help for your very special family navigating through both the Navy world and the civilian world. Whether your Navy family is one that moves from base to base, or is one that is homesteaded and stays for a long time in a given place, you will find that the more you work to develop a good support system, the better life will be for yourself and your child. The Navy Family Service Center and the Exceptional Family Member Program, in most places, offer classes and groups in which you' can often find other families facing some of the same challenges you are working on. In addition, when you work as a partner with the people who are providing services to you and your child, you will add to your support group.
