**100 Quotes on Life** Filip Svensson, 2017-12-13 Are you living a life that feels like yours? Because this book is about precisely that. You, living a life that is truly you. And nothing else. And you may think that a simple quote will not change anything (and you may be right) but you see these are not just quotes. These are 100 profound observations on

what life really is and on how to carve your own path out of this clay of existence. Along with 100 motivating thoughts from the author (a double degree overthinker turned life-chasing entrepreneur with words published on TED.com) intuitively ordered through the following chapters: A Little Spark of Madness These are About You (yes, you!) This Whole Life-Thing Sometimes You Struggle Life Is To Be Lived And Now You Go But the thing with life is that just waiting around for it to happen is the best way to make sure that it never does. You have to go and get it. You have to take the initiative. Like all the amazing people quoted in this book, from Napoleon Hill to J.K. Rowling, from Tim Ferriss to William Shakespeare - they all had that moment in their lives when they thought, This is it, I'm going for it! And they took action. They didn't wait because they knew that a spark of motivation can disappear in an instant - and the new path in life along with it. And because they took action they all got to live the way they wanted to. Their dreams, if you will. And you can, too! Imagine waking up one morning, rubbing the sleep out of your eyes and feeling all warm inside. At peace. And then realizing that it is because despite everything, you managed to turn things around. You managed to find that unique little spark inside of you that said That's it! I know what I want! And because you acted on that spark - in that moment - you are now living the way you want to. A life that feels like you. Don't wait. Scroll up, buy this book and get in the company of some truly amazing people and start chasing your life today!

*It's Not Over Until You Win* Les Brown, 1998-01-08 A step-by-step plan offers examples and exercises on how to determine and live by a set of values, experiment with failure as a formula for success, and take life beyond set limits.
